ABSTRACT

Before I write down the problem, most of the people in the world still believe in Allah as a living being, even though Allah's form is in the form of Allah's energy, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about most people in the world still believe in Allah as a living being, even though Allah's form is in the form of Allah's energy, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about the majority of people in the world still believing in Allah as a living being, even though Allah's form is in the form of Allah's energy, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"Praise be to Allah, the Creator of the heavens and the earth, Who made the angels as messengers with wings, two, three and four respectively. Allah adds to His creation what He wills. Verily, Allah has power over all things. (Faathir: 35:1)

"But Allah acknowledges the Qur'an which He has revealed to you. Allah has sent it down with His knowledge; and the angels are witnesses. It is enough for Allah to acknowledge it. (An Nisaa': 4: 166)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"It is He who made the earth a bed for you and the sky a roof, and He sends down water from the sky, then He produces with it all the fruit as a sustenance for you; therefore do not establish partners with Allah, while you know. Al Baqarah : 2:22)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

Allah said: "O Moses, indeed I chose you and other humans to carry My message and to speak directly with Me, therefore hold fast to what I have given you and be among those who are grateful." (Al A'raaf : 7:144)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about most people in the world still believing in Allah as a living being, even though Allah's form is in the form of Allah's energy, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis that most people in the world still believe in Allah as a living being, even though Allah's form is in the form of Allah's energy, because they do not understand Allah's energy, from the point of view of Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

BECAUSE MOST OF HUMANS IN THE WORLD DON'T UNDERSTAND ALLAH'S ENERGY AS ALLAH'S FORM, THEY BELIEVE IN ALLAH IS A LIVING THING

Now, we are still concentrating on uncovering the secrets contained behind the verse: *"... when We said to the angels: "Prostrate yourselves to Adam,"... (Al Baqarah: 2: 34)*

It turns out, what is described by Allah in the verse above, is considered by most people in the world, Allah is a body that stands before the angels, with a voice heard by the angels *"Prostrate yourselves to Adam,"... (Al Baqarah: 2 : 34)*

Whereas the truth is, Allah's form is in the form of Allah's energy, through sound frequency vibrations at a speed of 109502073292.0968 km per second *"...a day whose content is a thousand years according to your calculations (As Sajdah: 32: 5)*

Now, when Allah has a relationship, including with angels, Allah uses sound frequency vibrations at a speed of 109502073292.0968 km per second

So, actually between Allah and the angels are not face to face, but Allah is in one place, and the angels are also in one place who at that time was with Adam.

The communication relationship between Allah and angels uses sound frequency vibrations at a speed of 109502073292.0968 km per second.

Meanwhile, Allah communicated with Adam through frequency vibrations that could be heard by Adam's ears, with a speed of 299792.458 km per second.

MOST PEOPLE STILL HAVE DIFFICULTY TO UNDERSTAND HOW ALLAH ACTUALLY TALKS TO HUMANS

Now, most of the people in the world, still find it difficult to understand how Allah actually talks to humans, either directly *"... "O Musa...I choose you...to talk directly to Me..." (Al A' raaf : 7:144)* or through a messenger *"...by sending a messenger...(Asy Syuura : 42: 51)*

Now, Allah speaks through the vibration of the sound frequency that can be heard and understood by the prophet Moses, with a speed of 299792,458 km per second. Between Allah and Prophet Musa there is a *"...veil... (Asy Syuura: 42: 51)* That is, Prophet Musa could only see with his eyes light in the area of the electromagnetic spectrum between 430 and 740 nanometers. While the form of Allah in the form of Allah's energy is in the electromagnetic spectrum area below 430 nanometers and in the electromagnetic spectrum area above 740 nanometers.

So, actually Allah spoke with Moses, not like two humans talking face to face. But the form of Allah in the form of Allah's energy that was not seen by the Prophet Moses.

Then, Allah spoke using symbols, which were addressed to *"...my spirit...(Shaad: 38:72)* which was in the body of Prophet Musa. Then *"... my spirit... (Shaad: 38: 72)* interprets the symbols conveyed by Allah, henceforth the results of their interpretation are passed on to the mind of the Prophet Musa. Where finally Moses understood what was conveyed by Allah.

Well, now it's been revealed, the secret that is hidden behind the verse: *"... " O Musa... I choose you... to talk directly to Me..." (Al A'raaf: 7: 144)* namely, Allah did not directly talk to Moses, like two humans, but Allah spoke through *"...my spirit...(Shaad: 38:72)* which was in the body of Prophet Musa, by using sound frequency vibrations with a speed of 299792,458 km per second. Then *"... my spirit... (Shaad: 38: 72)* interprets the symbols conveyed by Allah, henceforth the results of their interpretation are conveyed into the mind of the Prophet Moses.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: *"... when We said to the angels: "Prostrate yourselves to Adam,"... (Al Baqarah: 2: 34)*

It turns out, what is described by Allah in the verse above, is considered by most people in the world, Allah is a body that stands before the angels, with a voice heard by the angels *"Prostrate yourselves to Adam,"...(Al Baqarah: 2 : 34)*

Whereas the truth is, Allah's form is in the form of Allah's energy, through sound frequency vibrations at a speed of 109502073292.0968 km per second *"...a day whose content is a thousand years according to your calculations (As Sajdah: 32: 5)*

Now, when Allah has a relationship, including with angels, Allah uses sound frequency vibrations at a speed of 109502073292.0968 km per second

So, actually between Allah and the angels are not face to face, but Allah is in one place, and the angels are also in one place who at that time was with Adam.

The communication relationship between Allah and angels uses sound frequency vibrations at a speed of 109502073292.0968 km per second.

Meanwhile, Allah communicated with Adam through frequency vibrations that could be heard by Adam's ears, with a speed of 299792.458 km per second.

Now, most of the people in the world, still find it difficult to understand how Allah actually talks to humans, either directly *"... "O Musa...I choose you...to talk directly to Me..."(Al A' raaf : 7:144)* or through a messenger *"...by sending a messenger...(Asy Syuura : 42: 51)*

Now, Allah speaks through the vibration of the sound frequency that can be heard and understood by the prophet Moses, with a speed of 299792,458 km per second. Between Allah and Prophet Musa there is a *"...veil... (Asy Syuura: 42: 51)* That is, Prophet Musa could only see with his eyes light in the area of the electromagnetic spectrum between 430 and 740 nanometers. While the form of Allah in the form of Allah's energy is in the electromagnetic spectrum area below 430 nanometers and in the electromagnetic spectrum area above 740 nanometers.

So, actually Allah spoke with Moses, not like two humans talking face to face. But the form of

Allah in the form of Allah's energy that was not seen by the Prophet Moses.

Then, Allah spoke using symbols, which were addressed to "...*my spirit...*(*Shaad: 38:72*) which was in the body of Prophet Musa. Then "... *my spirit...* (*Shaad: 38: 72*) interprets the symbols conveyed by Allah, henceforth the results of their interpretation are passed on to the mind of the Prophet Musa. Where finally Moses understood what was conveyed by Allah.

Well, now it's been revealed, the secret that is hidden behind the verse: "... " *O Musa... I choose you... to talk directly to Me...* " (*Al A'raaf: 7: 144*) namely, Allah did not directly talk to Moses, like two humans, but Allah spoke through "...*my spirit...*(*Shaad: 38:72*) which was in the body of Prophet Musa, by using sound frequency vibrations with a speed of 299792,458 km per second. Then "... *my spirit...* (*Shaad: 38: 72*) interprets the symbols conveyed by Allah, henceforth the results of their interpretation are conveyed into the mind of the Prophet Moses.
