ABSTRACT

Before I write down the problem most people don't understand, Allah's energy - mass, mass - Allah's energy, Allah's energy - sustenance, sustenance - Allah's energy, Allah's energy and mass is not lost, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret that most people do not understand, Allah's energy - mass, mass - Allah's energy, Allah's energy - sustenance, sustenance - Allah's energy, Allah's energy and mass are not lost, from the point of view of the molecular structure of nucleic acids or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about most people not understanding, Allah's energy - mass, mass - Allah's energy, Allah's energy - sustenance, sustenance - Allah's energy, Allah's energy and mass are not lost, namely the following verses:

"Allah... the light of the Skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Read in the name of your Lord Who created (Al 'Alaq: 96: 1) "He has created man from a clot of blood. (Al 'Alaq: 96: 2) "The one who teaches by means of kalam (Al 'Alaq: 96: 4)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me,

that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And if We had willed, We would have given every soul guidance, but the word has remained from Me: "Indeed, I will fill the Hell with jinns and humans together." (As Sajdah: 32:13)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"It is He who shows you His signs and sends down for you sustenance from the sky. And there is no lesson except those who return (Al Mu'min: 40:13)

"It is Allah Who created the heavens and the earth and sent down rain from the sky, then He brought forth with it various fruits as sustenance for you; and He has subjected the ark to you so that the ark may sail on the seas by His will, and He has subjected to you rivers (Ibrahim: 14:32)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about most people do not understand, Allah's energy – mass, mass – Allah energy, Allah energy – sustenance, sustenance – Allah energy, Allah energy and mass does not disappear, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or structure nucleic acid molecules.

HYPOTHESIS

Here I propose the hypothesis of Allah's energy – mass, mass – Allah's energy, Allah's energy – sustenance, sustenance – Allah's energy, Allah's energy and mass are not lost, seen from the point of view of Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

WHAT REALLY IS ALLAH'S ENERGY AND WHAT IS MASS, WHY IS ALLAH'S ENERGY AND MASS NOT LOST

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: *"...wherever you turn, there is the face of Allah...(Al Baqarah: 2: 115) "...a day whose levels are fifty thousand years. (Al Ma'aarij: 70:4)*

Apparently, here Allah has described that Allah's energy gives power to the mass in the form of Allah's particles with double speed to reach a certain position. Or in other words, *"... wherever you turn, there is the face of Allah... (Al Baqarah: 2: 115)*

"... the face of Allah... (Al Baqarah: 2: 115) is a particle of Allah. When the human eye glances in one direction at a certain position, it turns out that *"... the face of Allah ... (Al Baqarah: 2: 115)*, even though less than 1 second before the human eye looks towards that position, the particle of Allah with the help of Allah's energy has been moving at the speed of light **5 475 103 664 604.84** km per second towards that position, arriving at that position, before the human eye leads to that position.

So, here Allah has described *"...wherever you face that is the face of Allah...(Al Baqarah: 2: 115)* That is, Allah's energy is transformed into Allah's particles in the form of *"...the face of Allah...(Al Baqarah : 2: 115)*

HOW ABOUT ALLAH'S ENERGY BRINGS SUSTENANCE

Now, let's uncover the secret hidden behind the verses: *"He... sends down sustenance for you from the sky... (Al Mu'min: 40:13)" Allah... sends down rainwater from the sky, then He brings it out with Rain water is a variety of fruits as a sustenance for you... (Ibrahim: 14: 32)*

Well, here Allah has declared: *"... send down for you sustenance from the sky... (Al Mu'min: 40: 13)* which is in the form of *"... rainwater from the sky... release with rain water... fruit is a sustenance for you... (Ibrahim: 14: 32)*

So, according to Allah's declaration about Allah's energy bringing sustenance, namely through Allah's energy changing clouds that come from water that evaporates into the air, back into water, in the form of a combination of oxygen atoms with hydrogen atoms.

From the combination of oxygen atoms and hydrogen atoms in the form of water that descends to earth, releasing fruits from trees that are splashed by water, where the fruits become sustenance for humans.

Well, here Allah describes, Allah's energy changes into a combination of oxygen atoms and hydrogen atoms in the form of water, then the water comes down to grow trees that produce fruits, becoming sustenance for humans.

Or in other words, Allah's energy turns into sustenance in the form of fruits.

Then the fruit is eaten by humans, then it becomes energy for humans. Or it can be said, sustenance turns back into Allah's energy.

Now it's been revealed, the secret hidden behind the verses: *"...wherever you face there is the face of Allah... (Al Baqarah: 2: 115)"... rainwater from the sky... emits rainwater. ..fruits become sustenance for you ... (Ibrahim: 14: 32)*

That is, Allah's energy changes into Allah's particles in the form of *"...Allah's face ... (Al Baqarah: 2: 115)* Allah's energy turns into sustenance, and sustenance turns back into Allah's energy.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"...wherever you turn, there is the face of Allah...(Al Baqarah: 2: 115) "...a day whose levels are fifty thousand years. (Al Ma'aarij: 70:4)*

Apparently, here Allah has described that Allah's energy gives power to the mass in the form of Allah's particles with double speed to reach a certain position. Or in other words, *"... wherever you turn, there is the face of Allah... (Al Baqarah: 2: 115)*

"... the face of Allah... (Al Baqarah: 2: 115) is a particle of Allah. When the human eye glances in one direction at a certain position, it turns out that *"... the face of Allah ... (Al Baqarah: 2: 115)*, even though less than 1 second before the human eye looks towards that position, the particle of Allah with the help of Allah's energy has been moving at the speed of light **5 475 103 664 604.84** km per second towards that position, arriving at that position, before the human eye leads to that position.

So, here Allah has described *"...wherever you face that is the face of Allah...(Al Baqarah: 2: 115)* That is, Allah's energy is transformed into Allah's particles in the form of *"...the face of Allah...(Al Baqarah : 2: 115)*

Now, let's uncover the secret hidden behind the verses: *"He... sends down sustenance for you from the sky... (Al Mu'min: 40:13)" Allah... sends down rainwater from the sky, then He brings it out with Rain water is a variety of fruits as a sustenance for you... (Ibrahim: 14: 32)*

Well, here Allah has declared: *"... send down for you sustenance from the sky... (Al Mu'min: 40: 13)* which is in the form of *"... rainwater from the sky... release with rain water... fruit is a sustenance for you... (Ibrahim: 14: 32)*

So, according to Allah's declaration about Allah's energy bringing sustenance, namely through Allah's energy changing clouds that come from water that evaporates into the air, back into water, in the form of a combination of oxygen atoms with hydrogen atoms.

From the combination of oxygen atoms and hydrogen atoms in the form of water that descends to earth, releasing fruits from trees that are splashed by water, where the fruits become sustenance for humans.

Well, here Allah describes, Allah's energy changes into a combination of oxygen atoms and hydrogen atoms in the form of water, then the water comes down to grow trees that produce fruits, becoming sustenance for humans.

Or in other words, Allah's energy turns into sustenance in the form of fruits.

Then the fruit is eaten by humans, then it becomes energy for humans. Or it can be said, sustenance turns back into Allah's energy.

Now it's been revealed, the secret hidden behind the verses: *"...wherever you face there is the face of Allah... (Al Baqarah: 2: 115)"... rainwater from the sky... emits rainwater. ..fruits become sustenance for you ... (Ibrahim: 14: 32)*

That is, Allah's energy changes into Allah's particles in the form of *"...Allah's face ... (Al Baqarah: 2: 115)* Allah's energy turns into sustenance, and sustenance turns back into Allah's energy.
