ABSTRACT

First of all, by asking forgiveness from Allah SWT here I am trying to open the signs of Allah SWT's greatness regarding the secret about, my spirit in paradise and my spirit in hell will disappear and return to Allah's energy, Allah's energy returns to Allah, seen from the point of view of photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA)

The signs of Allah's greatness regarding, my spirit in paradise and my spirit in hell will disappear and return to Allah's energy, Allah's energy returns to Allah, found in several verses, namely:

"Allah, there is no god but He Who Lives eternally and continually takes care of; neither sleeps nor sleeps. To Him belongs what is in the heavens and the earth. No one can intercede with Allah without His permission? Allah knows what is before them and behind them, and they know nothing of Allah's knowledge except what He wills. Allah's seat covers the heavens and the earth. And Allah does not find it difficult to maintain them, and Allah is Most High, Most Merciful. Great.(Al Baqarah: 2:255)

"He is Allah, Who created all that is on earth for you and He willed the skys, then He made the seven skys. And He is All-Knowing of all things. (Al Baqarah: 2:29)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"So when I have perfected the event and I have breathed into it My spirit; then you should fall down prostrating to it." (Shaad: 38:72)

"The angels and the spirit ascend to God in a day whose levels are fifty thousand years Al Ma'aarij (70:4)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"Who has created the seven skys in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"Those who believe and do righteous deeds, We will enter them into Paradise where rivers flow in them, they will abide therein forever. Allah has made a true promise. And who is more truthful in his words than Allah ? (An Nisaa ': 4: 122)

"Angels and spirits ascend to God in a day the measure of which is fifty thousand years (Al Ma'aarij: 70: 4)

Apparently, here Allah has described to humans that "... *my spirit...* (*Shaad: 38: 72*) who lives in paradise "... *eternal in it...* (*An Nisaa ' : 4: 122*) based on human calculations "... *a day whose content is fifty thousand years* (*Al Ma'aarij: 70: 4*)

My spirit in paradise and my spirit in hell will disappear and return to Allah's energy, Allah's energy returns to Allah

Because only Allah "...*Eternal life...*(*Al Baqarah: 2:255*)

MY SPIRIT THAT LIVES IN PARADISE AND IN HELL AFTER REACHING THE AGE OF 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 YEARS WILL DISAPPEAR AND BECOME ALLAH'S ENERGY

Well, because only Allah "...*Eternal life is continuously taking care of...*(*Al Baqarah: 2:255*) then life is "...*My spirit...*(*Shaad: 38:72*) that comes out of the human body the dead, who live and live in paradise and in hell, do not live forever.

"...*My spirit...*(*Shaad: 38:72*) which is built up by hydrogen atoms, nitrogen atoms, carbon atoms and oxygen atoms after reaching the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years from now, then the atoms that are in "...*My spirit...*(*Shaad: 38:72*) will be disappear, because the nuclear energy that binds the quarks in the atoms is disappear.

That is, the nuclear power that holds the quarks in the atom is lost, because the seven skys are getting wider and wider due to the impulse of dark energy, which can no longer be controlled by nuclear power, because nuclear power is getting weaker, eventually disappearing, and the quarks are released, from within protons, protons are inside every atom. What remains are quarks, where these quarks are the nucleus of the atom.

Now, after the seven skys and everything in them died and disappeared, the energy of Allah, which was the source of life for the seven skys and all of their contents, returned to Allah.

So, paradise, hell and "...*my spirit...*(*Shaad: 38:72*) are not eternal, but disappear and return to the energy of Allah. Allah's energy returns to Allah.

Allah and Allah's energy cannot be separated. There is Allah's energy, so there is Allah.

CONCLUSION

From what has been described above we can now conclude that the secret behind the verse: "...*in paradise...they will abide in it forever and ever...*(*An Nisaa' : 4: 122*)

Apparently, here Allah has described to humans that "... *my spirit...* (*Shaad: 38: 72*) who lives in paradise "... *eternal in it...* (*An Nisaa ' : 4: 122*) based on human calculations "... *a day whose content is fifty thousand years* (*Al Ma'aarij: 70: 4*)

My spirit in paradise and my spirit in hell will disappear and return to Allah's energy, Allah's energy returns to Allah

Because only Allah "...*Eternal life...*(*Al Baqarah: 2:255*)
