ABSTRACT

Before I write down the problem most people still think that Allah sees with the eyes, hears with the ears and speaks with the mouth, first I ask forgiveness from Allah SWT. Here I try to unmask the secret that most people still think that Allah sees with the eyes, hears with the ears and speaks with the mouth, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about most people still think that Allah sees with the eyes, hears with the ears and speaks with the mouth, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"He is Allah, Who created all that is on earth for you and He willed the heavens, then He made the seven skys. And He is All-Knowing of all things. (Al Baqarah: 2:29)

"Who has created the seven skies in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"That is because Allah has made the night into the day and the day into the night and that Allah is All-Hearing, All-Seeing. (Al Hajj: 22:612)

"And the apostles We told you about them before, and the apostles We did not tell you about them. And Allah spoke to Moses directly (An Nisaa ': 4: 164)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to unmask Allah's secret about most people still assuming that Allah sees with the eyes, hears with the ears and speaks with the mouth, I use the base of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes a hypothesis that humans still think that God sees with their eyes, hears with their ears and speaks with their mouths because humans are used to using the five senses, from the point of view of Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

MOST OF PEOPLE STILL BELIEVE THAT ALLAH SEES WITH EYES, LISTENS WITH EARS AND SPEAKS WITH MOUTH

Now, we are still focusing our minds on uncovering the secret behind the verse: *"...And Allah spoke to Moses directly (An Nisaa ': 4: 164)*

Now the question arises,

How did Allah speak directly to Prophet Musa?

The answer is

Hidden in the secret behind the verses: *"...it is impossible for a human being that Allah can speak with him except... behind a veil... (Asy Shuura: 42: 51) "...I am near.. (Al Baqarah: 2:186) "...We are closer to him than his jugular vein." (Qaf: 50:16) "...I breathed into him my spirit...(Shaad: 38:72)*

Well, it turns out that here Allah has declared that it is impossible for Allah to speak directly to humans except *"...behind the veil...(Asy Syuura: 42: 51)* and *"... my spirit... (Shaad: 38: 72)* is in the human body as well as Allah *"...closer to him than the jugular vein." (Qaf: 50:16)*

Actually Allah spoke directly with Prophet Musa *"...behind the veil...(Asy Syuura: 42: 51)* because between Allah and Prophet Moses there was already *"...a veil...(Asy Syuura: 42: 51)* this because *"...We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

So, the human eye's vision is limited, it can only see light in the electromagnetic spectrum region between 430 and 740 nanometers. If there are light rays in the electromagnetic spectrum area below 430 nanometers and light in the electromagnetic spectrum region above 740 nanometers, then human vision cannot see the light.

Therefore, between Allah and the Prophet Musa there was already a *"...veil... (Asy Syuura: 42: 51)*

Now, how did Allah speak directly to Prophet Musa?

The answer is

Hidden in the secret behind the verse: *"...I breathed into him my spirit...(Shaad: 38: 72)*

That is, here Allah spoke directly to Prophet Musa not with Allah's mouth, but through *"...my spirit...(Shaad: 38:72)* which was in the body of Prophet Musa. Where *"...My spirit...(Shaad: 38:72)* interprets the symbols conveyed by Allah, then the results of the interpretation are conveyed to the mind of Prophet Musa, so that Prophet Musa understands.

Likewise, when Prophet Musa spoke directly with Allah, what was said by Prophet Musa was interpreted by *"...My spirit...(Shaad: 38:72)* then after being interpreted it was conveyed directly by *"...My spirit...(Shaad: 38:72)* to Allah.

Likewise when Allah sees and hears, not with eyes and ears, but sees and hears through *"... my spirit... (Shaad: 38: 72)*

Because *"...my spirit...(Shaad: 38:72)* is in the human body, and in the universe and all that is in it, so if Allah wants to see and hear through *"...my spirit...(Shaad: 38:72)* existing in the human body, and in the universe and all that is in it.

So, Allah anywhere, anytime, can immediately see and hear, because *"...my spirit...(Shaad: 38:72)* which is in the human body, and in the universe and all that is in it.

Now it has been revealed that the secret that is hidden behind the verses: *"... Allah has spoken to Moses directly (An Nisaa': 4: 164) "...and that Allah is All-Hearing, All-Seeing. (Al Hajj: 22:612)*

That is, Allah speaks, sees and hears directly with humans through *"...my spirit...(Shaad: 38:72)* which is in the human body.

CONCLUSION

From what has been explained above, it can now be concluded that the secret behind the verse: *"...And Allah spoke to Moses directly (An Nisaa ': 4: 164)*

Now the question arises,

How did Allah speak directly to Prophet Musa?

The answer is

Hidden in the secret behind the verses: *"...it is impossible for a human being that Allah can speak with him except... behind a veil...(Asy Shuura: 42: 51) "...I am near.. (Al Baqarah: 2:186) "...We are closer to him than his jugular vein." (Qaf: 50:16) "...I breathed into him my spirit...(Shaad: 38:72)*

Well, it turns out that here Allah has declared that it is impossible for Allah to speak directly to humans except *"...behind the veil...(Asy Syuura: 42: 51)* and *"... my spirit... (Shaad: 38: 72)* is in the human body as well as Allah *"...closer to him than the jugular vein." (Qaf: 50:16)*

Actually Allah spoke directly with Prophet Musa *"...behind the veil...(Asy Syuura: 42: 51)* because between Allah and Prophet Moses there was already *"...a veil...(Asy Syuura: 42: 51)* this because *"...We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

So, the human eye's vision is limited, it can only see light in the electromagnetic spectrum region between 430 and 740 nanometers. If there are light rays in the electromagnetic spectrum area below 430 nanometers and light in the electromagnetic spectrum region above 740 nanometers, then human vision cannot see the light.

Therefore, between Allah and the Prophet Musa there was already a *"...veil... (Asy Syuura: 42: 51)*

Now, how did Allah speak directly to Prophet Musa?

The answer is

Hidden in the secret behind the verse: *"...I breathed into him my spirit...(Shaad: 38: 72)*

That is, here Allah spoke directly to Prophet Musa not with Allah's mouth, but through *"...my spirit... (Shaad: 38:72)* which was in the body of Prophet Musa. Where *"...My spirit...(Shaad: 38:72)* interprets the symbols conveyed by Allah, then the results of the interpretation are conveyed to the mind of Prophet Musa, so that Prophet Musa understands.

Likewise, when Prophet Musa spoke directly with Allah, what was said by Prophet Musa was

interpreted by "...*My spirit...*(*Shaad: 38:72*) then after being interpreted it was conveyed directly by "...*My spirit...*(*Shaad: 38:72*) to Allah.

Likewise when Allah sees and hears, not with eyes and ears, but sees and hears through "... *my spirit...* (*Shaad: 38: 72*)

Because "...*my spirit...*(*Shaad: 38:72*) is in the human body, and in the universe and all that is in it, so if Allah wants to see and hear through "...*my spirit...*(*Shaad: 38:72*) existing in the human body, and in the universe and all that is in it.

So, Allah anywhere, anytime, can immediately see and hear, because "...*my spirit...*(*Shaad: 38:72*) which is in the human body, and in the universe and all that is in it.

Now it has been revealed that the secret that is hidden behind the verses: "... *Allah has spoken to Moses directly (An Nisaa': 4: 164) "...and that Allah is All-Hearing, All-Seeing. (Al Hajj: 22:612)*

That is, Allah speaks, sees and hears directly with humans through "...*my spirit...*(*Shaad: 38:72*) which is in the human body.
