## ABSTRACT

Before the author writes about Pope in the Vatican, Bishops, Cardinals are silent, Roman Emperor Heraclius did not dare to fight the Prophet Muhammad saw in Tabuk in 9 H (631 AD), the author first asked Allah SWT for forgiveness. Here the author tries to open the veil covering secrets about Pope in the Vatican, Bishops, Cardinals are silent, Roman Emperor Heraclius did not dare to fight the Prophet Muhammad saw in Tabuk in 9 H (631 AD), based on deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secrets about the Pope in the Vatican, Bishops, Cardinals were silent, Roman Emperor Heraclius did not dare to fight the Prophet Muhammad in Tabuk in 9 AH (631 AD), namely the following verses:

*"...And the weak, both men, women and children who all pray: O our God, take us out of this land whose inhabitants are unjust..."(An-Nisa: 4: 75).*

In an effort to reveal the secret of Allah about Pope in the Vatican, Bishops, Cardinals are silent, Roman Emperor Heraclius did not dare to fight the Prophet Muhammad saw in Tabuk in 9 H (631 AD), the author used the basis of deoxyribonucleic acid.

## HYPOTHESIS

Here the author puts forward the hypothesis that the Pope in the Vatican, the Bishop, the Cardinal were silent, the Roman Emperor Heraclius did not dare to fight the Prophet Muhammad in Tabuk in 9 AH (631 AD), based on Deoxyribonucleic acid (DNA)

## DEOXYRIBONUCLIC ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules which are composed repeatedly of nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogen bases. The nitrogen bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are found in abundance around us and in the atmosphere.

## **POPE IN THE VATICAN, BISHOPS, CARDINALS ARE SILENT, ROMAN EMPEROR HERACLIUS NOT DARE TO FIGHT THE PROPHET MUHAMMAD SAW IN TABUK YEAR 9 AH (631 AD)**

So now, we still focus our minds on uncovering the secret hidden behind the verses: *"...the weak, both men, women and children who all pray: O our God, take us out of this land whose inhabitants are unjust..."(An-Nisa: 4: 75).*

Well, here Allah or YHWH declares *"...the weak, both men, women and children who all pray: O our God, take us out of this land whose inhabitants are unjust..."(An-Nisa: 4: 75).*

Well, the declaration of Allah or YHWH in the twelfth year of the prophethood (621 AD).

In the twelfth year of the prophethood (621 AD), seventy-two Muslims came from Medina during the Hajj season and accepted Islam, also inviting the Prophet Muhammad saw to come to Medina.

Their leader Bara bin Marur stated on behalf of the people of Medina to provide the necessary guarantees and protection to the Prophet Muhammad saw.

They made a joint vow called the second Aqabah vow. The Prophet Muhammad saw chose twelve people from Medina Muslims and appointed them as leaders. Nine people from the Khazraj tribe and three people from the Aus tribe. Those from Khazraj were Asad bin Zararah, Rafi' bin Malik, Ubadah bin Shamit, Sa'ad bin Rabi', Mandzar bin 'Amr, 'Abdullah bin Rawaha, Bara bin Marur, 'Abdullah bin 'Amar and Sa'd bin 'Ubadah . From the Aus tribe were Usaid bin Hudnair, Sa'd bin Khaitsmah and Rafa'ah bin 'Abdul Mundzar.

After the second Aqabah vow, the Prophet Muhammad saw allowed Muslims to emigrate to Medina, based on the declaration of Allah or YHWH *"...the weak, both men, women and children who all pray: O our God, take us out of this land whose inhabitants are unjust..."(An-Nisa: 4: 75).*

So on Friday, 12 Rabi'ul Awwal 1 Hijrah, the thirteenth year of the prophethood which coincides with 24 September 622 AD, the start of the Islamic calendar.

After arriving in Medina, the Prophet Muhammad saw built a mosque called the Nabawi Mosque, this mosque was used as the Prophet's home, place of worship and final resting place.

In 1 AH (622 AD) the Prophet Muhammad saw directly founded the First Islamic State in Medina.

In the year 1 AH (622 AD), the Prophet Muhammad saw entered into a pact agreement between the Muslims (Khazraj tribe, Aus tribe and Muhajirin tribe) and Jews (Qainuqa tribe, Bani Nadhir and Bani Quraizhah) who were and lived in Yathrib. Where the pact was made into the Medina Law or as the Constitution of the First Islamic State in Yathrib.

So now, the question arises,

In what year did the Prophet Muhammad saw, as head of the first Islamic state in the world, face the Roman Emperor Heraclius?

The answer is the Roman Emperor Heraclius who ruled between 610 AD – 641 AD, when the Roman Emperor Heraclius defeated the Sassanid Empire in Persia mentioned in Quran (Ar Ruum: 30: 2-4).

In the month of Rajab 9 H (631 AD) the Prophet Muhammad saw with 30,000 Muslim soldiers and 10,000 horses ready to face the troops of the Roman Emperor Heraclius. It turned out that after walking for about two weeks, the Muslim troops camped in a place called Tabuk, between Medina and Damascus.

Here the Prophet Muhammad saw wanted to hear what the troops of the Roman Emperor Heraclius would do. It turned out that the troops of the Roman Emperor Heraclius withdrew back to the borders of his country, not daring to face the Muslim troops. Muslim troops returned to Medina.

Well, it turns out, when the troops of the Roman Emperor Heraclius did not dare to face the troops led by the Prophet Muhammad saw, it proved that the Roman Emperor Heraclius, who embraced the teachings of the Jewish religion of Jesus, knew that the Prophet Muhammad saw was not only a prophet but also a leader of the first Islamic state in the world.

Well, this history is in the records of the Roman Emperors, but the Pope, Bishops, Cardinals in the Vatican are silent, because silence is better than making wrong comments.

## CONCLUSION

Based on the description above, we can conclude that the secret hidden behind the verses: ***"...the weak, both men, women and children who all pray: O our God, take us out of this land whose inhabitants are unjust..."***(An-Nisa: 4: 75).

Well, here Allah or YHWH declares ***"...the weak, both men, women and children who all pray: O our God, take us out of this land whose inhabitants are unjust..."***(An-Nisa: 4: 75).

Well, the declaration of Allah or YHWH in the twelfth year of the prophethood (621 AD).

In the twelfth year of the prophethood (621 AD), seventy-two Muslims came from Medina during the Hajj season and accepted Islam, also inviting the Prophet Muhammad saw to come to Medina.

Their leader Bara bin Marur stated on behalf of the people of Medina to provide the necessary guarantees and protection to the Prophet Muhammad saw.

They made a joint vow called the second Aqabah vow. The Prophet Muhammad saw chose twelve people from Medina Muslims and appointed them as leaders.
