ABSTRACT

Before the author writes down the problem, most people know Allah only to the level of Allah's attribute, not yet at the level, who and how Allah really is, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret about most humans knowing Allah only to the level of Allah's attribute, not yet at the level, who and how Allah really is, based on Deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about most people knowing Allah only to the level of Allah's attribute, not yet reaching the level, who and how Allah really is, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"And We did not create the skys and the earth and everything between them by playing around (Al Anbiyaa': 21:16)

"So He made it seven skys in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)

"Allah created the skysand the earth with rights. Verily in that are the signs of Allah's power for the believers (Al 'Ankabuut: 29: 44)

"So he put a veil from them; then We sent our spirit to him, and he appeared before him a perfect human being. (Maryam: 19:17)

"And Mary, the daughter of Imran, who kept her honor, so We breathed into her some of Our spirits, and she confirmed the words of her Lord and His Books, and she was one of the obedient ones. (At Tahrir: 66:12)

"And Mary, who has kept her honor, then We breathed into her a spirit from Us and We made her and her child a great sign for the worlds. (Al Anbiyaa ': 21: 91)

"And when Moses came for an appointed time and the Lord had spoken to him, Moses said: "O my Lord, show me so that I can see You." The Lord said: "You will never be able to see Me, but look at the mountain, then if it stays where it is you will surely see me." When his Lord appeared to the mountain, he made the mountain crumble and Moses fell unconscious. So when Moses regained consciousness, he said: "Glory be to him. You, I repent to You and I am the first to believe." (Al A'raaf: 7:143)

And (remember) when Ibrahim said: "O my Lord, show me how You bring the dead to life." Allah said: "Are you not convinced yet?" Ibrahim replied: "I have convinced him, but so that my heart remains firm Allah said: "Take four birds, then chop them all up by you." Then put on each hill one part of the parts, then call them, surely they will come to you immediately." And know that Allah is Mighty, Wise. (Al Baqarah: 2:260)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about most humans knowing Allah only to the level of Allah's attribute, not yet at the level, who and how Allah really is, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes a hypothesis that humans know Allah only to the level of Allah's attribute , not yet at the level, who and how Allah really is, because some humans refuse to study and explore ***"...Allah's spirit ... (Shaad: 38: 72),*** based on to deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

MOST PEOPLE KNOW ALLAH THROUGH ALLAH'S NATURE (SIFAT), NOT THROUGH THE ALLAH'S SPIRIT, THEREFORE, WHO AND HOW ALLAH REALLY IS, STILL NOT UNDERSTANDED BY MOST HUMANS

Now, we are still concentrating on uncovering the secrets contained behind the verses: ***"...I breathed into him my spirit...(Shaad: 38:72)"...said Moses: O my Lord, show me so that I may can see You...(Al A'raaf: 7:143)"...Ibrahim said: "My Lord, show me how You bring the dead to life...(Al Baqarah: 2:260)***

Apparently, Allah has declared 2 important factors, which are still not understood by some humans, namely the first factor is, who is Allah ***"... My Lord, show me so that I can see You...(Al A'raaf: 7 : 143)***

The second factor is, how Allah *"My Lord, show me how You bring the dead to life...(Al Baqarah: 2:260)*

Now, with 2 factors that have been declared by Allah, giving lessons for humans that to understand the real Allah, it is necessary to go through *"...Allah's spirit...(Shaad: 38: 72) "...I breathed into him my spirit. ...(Shaad : 38: 72)* not only through Allah's attribute.

That is, if only through Allah's attribute , it only provides information that is on the surface, not to a deep level, about who and how Allah really is.

Well, young Moses, before being appointed as a Prophet, asked Allah, to reveal the form of Allah, this shows that young Moses wanted to know who Allah really was.

It turned out that Allah, immediately gave the answer *"...look at the mountain... (Al A'raaf: 7: 143)*

Apparently, the form of Allah is in *"...mountains...(Al A'raaf: 7:143)*

Why is Allah's form in *"...mountains...(Al A'raaf: 7:143)?*

The answer is hidden in the secret behind the verse: *"... I breathed into him my spirit... (Shaad: 38: 72)*

Well, apparently, the mountain contains *"...my spirit...(Shaad: 38:72)* or *"...Allah's spirit...(Shaad: 38:72)* Or in other words, *".. .mountain...(Al A'raaf : 7: 143)* contains hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So, humans by studying *"...my spirit...(Shaad: 38:72)* or *"...Allah's spirit...(Shaad: 38:72)* will understand the real Allah, not only as Allah's attribute.

Likewise, when the youth of Abraham, before being appointed as a Prophet, asked Allah *"My Lord, show me how You bring the dead to life... (Al Baqarah: 2: 260)*

Well, here's the youth of Ibrahim, wanting to know, how does Allah actually bring dead people to life.

Apparently, Allah gave the answer *"... take four birds, then chop them all up by you... (Al Baqarah: 2: 260)*

Well, apparently, the four chopped up birds died. Then, the one that came back to life was *"...Allah's spirit...(Shaad: 38:72)* which is blown into the bird.

So, actually, *"...Allah's spirit...(Shaad: 38:72)* is in every living thing and things that are in the seven skys. *"...Allah's spirit...(Shaad: 38:72)* is the source of life for all living things and objects in the seven heavens. Or in other words, hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms are the source of life for all living things and objects in the seven skys.

Now, if humans want to understand the real Allah, then they must go through *"...Allah's spirit...(Shaad: 38:72)*not only through Allah's attribute.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"...I breathed into him my spirit...(Shaad: 38:72)"...said Moses: O my Lord, show me so that I may can see*

You...(Al A'raaf: 7:143)"...Ibrahim said: "My Lord, show me how You bring the dead to life...(Al Baqarah: 2:260)

Apparently, Allah has declared 2 important factors, which are still not understood by some humans, namely the first factor is, who is Allah *"... My Lord, show me so that I can see You...(Al A'raaf: 7 : 143)*

The second factor is, how Allah *"My Lord, show me how You bring the dead to life...(Al Baqarah: 2:260)*

Now, with 2 factors that have been declared by Allah, giving lessons for humans that to understand the real Allah, it is necessary to go through *"...Allah's spirit... (Shaad: 38: 72) "...I breathed into him my spirit. ...(Shaad : 38: 72)* not only through Allah's attribute.

That is, if only through Allah's attribute , it only provides information that is on the surface, not to a deep level, about who and how Allah really is.

Well, young Moses, before being appointed as a Prophet, asked Allah, to reveal the form of Allah, this shows that young Moses wanted to know who Allah really was.

It turned out that Allah, immediately gave the answer *"...look at the mountain... (Al A'raaf: 7: 143)*

Apparently, the form of Allah is in *"...mountains...(Al A'raaf: 7:143)*

Why is Allah's form in *"...mountains...(Al A'raaf: 7:143)?*

The answer is hidden in the secret behind the verse: *"... I breathed into him my spirit... (Shaad: 38: 72)*

Well, apparently, the mountain contains *"...my spirit...(Shaad: 38:72)* or *"...Allah's spirit...(Shaad: 38:72)* Or in other words, *".. .mountain...(Al A'raaf : 7: 143)* contains hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So, humans by studying *"...my spirit...(Shaad: 38:72)* or *"...Allah's spirit...(Shaad: 38:72)* will understand the real Allah, not only as Allah's attribute.

Likewise, when the youth of Abraham, before being appointed as a Prophet, asked Allah *"My Lord, show me how You bring the dead to life... (Al Baqarah: 2: 260)*

Well, here's the youth of Ibrahim, wanting to know, how does Allah actually bring dead people to life.

Apparently, Allah gave the answer *"... take four birds, then chop them all up by you... (Al Baqarah: 2: 260)*

Well, apparently, the four chopped up birds died. Then, the one that came back to life was *"...Allah's spirit...(Shaad: 38:72)* which is blown into the bird.

So, actually, *"...Allah's spirit...(Shaad: 38:72)* is in every living thing and things that are in the seven skys. *"...Allah's spirit...(Shaad: 38:72)* is the source of life for all living things and objects in the seven heavens. Or in other words, hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms are the source of life for all living things and objects in the seven skys.

Now, if humans want to understand the real Allah, then they must go through *"...Allah's spirit...(Shaad: 38:72)*not only through Allah's attribute.
