ABSTRACT

First of all, by asking forgiveness from Allah SWT, here I try to reveal the signs of Allah SWT about whether the devil and the satan are the incarnation of human thoughts and behavior, because devils and satans do not exist in hell, based on photons, quarks and the molecular structure of nucleic acids. or deoxyribonucleic acid (DNA)

In the Qur'an, several verses are found which are the key to unlocking the secret, is it true that the devil and the satan are the incarnation of human thoughts and behavior, because the devil and the satan do not exist in hell, namely the verses:

"O congregation of jinn and humans, if you are able to penetrate the corners of the heavens and the earth, then cross it, you cannot penetrate it except with knowledge (Ar Rahmaan: 55: 33)

"We will pay full attention to you, O humans and jinn. (Ar Rahmaan: 55: 31)

"Say: "It has been revealed to you that you have heard a group of jinn, then they say: Verily, we have heard a wonderful Qur'an, (Al-Jin: 72:1)

"And that when the servant of Allah stood worshiping Him, the jinn were almost forced to swarm around him. (Al Jin: 72: 19)

"The angels answered: "Glory be to You. You are our protector, not them; even they have worshiped the jinn; most of them believe in the jinn." (Saba': 34: 41)

"And that there are some men among mankind asking for protection from some men among the jinn, then the jinn add to their sins and faults. (Al Jin: 72: 6)

"And when We confronted you with a group of jinn who listened to the Qur'an, then when they attended the recitation they said: "Be quiet." When the recitation was finished they returned to their people giving a warning. (Al Ahqaaf: 46: 29)

"And verily among us there are those who are pious and among us there are those who are not. We are taking different paths. (Al Jin: 72:11)

"And verily among us are those who obey and there are those who deviate from the truth. Whoever is obedient, then they have indeed chosen the straight path. (Al Jin: 72:14)

"... the devil. He is from the jinn group... (Al Kahf: 18: 50)

"And He created the jinn from a flame of fire. (Ar Rahmaan: 55:-:15)

"And We created the jinn before from a very hot fire. (Al Hijr: 15: 27)

"They were never touched by humans before them, nor by jinn. (Ar Rahmaan: 55: 74)

"And verily We have created man from dry clay from black mud which was given shape. (Al Hijr: 15: 26)

"And we used to be able to occupy several places in the sky to listen. But now whoever listens will certainly find fire arrows lurking. (Al Jin: 72: 9)

"O group of jinn and humans, have there not come to you messengers from your own class, who conveyed to you My Signs and warned you against your meeting with this day? They said: "We are witnesses against ourselves", the life of this world have deceived them, and they bear witness against themselves that they are disbelievers (Al An'aam: 6: 130)

"And if We had willed, We would have given every soul guidance, but the word has remained from Me: "Indeed, I will fill the Hell with jinns and humans together." (As Sajdah: 32:13)

"And He taught Adam all the names, then presented them to the angels and said: "Name me the names of these things if you are true, those who are true!" (Al Baqarah: 2:31)

"Who has created the seven heavens in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And We have made on this earth solid mountains so that the earth may not be shaken with them, and We have made wide roads on the earth so that they may be guided. (Al Anbiyaa ': 21: 31)

"And you see the mountains, you think they stay where they are, even though they walk like the way of the clouds. It is Allah's deed that firmly establishes everything; verily Allah is Knowing of what you do. (An Naml: 27: 88))

Allah said: "What prevented you from prostrating when I commanded you?" The devil replied "I am better than him: You created me from fire while You created him from clay." (Al A'raaf: 7:12)

"Said the devil: "O my Lord, then give me respite until the day of resurrection (Al Hijr: 15: 36)

"And indeed the devil has proven the truth of his suspicions against them and they followed him, except for some of the believers. (Saba': 34:20)

"And there is no power of the devil over them, but only that We may distinguish those who believe in the existence of the Hereafter from those who doubt about it. And your Lord is the Preserver of all things. (Saba': 34:21)

Allah said: "Enter all of you into hell with the jinn and humans who went before you. Every time a people enter, he curses his friend; so that when they all enter say those who enter later among them say to those who entered earlier: "Our Lord, they have led us astray, so bring upon them a double torment from hell." Allah said: "Each one gets a double, but you do not know." (Al A'raaf : 7:38)

"And assembled for Solomon his army of jinn, humans and birds and then they were arranged in an orderly manner. (An Naml: 27:17)

In an effort to open the veil, is it true that devils and satans are the incarnation of human thoughts and behavior, because devils and satans do not exist in hell, I based on photons, quarks and deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESES

Here I propose the hypothesis that the devil and the satan are incarnations of human thoughts and behavior, positive human thoughts and behavior, negative human thoughts and behavior, therefore devils and satans do not exist in hell, from the point of view of photons, quarks and

deoxyribonucleic acid (DNA).)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PEOPLE LIVE IN BALANCE IN THE WORLD BECAUSE THERE ARE POSITIVE HUMANS AND NEGATIVE HUMANS

Now, we are still trying to focus our minds to reveal the secrets that are stored in the verse: *"... You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that unbalanced? (Al Mulk: 67: 3)*

It turns out, whatever is created by Allah, everything is *"...balanced (Al Mulk: 67: 3)*

Why are all of Allah's creations *"...balanced (Al Mulk: 67: 3)?*

The answer is,

It is hidden in the secret behind the verse: *"... Allah is the One who made firmly every thing... (An Naml: 27: 88)*

Well, because *"... is balanced (Al Mulk: 67: 3)*, then be *"...sturdy every thing... (An Naml: 27: 88)*

Likewise with humans, so that humans are *"...balanced (Al Mulk: 67: 3)*, then positive human thoughts and behavior appear on the right side, negative human thoughts and behavior on the left.

With thoughts, positive human behavior and thoughts, negative human behavior, humans become *"...balanced (Al Mulk: 67: 3)*

Now, the most important and main thing in a balanced human life is negative thoughts, human behavior.

Now the question arises,

Where do negative thoughts, human behavior come from?

The answer is

Hidden in the secret behind the verse: *"...the devil's power is not over them, but only so that We can distinguish those who believe in the existence of the Hereafter from those who doubt about it... (Saba': 34: 21)*

Apparently, here Allah has declared that with the existence of the devil and also the devil, because the devil and the satan are the same, built with hydrogen atoms and oxygen atoms, so that Allah "... *can distinguish those who believe in the existence of the hereafter from those who doubt -doubt about it...* (Saba': 34:21)

Or in other words, "...*the devil...*(Saba': 34:21) and the satan are negative human thoughts and behaviors.

So, actually, the devil and the satan are manifestations of negative human thoughts and behavior

Why are demons and devils the incarnation of negative human thoughts and behavior?

The answer is

It is hidden in a secret behind the verse: "*The devil said: "O my Lord, then give me respite until the day of resurrection (Al Hijr: 15: 36)" Allah says: "Enter all of you into hell with the jinn and humans who have gone before before you...(Al A'raaf : 7:38)*

It turns out that here Allah has explained that the devil and the satan exist until the Day of Resurrection and that those who were put into hell from the first were only "...*jinn and humans...*(Al A'raaf: 7: 38)

So, actually, the devil and the satan are incarnations of negative human thoughts and behavior so that humans live "... *in balance (Al Mulk: 67: 3)* and so that Allah "... *can distinguish who believes in the existence of the hereafter from who doubts about it...*(Saba': 34:21)

WHY THE DEVIL AND THE SATAN ARE INCARNATIONS OF NEGATIVE HUMAN THINKING AND BEHAVIOR

Now, let's uncover the secret hidden behind the verse: "*Answering the devil I am better than him... You created me from fire while you created him from clay.*" (Al A'raaf: 7:12)

It turns out, here it was revealed, that the devil and the satan is a building of hydrogen atoms and oxygen atoms. Because hydrogen atoms are the fuel in the stars and sun, oxygen atoms are atoms that easily oxidize with other atoms, such as hydrogen atoms, to form water, and hydrogen atoms are combustible.

So, actually, the hydrogen atoms and oxygen atoms that make up the devil's body are also the building blocks of the human body, because the human body is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

Or in other words, the devil and the satan, because the devil and the satan are the same, built with hydrogen atoms and oxygen atoms, are incarnations of negative human thoughts and behavior.

Now it has been revealed, the secret that is hidden behind the verse: "...*the devil's power is not over them, but only so that We can distinguish those who believe in the existence of the hereafter from those who doubt about it...* (Saba': 34 : 21)

That is, with the existence of devils and satans who are the incarnation of negative human thoughts and behavior, then Allah "...*can distinguish who believes in the existence of the hereafter from those who have doubts about it...*(Saba': 34: 21)

CONCLUSION

Based on the description above, we can conclude that the secrets that are stored in the verse: *"... You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that unbalanced? (Al Mulk: 67: 3)*

It turns out, whatever is created by Allah, everything is *"...balanced (Al Mulk: 67: 3)*
