## ABSTRACT

Before the author writes the problem on what basis, Allah forbids animals, which are slaughtered without mentioning Allah, first the writer asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret on on what basis, Allah forbids animals, which are slaughtered without mentioning Allah, based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that open the secret about on on what basis, Allah forbids animals, which are slaughtered without mentioning Allah, namely the verses:

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)*

*"Read in the name of your Lord Who created (Al 'Alaq: 96: 1)*

*"He created man from a clot of blood (Al 'Alaq: 96: 2)*

*"Indeed, Allah only forbids you carrion, blood, pork and that which is slaughtered in the name of other than Allah; but whoever is compelled to eat it without persecuting and not transgressing, then indeed Allah is Forgiving, Most Merciful" (An Nahl: 16: 16:18). 115)*

*"Forbidden to you is carrion, blood, pork, which is slaughtered in the name of other than Allah, the strangled, the beaten, the fallen, the gored, and the wild beast devoured, except for those that you had time to slaughter, and which were slaughtered for idols. And draw your fate with arrows are iniquity. This day the disbelievers have given up on your religion, so do not fear them and fear Me. This day I have perfected your religion for you, and have completed My favor upon you, and have approved Islam be a religion for you. So whoever is compelled by hunger to commit a sin, verily, Allah is Most Forgiving, Most Merciful (Al Maa'idah 5:3)*

*"Who has created the seven heavens in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulq: 67: 3)*

In an effort to open the veil of the secret about on what basis, Allah forbids animals, which are slaughtered without mentioning Allah, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## HYPOTHESIS

Here the author proposes the hypothes Allah forbids animals, which are slaughtered without

mentioning Allah, because in the animal's body there is "...*blood (Al 'Alaq: 96: 2)* which contains "... *my spirit...(Shaad: 38: 72 )* or "...*Allah's spirit...(Shaad : 38: 72)* the source of life within"... *the seven skys...(Al Mulk : 67: 3)* and all of its contents, including humans, based on Deoxyribonucleic acid ( DNA)

## **DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **ON WHAT BASIS, ALLAH FORBIDS THE ANIMAL, WHICH IS SLAUGHTERED WITHOUT MENTIONING ALLAH**

Now, we are still trying to focus our minds to reveal the secrets stored in the verses: "... *Allah... forbids... what is slaughtered in the name other than Allah... (An Nahl: 16: 115)*

Apparently, here Allah has declared "... *Allah... forbids... what is slaughtered in the name other than Allah... (An Nahl: 16: 115)*

Now the question is,

Why "... *Allah... forbids... what is slaughtered in the name other than Allah... (An Nahl: 16: 115)?*

Well the answer is in the secret behind the verse: "... *I breathed into him my spirit... (Shaad: 38: 72)* "*He created man from a clot of blood (Al 'Alaq: 96: 2)*

Well, it turns out that "...*blood (Al 'Alaq: 96: 2)* which contains "... *my spirit...(Shaad: 38: 72 )* or "...*Allah's spirit...(Shaad : 38: 72)* is the source of life in the "...*seven skys...(Al Mulk: 67:3)* and all that is in them, including humans, animals, plants, bacteria, amoeba, archaea.

So, actually, because Allah has "...*blowed... my spirit...(Shaad: 38:72)* into whatever is in "...*seven skys...(Al Mulk: 67:3)* and all its contents, and "... *my spirit...(Shaad: 38: 72 )* or "...*Allah's spirit...(Shaad : 38: 72)* is in the "...*blood (Al 'Alaq : 96: 2)* in the body of humans and animals, then when humans want to bleed from the bodies of animals, by slaughtering animals, humans must understand, the blood that will be removed from the bodies of animals is blood that contains "... *my spirit...(Shaad: 38: 72 )* or "...*Allah's spirit...(Shaad : 38: 72)*

Or in other words, to expel "...*blood (Al 'Alaq: 96:2)* which contains "... *my spirit...(Shaad: 38: 72 )* or "...*Allah's spirit...(Shaad : 38: 72)* from the body of an animal, must ask permission from Allah by saying "...*the name... Allah... (Al Maa'idah 5:3)*

Now, the dead animals, whose "...*blood (Al 'Alaq: 96:2)* contains "... *my spirit...(Shaad: 38: 72 )* or "...*Allah's spirit...(Shaad : 38: 72)*, is not issued by means of slaughter, that is, without the permission of Allah by mentioning "...*the name of Allah... (Al Maa'idah 5: 3)*, then the animal is "*Prohibited. ..(Al*

*Maa'idah 5:3*) the meat to be eaten. *"Forbidden to you carcasses ... (animals) that were strangled, beaten, fallen, horned, and attacked by wild animals ... (Al Maa'idah 5 :3)*

Likewise, "...blood (animals) (Al 'Alaq: 96: 2) which contains "... my spirit...(Shaad: 38: 72 ) or "...Allah's spirit...(Shaad : 38: 72), which is issued by slaughtering, but, without the permission of Allah by not mentioning "...Allah's name...(Al Maa'idah 5:3), then the animal is *"Prohibited.. (Al Maa'idah 5:3)* the meat to eat.

So, actually, to take out "...blood (animals) (Al 'Alaq : 96: 2) which contains "... my spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72), there must be permission from Allah by saying "...the name...Allah...(Al Maa'idah 5:3) when slaughtering it.

## CONCLUSION

Based on the description above, we can conclude that the secrets stored in the verses: *"... Allah... forbids... what is slaughtered in the name other than Allah... (An Nahl: 16: 115)*

Apparently, here Allah has declared *"... Allah... forbids... what is slaughtered in the name other than Allah... (An Nahl: 16: 115)*
