**ABSTRACT**

Before the author writes down the problem of whether it is true that the spirit of Allah that comes out of the body of a deceased human, only contains a small portion of the atoms in the body of the deceased human, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret about whether it is true that the spirit of Allah that comes out of the human body that dies, only contains a small part of the atoms in the body of the deceased human, based on Deoxyribonucleic acid (DNA)

There are several verses that become Allah's secret unlocking tool about whether it is true that Allah's spirit that comes out of the human body that dies, only contains a small part of the atoms that are in the body of the deceased human, namely the following verses:

*"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hizr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And Mary, who has kept her honor, then We breathed into her a spirit from Us and We made her and her child a great sign for the worlds. (Al Anbiyaa ': 21: 91)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill and let them believe in Me, so that they will always be in truth.(Al Baqarah: 2:186)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)*

*"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)*

*"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

*"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)*

*"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)*

*"Indeed, We have adorned the skys near the stars, and We have made the stars casters of the devil, and We have prepared for them the torment of a fiery hell. (Al Mulk: 67: 5)*

*"And We did not create the skys and the earth and everything between them by playing around (Al Anbiyaa': 21:16)*

*"So He made it seven heavens in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)*

*"So he put a veil from them; then We sent our spirit to him, and he appeared before him a perfect human being. (Maryam: 19:17)*

*"And there are jelly-eyed angels, (Al Waaqi'ah: 56: 22)*

*"Indeed We created them directly (Al Waaqi'ah: 56: 35)*

*"It is He Who created the skys and the earth in six days: Then He resides on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)*

*"Allah created the skys and the earth with rights. Verily in that are the signs of Allah's power for the believers (Al 'Ankabuut: 29: 44)*

*"And if We wish, We have indeed made in your place on earth angels that have been passed down from generation to generation. (Az Zukhruf: 43:60)*

*And the inhabitants of Paradise will cry out to the inhabitants of Hell: "Indeed, we have actually obtained what our Lord promised us. So have you actually obtained what your Lord promised?" They replied: "That's right." Then a caller announced between the two groups: "The curse of Allah is upon the wrongdoers, (Al A'raaf: 7:7) 44)*

*"In Paradise there are many fruits for you, some of which you eat. (Az Zukhruf: 43: 73)*

*"Indeed those who believe and do righteous deeds, their Lord guides them because of their faith, beneath them rivers flow in a paradise full of pleasure. (Yunus: 10: 9)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

In an effort to open the veil of Allah's secret about whether it is true that the spirit of Allah that comes out of the human body that dies, only contains a small part of the atoms in the human body that died, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here the author proposes the hypothesis that the spirit of Allah that comes out of the body of a deceased human, contains a small portion of the atoms in the body of the deceased human, because most of the atoms will be reused for the creation of new creatures, based on Deoxyribonucleic acid (Deoxyribonucleic acid). DNA)

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## **DEOXYRIBONUCLIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

**IT TURNS OUT THAT ALLAH'S SPIRIT THAT COMES OUT OF THE DEATH HUMAN BODY CONTAINS ONLY A NETWORK OF ATOMS THAT ESTABLISH THE CEL TO BE USED AS A TOOL OF COMMUNICATION WITH OTHER ALLAH'S SPIRIT THAT IS IN PARADISE OR IN HELL**

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: "... *the jelly-eyed angels (Al Waaqi'ah: 56: 22)*"... *We created them directly (Al Waaqi' ah: 56: 35)*"...*the inhabitants of heaven cry out to the dwellers of hell...(Al A'raaf: 7:44)*"*In heaven there is a lot of fruit for you, some of which you eat. (Az Zukhruf: 43: 73)* "... *in a heaven full of pleasure (Yunus: 10: 9)*

Apparently, Allah has described to humans, that Allah "...*created the angels directly (Al Waaqi'ah: 56: 35)* in paradise.

Now, the question arises, why did Allah "...*create nymphs directly (Al Waaqi'ah: 56: 35)* without a time process?

The answer is

Hidden in the secret behind the verse: "...*I breathed into him my spirit...(Shaad: 38: 72)*

Well, in paradise the living is "...*my spirit...(Shaad : 38: 72)* or "...*Allah's spirit...(Shaad : 38: 72)*

So, because in paradise "...*my spirit...(Shaad : 38: 72)* or "...*Allah's spirit...(Shaad : 38: 72)* consists of an arrangement of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atom, then Allah easily "... *created the nymphs directly (Al Waaqi'ah: 56: 35)*.

"...*my spirit...(Shaad : 38: 72)* or "...*Allah's spirit...(Shaad : 38: 72)* which has a network of atoms that make up the cell is used to communicate with "...*Allah's spirit...(Shaad : 38: 72)* others, either "...*Allah's spirit...(Shaad : 38: 72)* who is in paradise or who is in hell "...*the inhabitants of paradise cry out to the inhabitants of hell...(Al A'raaf: 7: 44)*

So, actually, "...*Allah's spirit...(Shaad : 38: 72)* does not require a large network of atoms to form a cell network, as the cell network in the human brain, which reaches **65 000000000** cell

"...*Allah's spirit...(Shaad : 38: 72)* in paradise does not require much use of the mind, everything is already available. Because it does not need to have a lot of cell network.

**WHAT ALLAH SAYS IN PARADISE THAT IS THE IMAGE FOR HUMANS STILL ALIVE IN THE WORLD, BUT IF YOU LOOK AT THE IMAGES OF THE INHABITANTS OF PARADISE, THESE ARE ALL IMAGES OF THE ATOMS WHICH MAKE THE CELL NETWORKS FOR COMMUNICATION TOOLS**

Now "... *in paradise full of pleasures (Yunus: 10: 9)* is a pleasure that never ends.

So, because "...*enjoyment (Yunus: 10: 9)* that never ends, there is no need to look for "...*enjoyment (Yunus: 10: 9)* that, everything is already available

Why are all "...*enjoyments (Yunus: 10:9)* already available?

Because life in heaven is only for "...*Allah's spirit...(Shaad: 38:72)* which has no body, like the human body that lives on earth.

In the world, humans consisting of **7 000000000 000000000 000000000** atoms make up the cells of the

body, while in paradise, the atoms in "*...Allah's spirit...(Shaad: 38:72)* only form cells which not to be a body.

So, because "*...Allah's spirit...(Shaad: 38:72)* does not have a body, then there is no impulse or desire for lust like humans who live in the world.

Therefore, in paradise "*...a pleasure (yusnus: 10:9)* that has no end. Whereas in the world, humans must seek pleasure.

Now, it has been revealed, "*...Allah's spirit...(Shaad: 38:72)* does not require many atoms to form a cell network, therefore, the atoms that come out of the human body that dies, are mostly reused by Allah to create a new creature.

## CONCLUSION

From what is described above, it can be concluded that the secrets contained behind the verses: "*...the jelly-eyed angels (Al Waaqi'ah: 56: 22)''... We created them directly (Al Waaqi' ah: 56: 35)''...the inhabitants of heaven cry out to the dwellers of hell...(Al A'raaf: 7:44)''In heaven there is a lot of fruit for you, some of which you eat. (Az Zukhruf: 43: 73) ''... in a heaven full of pleasure (Yunus: 10: 9)*

Apparently, Allah has described to humans, that Allah "*...created the angels directly (Al Waaqi'ah: 56: 35)* in paradise.

Now, the question arises, why did Allah "*...create nymphs directly (Al Waaqi'ah: 56: 35)* without a time process?

The answer is

Hidden in the secret behind the verse: "*...I breathed into him my spirit...(Shaad: 38: 72)*

Well, in paradise the living is "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)*

So, because in paradise "*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* consists of an arrangement of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atom, then Allah easily "*... created the nymphs directly (Al Waaqi'ah: 56: 35).*

"*...my spirit...(Shaad : 38: 72)* or "*...Allah's spirit...(Shaad : 38: 72)* which has a network of atoms that make up the cell is used to communicate with "*...Allah's spirit...(Shaad : 38: 72)* others, either "*...Allah's spirit...(Shaad : 38: 72)* who is in paradise or who is in hell "*...the inhabitants of paradise cry out to the inhabitants of hell...(Al A'raaf: 7: 44)*

So, actually, "*...Allah's spirit...(Shaad : 38: 72)* does not require a large network of atoms to form a cell network, as the cell network in the human brain, which reaches **65 000000000** cell

"*...Allah's spirit...(Shaad : 38: 72)* in paradise does not require much use of the mind, everything is already available. Because it does not need to have a lot of cell network.

Now "*... in paradise full of pleasures (Yunus: 10: 9)* is a pleasure that never ends.

So, because "*...enjoyment (Yunus: 10: 9)* that never ends, there is no need to look for "*...enjoyment (Yunus: 10: 9)* that, everything is already available

Why are all "*...enjoyments (Yunus: 10:9)* already available?

Because life in heaven is only for "...Allah's spirit...(Shaad: 38:72) which has no body, like the human body that lives on earth.

In the world, humans consisting of 7 000000000 000000000 000000000 atoms make up the cells of the body, while in paradise, the atoms in "...Allah's spirit...(Shaad: 38:72) only form cells which not to be a body.

So, because "...Allah's spirit...(Shaad: 38:72) does not have a body, then there is no impulse or desire for lust like humans who live in the world.

Therefore, in paradise "...a pleasure (yusnus: 10:9) that has no end. Whereas in the world, humans must seek pleasure.

Now, it has been revealed, "...Allah's spirit...(Shaad: 38:72) does not require many atoms to form a cell network, therefore, the atoms that come out of the human body that dies, are mostly reused by Allah to create a new creature.
