## ABSTRACT

Before I write down the problem on what basis, some people think, life is taken through the mouth of a human, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about on what basis, some people think, life is taken through the human mouth, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool on what basis, some people think, that life is taken out of human mouths, namely the verses:

*"... when Allah said: "O Isa, indeed I will kill you and raise you to Me and cleanse you from those who disbelieve, and make those who follow you above those who disbelieve until the Day of the Day of Resurrection. Then to Me is your return, then I will judge between you about things that you always disagree with." (Ali 'Imran: 3:55)*

*"But Allah has raised Jesus to Him. And Allah is Mighty, Most Wise. (An Nisaa ': 4: 158)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)*

*"Indeed, for example, Isa in the sight of Allah, is like Adam. Allah created Adam from clay, then Allah said to him: "Be", so he was. (Ali 'Imran : 3:59)*

*"And Maryam, the daughter of Imran, who kept her honor, so We breathed into her a part of Our spirit, and she confirmed the words of her Lord and His Books, and she was one of the obedient. (At Tahrir: 66:12)*

*"Allah is the light of the heavens and the earth...Light upon light...(An Nuur: 24: 35)*

*"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)*

In an effort to open the veil of Allah's secret about on what basis, some people think, life is taken through the human mouth, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## HYPOTHESIS

Here I propose the hypothesis *"... my spirit... (Al Hijr: 15: 29)* which is in the entire human body seen from the basic point of Deoxyribonucleic acid (DNA)

## DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## WHAT IS THE SOUL THAT MOST OF HUMANS THINK UNTIL NOW

Now, we are still trying to focus our minds to reveal the secret hidden behind the verse: *"Allah holds the soul when it dies and the soul that has not died when it sleeps; so He holds the soul which He has appointed death and He releases another soul until the time of death. determined...(Az Zumar : 39: 42)*

Apparently, most people until now, still think that *"Allah holds the soul when it dies and the soul that has not died while sleeping ... (Az Zumar: 39: 42)* means, the soul or life of a person while sleeping is taken by Allah through his mouth. .

Then, when Allah decides to take the person's life, then *"...He holds the soul which He has determined his death... (Az Zumar: 39: 42)* meaning, the life of that person which Allah has taken out of his mouth, is not put in again into the person's mouth and body.

So, according to most people until now, assume that body and soul are separate. Life can be taken out through the mouth, then put again through the mouth.

## MY SPIRIT WHICH IS BLOWED BY ALLAH INTO THE MOTHER'S MOTHER'S WOMEN ERASING THE CONCEPT OF MOST PEOPLE, LIFE AND BODY SEPARATE

Now, let's unveil the secret behind the verse: *"...I...have blown into it my spirit...(Al Hijr: 15: 29) "...into her womb...(At Tahrir: 66:12 )*

Apparently, Allah has blown *"... my spirit... (Al Hijr : 15: 29) "... into her womb... (At Tahrir : 66: 12) meaning, "... my spirit.. (Al Hijr: 15: 29) united in the body.*

Why *"... my spirit... (Al Hijr: 15: 29)* unites with the body?

The answer is

Hidden in the secret behind the verse: *"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts... (As Sajdah: 32: 9)*

So, *"... my spirit... (Al Hijr: 15: 29)* is blown into the mother's womb, when the sperm and egg have become a fetus in the mother's womb. That is, Allah has *"... perfected... (As Sajdah: 32: 9)* the event, became a fetus.

After that, Allah: *"...blow my spirit into it...(Al Hijr: 15: 29) "...into her womb... (At Tahrir: 66:12)*

Well, after *"... my spirit... (Al Hijr: 15: 29)* is in the fetus, then *"...He made for you hearing, sight and heart... (As Sajdah: 32: 9)*

Now, it is clearly illustrated, that *"... my spirit... (Al Hijr: 15: 29)* is united with the body, cannot be separated, cannot be removed while people are sleeping. Unless that person has died, only *"... my spirit... (Al Hijr: 15: 29)* comes out of the body of the dead person buried, in the form of hydrogen atoms, nitrogen atoms, carbon atoms and oxygen atoms.

Well, now it has been revealed, the assumption of most humans, that the life is separate from the body, turns out to be contrary to what Allah has created, through *"... my spirit... (Al Hijr: 15: 29)*

Or in other words, the assumption of most people, that the soul is separate from the body, turns out to be contrary to the law of Allah or the law of nature.

## CONCLUSION

Based on the description above, we can conclude that the secret hidden behind the verse: *"Allah holds the soul when it dies and the soul that has not died when it sleeps; so He holds the soul which He has appointed death and He releases another soul until the time of death. determined...(Az Zumar : 39: 42)*
