ABSTRACT

Before I write down the problem on what basis, humans apologize to Allah, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret, on what basis, humans apologize to Allah, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool on what basis, humans apologize to Allah, namely the verses:

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"And it is He who accepts repentance from His servants and forgives sins and knows what you do." (Ash Shuura: 42:25)

"And whatever calamity befalls you, it is due to the deeds of your own hands, and Allah forgives most of it." (Ash Shuura: 42:30)

"And verily We have created man and know what his heart whispers, and We are closer to him than his jugular vein." (Qaf: 50:16)

"And man prays for evil as he prays for good. And man is hasty. (Al Israa': 17:11)

"It is Allah Who has made the night for you so that you may rest in it; and makes the day bright. Indeed, Allah truly has a bounty bestowed upon mankind, but most people are not grateful. (Al Mu'min: 40:61)

"And it is He who accepts repentance from His servants and forgives sins and knows what you do." (Ash Shuura: 42:25)

"Those who stay away from major sins and abominable deeds apart from minor faults. Verily, your Lord is most merciful. And He knew you better when He made you from clay and when you were still a fetus in your mother's womb; so do not say you are pure. He is the most knowledgeable about the pious. (An Najm: 53: 32)

"Then verily your Lord (forgives) those who do wrong because of their ignorance, then they repent after that and correct, indeed your Lord after that is truly Forgiving, Most Merciful. (An Nahl: 16:119)

"Indeed, We have presented a mandate to the heavens, the earth and the mountains, so all of them are reluctant to carry the mandate and they are afraid of betraying it, and the mandate is carried by humans. Verily, humans are very unjust and very stupid, (Al Ahzab: 33: 72)

"Indeed, humans were created to be grouchy and miserly. (Al Ma'aarij: 70: 19)

"And verily We have repeated for humans in the Qur'an various parables. And humans are the creatures who argue the most. (Al Kahf: 18: 54)

"And verily We have created man from an essence of clay. (Al Mu'minuun: 23:12)

"Then We made the essence of semen in a solid place. (Al Mu'minuun: 23:13)

"Then We made the semen a clot of blood, then We made the clot of blood into a lump of flesh, and We made the lump of flesh into bones, then We covered the bones with flesh. Then We made him another creature. So holy is Allah, The Best Creator (Al Mu'minun: 23:14)

"His companion said to him: "Do you disbelieve in the one who created you from clay, then from a drop of semen, then He made you a perfect man? (Al Kahf: 18: 37)

"... then verily We have created you from clay, then from a drop of semen, then from a clot of blood, then from a lump of flesh which is perfect and imperfect... (Al Hajj: 22: 5)

In an effort to unmask Allah's secret about, on what basis, humans apologize to Allah, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a human hypothesis to apologize to Allah, *"... my spirit... (Al Hijr: 15: 29)* Allah *"... is closer to him than his jugular vein, (Qaaf: 50: 16), but "... humans are not grateful. (Al Mu'min: 40: 61) "...humans are in a hurry. (Al Israa ': 17:11) "...humans are very unjust and very stupid...(Al Ahzab: 33:72) "...humans are creatures who argue the most. (Al Kahf: 18: 54)* , viewed from the basic point of Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

HUMANS ARE THE ESSENTIAL OF THE SOIL

Now, we still continue to focus our minds to reveal the secret behind the verse: *"... We have created man from an essence from the ground. (Al Mu'minuun: 23: 12)*

It turned out to be, *"...the essence of the earth. (Al Mu'minuun: 23: 12)* are carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms. These atoms are in the ground, and above the ground.

Where carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms are the building blocks of the human body. These atoms are also in *"...a drop of semen...(Al Hajj: 22: 5)*

Then *"... semen... (Al Mu'minuun: 23: 13)* stored *"... in a solid place. (Al Mu'minun: 23:13)*

After *"...semen...(Al Mu'minuun: 23:13)* meets the egg from the mother's side, then it is stored *"...in a solid place. (Al Mu'minun: 23:13)*

Well, "... *I have perfected the event, and have breathed into it my spirit...* (Al Hijr: 15: 29)

Now, has been revealed, the secret behind the verse: "... *We have created man from an essence from the ground.* (Al Mu'minuun: 23: 12)

That is, actually in "...*the quintessence of the earth.* (Al Mu'minuun: 23: 12) this already contains "... *my spirit...* (Al Hijr: 15: 29)

That is, in "...*the quintessence of the earth.* (Al Mu'minuun: 23: 12) it already contains carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms.

BASED ON WHAT, HUMANS FORGIVE, TO ALLAH

Now, let's unveil the secret behind the verses "... *I have perfected the incident, and have breathed into it my spirit...* (Al Hijr: 15: 29) "... *We are closer to him than his jugular vein,* (Qaf: 50:16)

It turns out that carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms, which make up the building of "...*my spirit...*(Al Hijr: 15: 29) are already in the "...*the essence of the soil.* (Al Mu'minun: 23:12)

So, actually "... *my spirit...* (Al Hijr: 15: 29) already exists on earth, in the earth and on the earth and in all living organisms, humans, animals that exist on this earth.

Now then, because God has breathed into man "... *my spirit...* (Al Hijr: 15: 29) Allah is "...*closer to him than his jugular vein,* (Qaf: 50:16) , but "...*humans are not grateful.* (Al Mu'min: 40: 61) "...*humans are in a hurry.* (Al Israa ': 17:11) "...*humans are very unjust and very stupid...*(Al Ahzab: 33:72) "...*humans are creatures who argue the most.* (Al Kahf: 18: 54) then, on the basis of these qualities, humans must apologize to Allah, anywhere, anytime.

Whatever is done by humans, which is visible to the eye and invisible to the eye, "... *my spirit...* (Al Hijr: 15: 29) knows and records it.

Or in other words, whatever man does, which is visible to the eye and invisible to the eye, Allah knows. Because Allah "...*closer to him than the jugular vein,* (Qaf: 50:16)

Why is Allah "...*closer to him than his jugular vein,* (Qaf: 50:16)?

The answer is

Hidden in the secret behind the verse: "... *I... have blown into it my spirit...* (Al Hijr: 15: 29)

Of course, "...*whatever calamity befalls you, it is caused by the deeds of your own hands, and Allah forgives most of it*" (Asy Shuura: 42: 30)

"...*Those who do wrong because of their ignorance, then they repent after that and make amends, verily your Lord after that is truly Forgiving, Most Merciful.* (An Nahl: 16: 119)

This is the basis, humans apologize to Allah.

CONCLUSION

Based on the description above, we can conclude that the secret behind the verse: "... *We have created man from an essence from the ground.* (Al Mu'minuun: 23: 12)

It turned out to be, "...*the essence of the earth. (Al Mu'minuun: 23: 12)* are carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms. These atoms are in the ground, and above the ground.

Where carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms are the building blocks of the human body. These atoms are also in "...*a drop of semen...(Al Hajj: 22: 5)*

Then "... *semen... (Al Mu'minuun: 23: 13)* stored "... *in a solid place. (Al Mu'minun: 23:13)*

After "...*semen...(Al Mu'minuun: 23:13)* meets the egg from the mother's side, then it is stored "...*in a solid place. (Al Mu'minun: 23:13)*

Well, "... *I have perfected the event, and have breathed into it my spirit... (Al Hijr: 15: 29)*

Now, has been revealed, the secret behind the verse: "... *We have created man from an essence from the ground. (Al Mu'minuun: 23: 12)*

That is, actually in "...*the quintessence of the earth. (Al Mu'minuun: 23: 12)* this already contains "... *my spirit... (Al Hijr: 15: 29)*

That is, in "...*the quintessence of the earth. (Al Mu'minuun: 23: 12)* it already contains carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms.

Now, let's unveil the secret behind the verses "... *I have perfected the incident, and have breathed into it my spirit... (Al Hijr: 15: 29)* "... *We are closer to him than his jugular vein, (Qaf: 50:16)*

It turns out that carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms, which make up the building of "...*my spirit...(Al Hijr: 15: 29)* are already in the "...*the essence of the soil. (Al Mu'minun: 23:12)*

So, actually "... *my spirit... (Al Hijr: 15: 29)* already exists on earth, in the earth and on the earth and in all living organisms, humans, animals that exist on this earth.

Now then, because God has breathed into man "... *my spirit... (Al Hijr: 15: 29)* Allah is "...*closer to him than his jugular vein, (Qaaf: 50:16)* , but "...*humans are not grateful. (Al Mu'min: 40: 61)* "...*humans are in a hurry. (Al Israa ': 17:11)* "...*humans are very unjust and very stupid...(Al Ahzab: 33:72)* "...*humans are creatures who argue the most. (Al Kahf: 18: 54)* then, on the basis of these qualities, humans must apologize to Allah, anywhere, anytime.

Whatever is done by humans, which is visible to the eye and invisible to the eye, "... *my spirit... (Al Hijr: 15: 29)* knows and records it.

Or in other words, whatever man does, which is visible to the eye and invisible to the eye, Allah knows. Because Allah "...*closer to him than the jugular vein, (Qaaf: 50:16)*

Why is Allah "...*closer to him than his jugular vein, (Qaaf: 50:16)*?

The answer is

Hidden in the secret behind the verse: "... *I... have blown into it my spirit... (Al Hijr: 15: 29)*

Of course, "...*whatever calamity befalls you, it is caused by the deeds of your own hands, and Allah forgives most of it" (Asy Shuura: 42: 30)*

"...*Those who do wrong because of their ignorance, then they repent after that and make amends, verily your Lord after that is truly Forgiving, Most Merciful. (An Nahl: 16: 119)*

This is the basis, humans apologize to Allah.
