ABSTRACT

Before the author writes about Islamic scholars around the world must understand the real Allah, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret about Islamic scholars around the world must understand the real Allah, based on deoxyribonucleic acid (DNA).

There are several verses that reveal the secret of Allah about Islamic scholars around the world must understand the real Allah, namely the following verses:

"So when I have perfected the creation of Adam and I breathed into him of My Spirit, then you will fall prostrate to him (Shaad: 38: 72).

"Allah created the sky and the earth with haq (right). He formed your forms and made your forms beautiful and to Allah you will return (At Taghaabun: 64: 3).

"And to Allah belong the East and the West, so wherever you turn there is the face of Allah. Indeed, Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2: 115).

"And when Moses came at the time We had appointed and God had spoken to him, Moses said: "O my God, appear to me so that I may see You." God said: "You will never be able to see Me, but look at the mountain, if the mountain remains in its place you can see Me. When his God appeared to the mountain, the mountain become destroyed and Moses fell unconscious. After Moses regained consciousness, he said: "Glory be to You, I repent to You and I am the first to believe." (Al A'raaf : 7: 143).

In an effort to uncover the secrets of Allah about Islamic scholars around the world must understand the real Allah, the author uses the basis of deoxyribonucleic acid.

HYPOTHESIS

Here the author proposes hypothesis Islamic scholars around the world must understand the real Allah, based on Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, we look at one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits, and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Furthermore, if this proton is split, we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. These nucleotides consist of folate, 5-carbon sugar and one nitrogen base. The nitrogen bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine (A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA) is composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

ISLAMIC SCHOLARS AROUND THE WORLD MUST UNDERSTAND THE REAL ALLAH

So now, we still continue to focus our minds on uncovering the secrets contained behind the verses: *"Allah created the sky and the earth with haq (right)...(At Taghaabun : 64: 3)" ...the mountain become destroyed...(Al A'raaf : 7: 143) "...wherever you turn, there is the face of Allah...(Al Baqarah : 2: 115)"...I breathed into Adam my spirit...(Shaad : 38: 72).*

Well, Allah declared *"Allah created the sky and the earth with haq (right)...(At Taghaabun : 64: 3).*

Now, Allah's declaration: *"Allah...haq...(At Taghaabun: 64: 3)* is proof of Allah that is truly real, can be proven scientifically and experimentally.

Well, apparently, Allah's declaration: *"Allah...haq...(At Taghaabun: 64: 3)* is not understood by most of the Islamic scholars around the world. Why?

Because most of the Islamic scholars around the world have been brainwashed by the thoughts of Jews who consider YHWH or Yahweh to be holy, must not be studied, must not be realized, must not be polluted by humans, must not be called the name YHWH or Yahweh, unless replaced with the name Adonai.

Well, the Jewish idea that YHWH or Yahweh is sacred, must not be studied, must not be realized, must not be polluted by humans, must not be called the name YHWH or Yahweh, unless replaced with the name Adonai has influenced most Islamic scholars.

Or in other words, most of the Islamic scholars around the world believe that Allah is Most Holy, must not be studied, must not be realized, must not be proven empirically, just as the Jews consider YHWH or Yahweh holy, must not be studied, must not be realized, must not be polluted by humans, the name YHWH or Yahweh may not be mentioned, unless replaced with the name Adonai.

Besides that, most of the Islamic scholars around the world consider *"...my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad: 38: 72) "...is the interest of my God...human...have been given no knowledge but a little. (Al Israa': 17: 85)*

Well, the reason is that Allah only gives *"...knowledge (spirit)...a little. (Al Israa' : 17: 85),* most of the

Islamic scholars around the world think that it is not necessary to study "*...my spirit...(Shaad: 38: 72)* or "*...Allah's spirit...(Shaad: 38: 72)*."

Yet Allah gave "*...knowledge (spirit)...a little. (Al Israa' : 17: 85)* is equal to **18 262 980** times the number, if calculated by human calculation, based on the law of Allah "*...a day is worth fifty thousand years (Al Ma'aarij : 70:4)*."

Well, here, most of the Islamic scholars around the world just say the name of Allah.

Well, because "*Allah created the sky and the earth with haq (right)...(At Taghaabun : 64: 3)*", then anyone, humans, throughout the world can prove, either scientifically or through experimentation, about anything that exists "*...sky and earth...(At Taghaabun : 64: 3)*."

Well, because "*Allah created the sky and the earth with haq (right)...(At Taghaabun : 64: 3)*", then Allah's form is also "*...haq (right)...(At Taghaabun: 64: 3)*."

This means that Allah's existence can be proven scientifically and experimentally, through Allah's energy "*... the mountain was destroyed... (Al A'raaf : 7: 143)*", Allah's particle "*... wherever you turn there is the face of Allah... (Al Baqarah : 2: 115)*" and the spirit Allah "*...I breathed into Adam my spirit...(Shaad : 38: 72)*."

Well, this is what most of the Islamic scholars around the world do not understand.

Where, the energy of Allah "*... the mountain was destroyed... (Al A'raaf : 7: 143)*", which is very small **0.000000000 000000000 000000000 01** grams per cubic cm.

This energy of Allah is needed by Allah particles "*... wherever you turn there is the face of Allah... (Al Baqarah : 2: 115)*", which is very small, which almost does not exist, **0.000000000 000000000 000000000 000000000 000000 3335917542091889** grams .

This Allah's particle has a speed of light of **5 474 959 764 225 000** m/second.

Now, of course, most of the Islamic scholars around the world, if they do not open their minds to study and understand the real Allah, through Allah's form, in the form of Allah's spirit, Allah's energy and Allah's particle, then Allah only reaches the level of the mouth.

For example, Abu Hanifah, Malik bin Anas, Syafi'i and Ahmad bin Hambal did not understand the real Allah through Allah's form, in the form of Allah's spirit, Allah's energy and Allah's particle.

Allah only reaches the level of the mouth, how Allah really is through Allah's form, in the form of Allah's spirit, Allah's energy and Allah's particle, there is no need to study, no need to understand, no need to dig deep.

Or like the Jews think Yahweh is holy, humans must not study Yahweh, humans must not prove Yahweh, humans must not study Yahweh, humans must not pollute the holy Yahweh. Humans must not say the word Yahweh, but must say it as Adonai. Human hands cannot touch the writings in the holy books, but must use a pointing stick. That's all, because Yahweh is holy, no pollution should come from humans.

So, what the Jews consider about Yahweh, is accepted by most Islamic scholars around the world including Abu Hanifah, Malik bin Anas, Syafi'i and Ahmad bin Hanbal, until now.

Now this is the result of most Islamic scholars around the world including Abu Hanifah, Malik bin Anas, Syafi'i and Ahmad bin Hanbal did not understand the real Allah through Allah's form, in the form of Allah's spirit, Allah's energy and Allah's particle.

CONCLUSION

Based on the description above we can conclude that the secrets contained behind the verses: "*Allah created the sky and the earth with haq (right)...(At Taghaabun : 64: 3)"...the mountain become destroyed.. (Al A'raaf : 7: 143) "...wherever you turn, there is the face of Allah...(Al Baqarah : 2: 115)"...I breathed into Adam my spirit...(Shaad : 38: 72).*

Well, Allah declared "*Allah created the sky and the earth with haq (right)...(At Taghaabun : 64: 3).*

Now, Allah's declaration: "*Allah...haq...(At Taghaabun: 64: 3)* is proof of Allah that is truly real, can be proven scientifically and experimentally.

Well, apparently, Allah's declaration: "*Allah...haq...(At Taghaabun: 64: 3)* is not understood by most of the Islamic scholars around the world. Why?

Because most of the Islamic scholars around the world have been brainwashed by the thoughts of Jews who consider YHWH or Yahweh to be holy, must not be studied, must not be realized, must not be polluted by humans, must not be called the name YHWH or Yahweh, unless replaced with the name Adonai.

Well, the Jewish idea that YHWH or Yahweh is sacred, must not be studied, must not be realized, must not be polluted by humans, must not be called the name YHWH or Yahweh, unless replaced with the name Adonai has influenced most Islamic scholars.

Or in other words, most of the Islamic scholars around the world believe that Allah is Most Holy, must not be studied, must not be realized, must not be proven empirically, just as the Jews consider YHWH or Yahweh holy, must not be studied, must not be realized, must not be polluted by humans, the name YHWH or Yahweh may not be mentioned, unless replaced with the name Adonai.

Besides that, most of the Islamic scholars around the world consider "*...my spirit...(Shaad: 38: 72)* or "*...Allah's spirit...(Shaad: 38: 72) "...is the interest of my God...human...have been given no knowledge but a little. (Al Israa': 17: 85)*

Well, the reason is that Allah only gives "*...knowledge (spirit)...a little. (Al Israa' : 17: 85)*, most of the Islamic scholars around the world think that it is not necessary to study "*...my spirit...(Shaad: 38: 72)* or "*...Allah's spirit...(Shaad: 38: 72).*

Yet Allah gave "*...knowledge (spirit)...a little. (Al Israa' : 17: 85)* is equal to **18 262 980** times the number, if calculated by human calculation, based on the law of Allah "*...a day is worth fifty thousand years (Al Ma'aarij : 70:4).*

Well, here, most of the Islamic scholars around the world just say the name of Allah.

Well, because "*Allah created the sky and the earth with haq (right)...(At Taghaabun : 64: 3)*, then anyone, humans, throughout the world can prove, either scientifically or through experimentation, about anything that exists "*...sky and earth...(At Taghaabun : 64: 3).*

Well, because "*Allah created the sky and the earth with haq (right)...(At Taghaabun : 64: 3)*, then Allah's form is also "*...haq (right)...(At Taghaabun: 64: 3).*

This means that Allah's existence can be proven scientifically and experimentally, through Allah's energy "... *the mountain was destroyed...* (*Al A'raaf : 7: 143*), Allah's particle "... *wherever you turn there is the face of Allah...* (*Al Baqarah : 2: 115*) and the spirit Allah "...*I breathed into Adam my spirit...* (*Shaad : 38: 72*).

Well, this is what most of the Islamic scholars around the world do not understand.

Where, the energy of Allah "... *the mountain was destroyed...* (*Al A'raaf : 7: 143*), which is very small **0.000000000 000000000 000000000 01** grams per cubic cm.

This energy of Allah is needed by Allah particles "... *wherever you turn there is the face of Allah...* (*Al Baqarah : 2: 115*), which is very small, which almost does not exist, **0.000000000 000000000 000000000 000000000 000000000 00000 3335917542091889** grams .

This Allah's particle has a speed of light of **5 474 959 764 225 000** m/second.

Now, of course, most of the Islamic scholars around the world, if they do not open their minds to study and understand the real Allah, through Allah's form, in the form of Allah's spirit, Allah's energy and Allah's particle, then Allah only reaches the level of the mouth.

For example, Abu Hanifah, Malik bin Anas, Syafi'i and Ahmad bin Hambal did not understand the real Allah through Allah's form, in the form of Allah's spirit, Allah's energy and Allah's particle.

Allah only reaches the level of the mouth, how Allah really is through Allah's form, in the form of Allah's spirit, Allah's energy and Allah's particle, there is no need to study, no need to understand, no need to dig deep.

Or like the Jews think Yahweh is holy, humans must not study Yahweh, humans must not prove Yahweh, humans must not study Yahweh, humans must not pollute the holy Yahweh. Humans must not say the word Yahweh, but must say it as Adonai. Human hands cannot touch the writings in the holy books, but must use a pointing stick. That's all, because Yahweh is holy, no pollution should come from humans.

So, what the Jews consider about Yahweh, is accepted by most Islamic scholars around the world including Abu Hanifah, Malik bin Anas, Syafi'i and Ahmad bin Hanbal, until now.

Now this is the result of most Islamic scholars around the world including Abu Hanifah, Malik bin Anas, Syafi'i and Ahmad bin Hanbal did not understand the real Allah through Allah's form, in the form of Allah's spirit, Allah's energy and Allah's particle.
