ABSTRACT

Before the author writes about is it true that men marry nymph in paradise, even though the men and nymph who live in paradise are in spirit form, which are formed with hydrogen atom, carbon atom, nitrogen atom, oxygen atom, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of is it true that men marry nymph in paradise, even though the men and nymph who live in paradise are in spirit form, which are formed with hydrogen atom, carbon atom, nitrogen atom, oxygen atom, based on Deoxyribonucleic acid (DNA)

There are several verses that reveal Allah's secret about is it true that men marry nymph in paradise, even though the men and nymph who live in paradise are in spirit form, which are formed with hydrogen atom, carbon atom, nitrogen atom, oxygen atom, namely the following verses:

"So when I have perfected the existence of Adam, and have breathed into Adam My spirit, then you will bow to Adam by prostrating (Al Hijr: 15: 29).

"And there are jelly-eyed nymphs, (Al Waaqi'ah: 56: 22).

"Indeed We created them directly (Al Waaqi'ah: 56: 35).

"They reclined on couches in a row and We married them to beautiful fair-eyed nymphs. (Ath Thuur: 52:20).

In an effort to open the veil of Allah's secret about is it true that men marry nymph in paradise, even though the men and nymph who live in paradise are in spirit form, which are formed with hydrogen atom, carbon atom, nitrogen atom, oxygen atom, the author uses the basis of deoxyribonucleic acid.

HYPOTHESIS

Here the author proposes hypothesis is it true that men marry nymph in paradise, even though the men and nymph who live in paradise are in spirit form, which are formed with hydrogen atom, carbon atom, nitrogen atom, oxygen atom, based on Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with

gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

IS IT TRUE THAT MEN MARRY NYMPH IN PARADISE, EVEN THOUGH THE MEN AND NYMPH WHO LIVE IN PARADISE ARE IN SPIRIT FORM, WHICH ARE FORMED WITH HYDROGEN ATOM, CARBON ATOM, NITROGEN ATOM, OXYGEN ATOM

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: "*... the jelly-eyed nymphs (Al Waaqi'ah: 56: 22)*"... *We created them directly (Al Waaqi' ah : 56: 35)*"... *We married them to beautiful nymphs with sharp eyes (Ath Thuur: 52:20)*.

Apparently, Allah has declared "*... We married them to beautiful nymphs with sharp eyes (Ath Thuur: 52: 20)*"... *We created nymphs directly (Al Waaqi'ah: 56: 35)*.

So, now the question arises,

How did Allah marry a male resident of paradise with a nymph who was "*...created... directly*" (*Al Waaqi'ah: 56: 35*)?

The answer is in the secret behind the verse: "*...I...breathed into Adam My spirit...(Al Hijr: 15: 29)*.

Well, actually "*...my spirit...(Al Hijr: 15: 29)* or "*...Allah's spirit...(Al Hijr: 15: 29)* which is in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen in the form of a man, a resident of paradise, and in the form of a "*...nymph...(Al Waaqi'ah: 56: 22)*.

So, because in paradise it is very necessary for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms to survive in paradise, then Allah "*...created nymphs directly(Al Waaqi'ah: 56: 35)* from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Now, by marrying a man, a resident of paradise, who is "*...my spirit...(Al Hijr: 15: 29)* or "*...Allah's spirit... (Al Hijr: 15: 29)*with a "*...nymph...(Al Waaqi'ah : 56: 22)* who was "*...created... directly (Al Waaqi'ah : 56: 35)* from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then the need for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms for survival in paradise is met.

Well, this is the real secret behind the verse: "*...We married them to beautiful nymphs with sharp eyes*

(*Ath Thuur: 52:20*) namely, the need for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms for survival in paradise fulfilled. Paradise and all the inhabitants of paradise in the form of *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)* will live to the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years.

Without hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, paradise would not exist, paradise would die.

So, in fact, Allah declared *"they reclined on row-by-line couches and We married them to beautiful, jelly-eyed nymphs. (Ath Thuur: 52:20)* refers to the gathering of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms for survival in paradise.

CONCLUSION

From what is described above, it can be concluded that the secrets contained behind the verses: *"... the jelly-eyed nymphs (Al Waaqi'ah: 56: 22)"... We created them directly (Al Waaqi' ah : 56: 35)"... We married them to beautiful nymphs with sharp eyes (Ath Thuur: 52:20).*

Apparently, Allah has declared *"... We married them to beautiful nymphs with sharp eyes (Ath Thuur: 52: 20)"... We created nymphs directly (Al Waaqi'ah: 56: 35).*

So, now the question arises,

How did Allah marry a male resident of paradise with a nymph who was *"...created... directly" (Al Waaqi'ah: 56: 35)?*

The answer is in the secret behind the verse: *"...I...breathed into Adam My spirit...(Al Hijr: 15: 29).*

Well, actually *"...my spirit...(Al Hijr: 15: 29)* or *"...Allah's spirit...(Al Hijr: 15: 29)* which is in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen in the form of a man, a resident of paradise, and in the form of a *"...nymph...(Al Waaqi'ah: 56: 22).*

So, because in paradise it is very necessary for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms to survive in paradise, then Allah *"...created nymphs directly(Al Waaqi'ah: 56: 35)* from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Now, by marrying a man, a resident of paradise, who is *"...my spirit...(Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)*with a *"...nymph...(Al Waaqi'ah : 56: 22)* who was *"...created... directly (Al Waaqi'ah : 56: 35)* from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then the need for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms for survival in paradise is met.

Well, this is the real secret behind the verse: *"...We married them to beautiful nymphs with sharp eyes (Ath Thuur: 52:20)* namely, the need for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms for survival in paradise fulfilled. Paradise and all the inhabitants of paradise in the form of *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)* will live to the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years.

Without hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, paradise would not exist, paradise would die.

So, in fact, Allah declared "*they reclined on row-by-line couches and We married them to beautiful, jelly-eyed nymphs.* (*Ath Thuur: 52:20*) refers to the gathering of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms for survival in paradise.
