ABSTRACT

Before the author writes about Muslims in the world, must try to change the system, from systems resulted by human thought, to systems resulted by Allah's thought, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secrets about Muslims in the world, must try to change the system, from systems resulted by human thought, to systems resulted by Allah's thought, based on deoxyribonucleate (DNA).

There are a number of verses which are tools to reveal Allah's secrets about Muslims in the world, must try to change the system, from systems resulted by human thought, to systems resulted by Allah's thought, namely the following verses:

"Then when I have completed the body and I have breathed on him My spirit, then you will fall down and prostrate to him." (Shaad: 38: 72)

"And it is not possible for a human that Allah communicates with him except by means of revelation or behind a veil or by sending a messenger and then revealing to him with His permission what He wills. Verily, He is Most High, Most Wise. (Asy Shuura : 42: 51)

"And when My servants ask you about Me, then I am near. I grant the request of the person who prays when he asks Me, then they will fulfill it and let them believe in Me, so that they will always be in the truth. (Al Baqarah: 2: 186)

"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah the east and the west, so wherever you face there is the face of Allah. Surely Allah is All-Wise, All-Knowing. (Al Baqarah: 2: 115)

"And He taught Adam the names of all of them, then revealed them to the Angels and then said: "Tell Me the names of these things if you are truly the righteous!" (Al Baqarah: 2: 31)

"Allah said: "O Adam, tell them the names of these things." So after he told them the names of these things, Allah said: "I have not told you, that indeed I know the secrets of the skys and the earth and know what what did you give birth to and what did you hide?" (Al Baqarah: 2: 33)

"And We made before them a wall and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36: 9)

In an effort to uncover Allah's secret veil about Muslims in the world, must try to change the system, from systems resulted by human thought, to systems resulted by Allah's thought, the author uses deoxyribonucleic acid as a basis.

HYPOTHESIS

Here the author proposes the hypothesis that Muslims in the world, must try to change the system, from systems resulted by human thought, to systems resulted by Allah's thought, based on Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

MUSLIMS IN THE WORLD, MUST TRY TO CHANGE THE SYSTEM, FROM SYSTEMS RESULTED BY HUMAN THOUGHT, TO SYSTEMS RESULTED BY ALLAH'S THOUGHT

Now, we are still concentrating on dismantling the secrets contained behind the verses: *"... He taught Adam the names of all of them ... (Al Baqarah: 2: 31) " Allah said: O Adam, tell them the names of these things ... (Al Baqarah: 2: 33) "...I breathed on him my spirit... (Shaad : 38: 72)"...wherever you turn there is the face of Allah.. . (Al Baqarah : 2: 115)*

Apparently, here Allah or Jahve or Adonai has declared: *"...He taught Adam the names of all of them ... (Al Baqarah: 2: 31) " Allah said: O Adam, tell them the names of these things... (Al Baqarah: 2: 33)*

Well, what Allah or Jahve or Adonai taught Adam was *"...the names of all of them... (Al Baqarah: 2: 31)*

That is, about *"...Allah has created the seven skys...which are...balanced (Al Mulk: 67: 3)*

Well, here, Allah or Jahve or Adonai has taught Adam directly about *"...the seven skys...which are...balanced (Al Mulk: 67: 3)* and whatever is in *"...the seven skys...(Al Mulk : 67: 3)* and its contents.

Or in other words, what was in Allah's mind or Jahve's mind or Adonai's thought was in Adam's mind.

Then, when Allah or Jahve or Adonai declared *"...O Adam, tell them the names of these things...(Al Baqarah: 2: 33)*, describing Adam's thoughts as a reflection of Allah's thoughts or Jahve's thoughts or Adonai's thoughts .

Or it could also be said, Allah's thoughts are reflected by human thoughts.

So, now the question arises,

Is every human thought a reflection of Allah's thought or Jahve's thought or Adonai's thought?

The answer is in the secret behind the verse:*"...Allah has created the seven skys...which are...balanced (Al Mulk: 67: 3)*

So, when human thoughts are *"...balanced (Al Mulk: 67: 3)* with Allah's thoughts or Jahve's thoughts or Adonai's thoughts, then Allah's thoughts or Jahve's thoughts or Adonai's thoughts will be reflected by human thoughts.

So, even though Allah *"...is near...(Al Baqarah: 2: 186)*, exists in the body of every human through the form of Allah or the form of Jahve or the form of Adonai, in the form of *"...my spirit...(Shaad : 38:72)* or *"...the spirit of Allah...(Shaad : 38: 72)* or the spirit of Jahve or the spirit of Adonai, and in the form of Allah's energy or Jahve's energy or Adonai's energy, as well as in the form of Allah's particles or Jahve's particles or Adonai's particles, *"...wherever you turn there is the face of Allah.. .(Al Baqarah : 2: 115)*, but if human thoughts are not *"... balanced (Al Mulk: 67: 3)* with Allah's thoughts or Jahve's thoughts or Adonai's thoughts, then Allah's thoughts or Jahve's thoughts or Adonai's thoughts will not be reflected by human thoughts.

Well, now it turns out that Muslims in the world, including Muslims in Egypt, Syria, Turkey, Afghanistan, Pakistan, Bangladesh, Azerbaijan, Kazakhstan, Turkmenistan, Uzbekistan who are influenced by Hanafi thought, also Muslims in Saudi Arabia who are influenced by Hambali thought, and also Muslims in Indonesia, Malaysia, Somalia, Ethiopia, Yemen who are influenced by Shafi'i thought, as well as Muslims in north-west Africa, Libya, Sudan, Tchad, Nigeria, Algeria, Morocco who are influenced by Maliki thought, as well as Muslims in Iran who influenced by Jafari's thinking, has slipped into the system, the result of human thought, which is used in the state.

Where, is the Muslim thought that makes the system, which is used in the state, not the system made by Muslim thought which is in balance with Allah's thought, but a system made by Muslim thought which is not in balance with Allah's thought or Jahve's thought or Adonai's thought.

Or it could also be said, the system created by Muslim thought that is not in balance with Allah's thought or Jahve's thought or Adonai's thought is a secular system.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"... He taught Adam the names of all of them ...(Al Baqarah: 2: 31) " Allah said: O Adam, tell them the names of these things ...(Al Baqarah: 2: 33) "...I breathed on him my spirit...(Shaad : 38: 72)"...wherever*

you turn there is the face of Allah.. (Al Baqarah : 2: 115)

Apparently, here Allah or Jahve or Adonai has declared: "*...He taught Adam the names of all of them ... (Al Baqarah: 2: 31) " Allah said: O Adam, tell them the names of these things... (Al Baqarah: 2: 33)*

Well, what Allah or Jahve or Adonai taught Adam was "*...the names of all of them... (Al Baqarah: 2: 31)*

That is, about "*...Allah has created the seven skys...which are...balanced (Al Mulk: 67: 3)*

Well, here, Allah or Jahve or Adonai has taught Adam directly about "*...the seven skys...which are...balanced (Al Mulk: 67: 3)* and whatever is in "*...the seven skys... (Al Mulk : 67: 3)* and its contents.

Or in other words, what was in Allah's mind or Jahve's mind or Adonai's thought was in Adam's mind.

Then, when Allah or Jahve or Adonai declared "*...O Adam, tell them the names of these things... (Al Baqarah: 2: 33)*, describing Adam's thoughts as a reflection of Allah's thoughts or Jahve's thoughts or Adonai's thoughts .

Or it could also be said, Allah's thoughts are reflected by human thoughts.

So, now the question arises,

Is every human thought a reflection of Allah's thought or Jahve's thought or Adonai's thought?

The answer is in the secret behind the verse: "*...Allah has created the seven skys...which are...balanced (Al Mulk: 67: 3)*

So, when human thoughts are "*...balanced (Al Mulk: 67: 3)* with Allah's thoughts or Jahve's thoughts or Adonai's thoughts, then Allah's thoughts or Jahve's thoughts or Adonai's thoughts will be reflected by human thoughts.

So, even though Allah "*...is near... (Al Baqarah: 2: 186)*, exists in the body of every human through the form of Allah or the form of Jahve or the form of Adonai, in the form of "*...my spirit... (Shaad : 38:72)* or "*...the spirit of Allah... (Shaad : 38: 72)* or the spirit of Jahve or the spirit of Adonai, and in the form of Allah's energy or Jahve's energy or Adonai's energy, as well as in the form of Allah's particles or Jahve's particles or Adonai's particles, "*...wherever you turn there is the face of Allah.. (Al Baqarah : 2: 115)*, but if human thoughts are not "*... balanced (Al Mulk: 67: 3)* with Allah's thoughts or Jahve's thoughts or Adonai's thoughts, then Allah's thoughts or Jahve's thoughts or Adonai's thoughts will not be reflected by human thoughts.

Well, now it turns out that Muslims in the world, including Muslims in Egypt, Syria, Turkey, Afghanistan, Pakistan, Bangladesh, Azerbaijan, Kazakhstan, Turkmenistan, Uzbekistan who are influenced by Hanafi thought, also Muslims in Saudi Arabia who are influenced by Hambali thought, and also Muslims in Indonesia, Malaysia, Somalia, Ethiopia, Yemen who are influenced by Shafi'i thought, as well as Muslims in north-west Africa, Libya, Sudan, Tchad, Nigeria, Algeria, Morocco who are influenced by Maliki thought, as well as Muslims in Iran who influenced by Jafari's thinking, has slipped into the system, the result of human thought, which is used in the state.

Where, is the Muslim thought that makes the system, which is used in the state, not the system made by Muslim thought which is in balance with Allah's thought, but a system made by Muslim

thought which is not in balance with Allah's thought or Jahve's thought or Adonai's thought.

Or it could also be said, the system created by Muslim thought that is not in balance with Allah's thought or Jahve's thought or Adonai's thought is a secular system.
