ABSTRACT

Before I write down the problem of kun fayakuun, "Be", so be it, even though it is contrary to Allah's own law, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about kun fayakuun, "Be", so be it, even though it is against Allah's own law, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that are used to reveal Allah's secrets regarding kun fayakuun, "Be", so be it, even though it is contrary to Allah's own law, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a male and, of course, We would have doubted about them what they doubted about themselves." (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill and let them believe in Me, so that they will always be in truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij:

70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"And if We wish, We have indeed made in your place on earth angels that have been passed down from generation to generation. (Az Zukhruf: 43:60)

"It is He who gives life and causes death, so when He determines a matter, He only says to him: "Be", so be it. (Al Mu'min: 40: 68)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about the kun fayakuun, "Be", so be it, even though it is against Allah's own law, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose hypothesis, kun fayakuun "Be", so be it, even though it is against Allah's own law, everything requires a process of time, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4

carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

HOW COULD ALLAH SAY, BE, SO BET IT, THAT'S AGAINST ALLAH'S OWN LAW IN THE SEVEN SKYS

Now, we are still focusing our minds on uncovering the secrets contained behind the verse: *"...He set something up, He just said to him: "Be", so be it. (Al Mu'min: 40: 68)*

Actually, what is meant by Allah by declaring *"... "Be", so be it (Al Mu'min: 40: 68)*? How is it possible, once Allah says *"... "Be"...(Al Mu'min : 40: 68)* continue straight *"...be it (Al Mu'min: 40: 68)*?

Turns out the answer

Kept in a secret hidden behind the verse: *"... a day whose levels are fifty thousand years (Al Ma'aarij: 70:4)*

Well, apparently, *"... "Be", so be it (Al Mu'min: 40: 68)* according to the calculation of Allah's speed, not according to the calculation of human speed.

Where speed according to Allah is based on Allah's law which applies only to Allah, namely *"... a day whose content is fifty thousand years (Al Ma'aarij: 70:4)* or in other words 1 day according to Allah is equal to **18 262 980** days according to human calculations.

That is, if Allah will create one object, then Allah will say *"Be"...(Al Mu'min: 40:68)* in 1 second, according to Allah's calculation of speed, *"...so be it (Al Mu'min: 40:68)*

So, within 1 second according to Allah's time calculation, then the object becomes.

However, if it is calculated according to the calculation of human time, it turns out that 1 second according to Allah is equal to **211.4** days or **7.1** months

SO ACTUALLY, WHEN ALLAH SAYS KUN FAYAKUUN, BE, THEN BE IT, IT IS IN ALLAH'S TIME, NOT HUMAN'S TIME

Now, because Allah declared with Allah's time, *"... "Be", so be it (Al Mu'min: 40: 68)* so it must be counted according to Allah's time.

Because if it is calculated according to human calculations, it means, if Allah created one object in 1 second, then it becomes that object, according to human calculations it will take **211.4** days or **7.1** months

So, because it is calculated according to human calculations, then when Allah says *"... "Be"...(Al Mu'min: 40: 68)* in 1 second, then humans have to wait **211.4** days or **7.1** months.

So, if it is calculated by human calculations, Allah created one object, not contrary to Allah's law

that applies in the seven skys.

So, if Allah says "...**"Be"**...(Al Mu'min: 40: 68) then, after 7.1 months the new object is formed.

Now, this is what requires a process of time for the formation of one object, because according to Allah's law in the seven heavens, everything requires a process of time.

Now, it has been revealed, the secret that is hidden behind the verse: "...**" Be", so be it (Al Mu'min: 40: 68)**

That is, if Allah wants to create one object in the seven skys, it requires a process of time, which is measured by time according to human calculations. 1 second according to Allah's reckoning is equal to 7.1 months according to human reckoning.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: "...**He set something up, He just said to him: "Be", so be it. (Al Mu'min: 40: 68)**

Actually, what is meant by Allah by declaring "...**"Be", so be it (Al Mu'min: 40: 68)**? How is it possible, once Allah says "...**"Be"**...(Al Mu'min : 40: 68) continue straight "...**be it (Al Mu'min: 40: 68)**?

That is, if Allah will create one object, then Allah will say "**Be"**...(Al Mu'min: 40:68) in 1 second, according to Allah's calculation of speed, "...**so be it (Al Mu'min: 40:68)**

So, within 1 second according to Allah's time calculation, then the object becomes.

However, if it is calculated according to the calculation of human time, it turns out that 1 second according to Allah is equal to 211.4 days or 7.1 months

So, if it is calculated by human calculations, Allah created one object, not contrary to Allah's law that applies in the seven skys.

So, if Allah says "...*Be*"...(*Al Mu'min: 40: 68*) then, after 7.1 months the new object is formed.

Now, this is what requires a process of time for the formation of one object, because according to Allah's law in the seven heavens, everything requires a process of time.

That is, if Allah wants to create one object in the seven skys, it requires a process of time, which is measured by time according to human calculations. 1 second according to Allah's reckoning is equal to 7.1 months according to human reckoning.
