## ABSTRACT

First of all, by asking forgiveness from Allah SWT here the author tries to reveal the signs of Allah SWT's greatness regarding whether it is true, most of the people in the world believe that humans die, come back to life with a body consisting of bone, flesh and blood, based on photons, quarks. and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA)

In the Qur'an there is a verse that is the key to unlocking the secret of whether it is true, most of the people in the world believe that humans die, come back to life with a body consisting of bone, flesh and blood, namely the verses:

*And when Ibrahim said: "O my Lord, show me how You bring the dead to life." Allah said: "Are you not convinced yet?" Ibrahim replied: "I have convinced him, but so that my heart remains steady Allah said: "Take four (Allah says): "Then put on each hill one part of it, then call them, surely they will come to you immediately." And know that Allah is Mighty, All-Powerful. Wise.(Al Baqarah: 2:260)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"O mankind, if you are in doubt about the resurrection, then verily We have created you from clay, then from a drop of semen, then from a clot of blood, then from a lump of flesh which is perfect and imperfect, so that We may explain it to you and determine in the womb, what We will until a predetermined time, then We bring you out as babies, then you come to maturity, and some of you are passed away and some of you are extended to the point of senility, so that he will no longer know anything that is wrong. he knew before. And you see the earth is dry, then when We send down water on it, the earth lives and is fertile and grows all kinds of beautiful plants. (Al Hajj: 22: 5)*

*"Then do you think that We created you in a playful way, and that you will not be returned to Us? (Al Mu'minun: 23:115)*

*"And We did not create the skys and the earth and everything between them by playing around. (Al Anbiyaa ': 21:16)*

*"He brings out the living from the dead and brings out the dead from the living and gives life to the earth after its death. And in this way you will be brought out (Ar Ruum: 30: 19)*

*"And Mary, who has kept her honor, then We breathed into her a spirit from Us and We made her and her child a great sign (of Allah's power) for the worlds. (Al Anbiyaa ': 21: 91)*

In an effort to open the veil about whether it is true, most of the people in the world believe that humans die, come back to life with a body consisting of bone, flesh and blood, the authors base on photons, quarks and deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here the author proposes the hypothesis that Allah brings the dead to life with the release of "*... my spirit... (Al Hijr: 15: 29)*" or "*...Allah's spirit... (Al Hijr: 15: 29)*" which is built by oxygen atoms, hydrogen atoms, nitrogen atoms, carbon atoms from corpses, based on photons, quarks and Deoxyribonucleic acid (DNA)

## **DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

As for if we want to know quarks, then we look at one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## **IS IT TRUE, MOST OF HUMANS IN THE WORLD BELIEVE HUMANS DIE, LIFE AGAIN WITH A BODY CONSISTED OF BONE, FLESH AND BLOOD**

Now, we are still focusing our minds on uncovering the secret behind the verses: "*...I...have breathed into it my spirit...(Al Hijr: 15:29)"...Ibrahim said: "O my Lord, , show me how You bring the dead to life"...* (Al Baqarah: 2: 260) "*... We did not create the skys and the earth and everything between them by playing around (Al Anbiyaa ': 21: 16)*

Apparently, here Allah has declared "*...Ibrahim said: "My Lord, show me how You bring the dead to life"...*(Al Baqarah: 2: 260)

Now the question arises,

Why did Allah declare a question from Prophet Abraham about how Allah "*...brings to life the dead"...*(Al Baqarah: 2:260), never before have any other Prophets directly asked Allah about how Allah "*.. .bringing the dead"...*(Al Baqarah: 2:260)?

The answer is hidden in the secret behind the verse "*... do you think that We created you in a playful way... (Al Mu'minuun: 23: 115)*

Well, it turns out that anything that concerns humans and that is in the skys and the earth, everything follows the law of Allah or the law of nature.

Now, how does the law of Allah or the law of nature apply in the seven skys, here Allah declares ***"O mankind... verily We have created you from clay, then from a drop of semen, then from a clot of blood, then from a lump of flesh which is perfect and which is not. perfect, that We may explain to you and determine in the womb what We will until the appointed time, then We bring you out as babies... (Al Hajj: 22: 5)***

Apparently, in the creation of man, Allah has determined the law, namely man is created from clay, a drop of semen, a clot of blood, is placed in the womb and then expelled as a corpse.

Well, this is human creation, following the path of Allah's law or also called natural law.

Now, how does Allah prove about bringing the dead to life on the question of Prophet Ibrahim ***"... My Lord, show me how You bring the dead to life."... (Al Baqarah: 2: 260)***

It turns out that here Prophet Ibrahim wanted to know, whether Allah's law which became natural law applies to ***"...to bring the dead to life."... (Al Baqarah: 2: 260)***

Of course here, Allah immediately reveals the true secret of Allah, how Allah ***"... brings to life the dead."... (Al Baqarah: 2: 260)***

The trick, ***"take four birds, then chop them all up by you." Then put on each hill one part of the parts, then call them, surely they will come to you immediately ... (Al Baqarah: 2: 260 )***

Now, the question arises,

Why did Allah order four birds to be chopped, then the birds that had been chopped were placed on each hill?

The answer is

It is hidden in the secret behind the verse: ***"He brings out the living from the dead and brings out the dead from the living and gives life to the earth after its death. And that is how you will be brought out (Ar Ruum: 30: 19)***

Apparently, Allah's process of removing the living from the dead, and removing the dead from the living, all of which follow Allah's laws or natural laws.

Why follow Allah's law or natural law?

The answer is

It is hidden in the secret behind the verse: ***"...Indeed We have created you from clay, then from a drop of semen, then from a clot of blood, then from a lump of flesh which was perfect and imperfect...then We brought you out as babies.. (Al Hajj : 22: 5)***

Well, the process of human events, starting from a drop of semen that meets an egg, is stored in the womb, enlarges, then is born into the world as a baby.

That is, Allah has brought out the living from the dead, from a drop of semen that has not yet formed a fetus, is still not alive, then meets an egg, and is stored in the womb, then becomes a fetus

and lives.

This is Allah's law, bringing life from the dead.

Now, what about the birds that have been chopped up and placed on each hill?

The answer is

Hidden in the secret behind the verse: *"... I... have blown into it my spirit... (Al Hijr: 15: 29)*

It means, *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)* which Allah has blown into the birds, which comes out of the birds. that has been chopped. In the bird's body contains hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms, which are the building blocks of *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)*

Why is *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)* which is the evidence to bring the dead to life?

The answer is

Hidden in the secret behind the verse: *"...do you think that We created you in a playful way...(Al Mu'minuun: 23: 115)*

So, because humans, animals and all living things on earth follow Allah's law, through the path, birth, namely through a drop of sperm that meets an egg, then the process of bringing life from the dead without going through the birth path, is the process of the release of *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)* from a dead body.

In this case, *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)* that comes out of the chopped birds.

So, Allah does not violate Allah's law.

Because according to Allah's law that applies in the skys and on earth, brings life from the dead through the birth path, namely through a drop of sperm that meets an egg.

Now, the secret that is hidden behind the verse has been revealed: *"... Allah says: "Take four birds, then chop them all up by you." Then put on each hill one part of the parts, then call them, surely they will come to you soon...(Al Baqarah: 2:260)*

So, the bird that came to Prophet Ibrahim was *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)* that came out of the birds that has been chopped.

This declaration of Allah refutes the beliefs of most people in the world, including the beliefs of Jews, followers of Jesus and followers of Ali or Shia Ali, who believe that humans come back to life with bodies in the form of bones, flesh and blood. Like the belief in the resurrection of the Messiah, Jesus and the priest number 12, the Mahdi, with bodies made of bone, flesh and blood.

## CONCLUSION

Based on the description above, we can conclude that the secret behind the verses: *"...I...have breathed into it my spirit...(Al Hijr: 15:29)"...Ibrahim said: "O my Lord. , show me how You bring the dead to life"... (Al Baqarah: 2: 260) "... We did not create the skys and the earth and everything between*
