ABSTRACT

First of all, by asking for forgiveness from Allah SWT, here the author tries to reveal the signs of Allah SWT's greatness regarding most of the people in the world still believing that in paradise Allah's spirit can make love, is it true, based on photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid (deoxyribonucleic acid). DNA)

Signs of Allah's greatness regarding most of the people in the world still believe in paradise that Allah's spirit can make love, is that true, found in several verses, namely:

"Being in Jannah of pleasures (Al Waaqi'ah: 56:12)

"They reclined on couches in a row and We married them to beautiful nymphs with sharp eyes. (Ath Thuur: 52:20)

"In paradise there are good and beautiful nymphs. (Ar Rahmaan: 55: 70)

"In paradise there are fair nymphs who lower their eyes politely, never touched by humans before them and not by jinn. (Ar Rahmaan: 55: 56)

"They have never been touched by humans before them nor by jinn. (Ar Rahmaan: 55: 74)

"They are on a cot enthroned with gold and gems, (Al Waaqi'ah: 56:15)

"By bringing glasses, kettles and drinks taken from running water (Al Waaqi'ah: 56: 18)

"Indeed We created them (nymphs) directly (Al Waaqi'ah: 56: 35)

"He is the First and the Last, the Outward and the Inward, and He is All-Knowing of all things. (Al Hadid: 57:3)

"The angels and Gabriel ascended to God in a day the measure of which was fifty thousand years (Al Ma'aarij: 70:4)

"And give good tidings to those who believe and do good, that for them are provided gardens with rivers flowing in them. Every time they are given sustenance of fruit in those paradises, they say: "This is what was given to them. us first." They are given similar fruits and for them are pure wives and they will abide therein (Al Baqarah: 2:25)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourselves (Al Hijr: 15:29)

"So when I have perfected the scene and I breathed into it My spirit; then let you fall down prostrating to it (Shaad: 38:72)

"Allah promises the believers, male and female, Paradise under which rivers flow, they will abide therein, there are good places in Paradise 'Adn. And Allah's pleasure is greater; that is great fortune. (At Taubah: 9:72)

"Indeed Allah will admit those who believe and do righteous deeds into Paradises beneath which rivers flow. In Paradise they will be adorned with gold and pearl bracelets, and their clothes will be silk. (Al Hajj) :22:23)

"And We put before them a wall and behind them a wall, and We covered them so that they could not see. (Yaasiin: 36:9)

"Those who were earlier, were first from the emigrants and the Ansar and those who followed them well, Allah is pleased with them and they are pleased with Allah and Allah has provided for them paradises in which rivers flow. forever. They stay in it. That's a big win. (At Taubah: 9: 100)

"And We remove all kinds of hatred that is in their chests; rivers flow under them and they say: "Praise be to Allah who has shown us to this. And we will never be guided if Allah does not guide us. Verily, the messengers of our Lord have come, bringing the truth." And it was called out to them: "This is Paradise which has been bequeathed to you, because of what you used to do." (Al-A'raaf: 7:43)

"And when you look there (paradise), surely you will see various kinds of pleasures and a great kingdom. (Al Insaan: 76: 20)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

In an effort to open the veil of the greatness of Allah SWT regarding most of the people in the world still believe that in paradise Allah's spirit can make love, is it true, the author based on photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

HYPOTHESIS

Here the author proposes a hypothesis in paradise that Allah's spirit does not make love like humans make love on earth, but the relationship between atoms, because Allah's spirit is formed with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, based on photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA)?

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Now, the question arises,

What does Allah really mean "*...We married them to nymphs...(Ath Thuur: 52:20)* whereas, Allah's spirit who lives in paradise is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms , have no body?

The answer is hidden in the secret behind the verse: "*...They are eternal in it.. (At Taubah: 9: 100)*, that is, eternal according to human reckoning, because "*... my spirit...(Shaad: 38: 72)* or "*...Allah's spirit...(Shaad : 38:72)* will live to the age of **10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000** years.

So, in fact, Allah "*...to marry them with nymphs...(Ath Thuur: 52:20)* is not like marrying humans in the world, who have bodies, but combining hydrogen atoms, carbon atoms, nitrogen atoms and atoms oxygen. Because Allah "*...created them (nymph) directly (Al Waaqi'ah: 56: 35)* from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Well, because in paradise is "*...Allah's spirit...(Shaad : 38:72)* which does not have a body, then when Allah gives marriage "*...Allah's spirit...(Shaad : 38:72)" .. .with the nymphs...(Ath Thuur: 52:20)* describes how life in paradise is seen from humans who are still living on earth.

In fact, the marriage in paradise is the marriage between atoms. Or in other words, marriage in paradise is combines hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So, because marriage in paradise is combines hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, so what is called "*...Allah's spirit...(Shaad : 38:72)* making love does not exist. After humans carry out marriage and continue to make love, it only happens in this world, not in paradise.
