ABSTRACT

First of all, by asking forgiveness from Allah SWT, here I try to reveal the signs of Allah's greatness regarding there are still many people in the world who believe that Allah as a king who sits on his royal chair regulates his creatures, surrounded by angels, based on the molecular structure of nucleic acids or deoxyribonucleic acid. acid (DNA)

In the Qur'an, several verses are found that are the key to unlocking Allah's secret regarding the many people in the world who believe, that Allah as a king who sits on his royal chair governs his creatures, surrounded by angels, namely the verses:

"Verily your Lord is Allah Who created the skys and the earth in six days, then He resided above the Throne. He closed the night to the day which followed quickly, and the sun, moon and stars submit to His command. Remember, creating and ruling is only Allah's right. Glory be to Allah, Lord of the worlds. (Al A'raaf: 7: 54)

"It is Allah Who has raised the sky without a pillar that you can see, then He resides above the Throne, and subdues the sun and the moon. Each circulates until a certain time. Allah arranges affairs, explains the signs, so that you believe in meeting with your Lord.(Ar Ra'd: 13:2)

"Allah, there is no god to be worshiped except Him, the Lord of the Great Throne." (An Naml: 27:26)

"Allah is the light of the heavens and the earth...Light upon light...(An Nuur: 24: 35)

"And you will see angels circling around the 'Throne glorifying and praising their Lord; and being judged among the servants of Allah with justice and saying: "Praise be to Allah, Lord of the worlds." (Az Zumar: 39:75))

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And if We made the apostle an angel, We would certainly have made him a male and, of course, We would have doubted about them what they doubted about themselves." (Al An'aam: 6:9)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"Allah, there is no god but He Who Lives eternally and continually takes care of; neither sleeps nor sleeps. To Him belongs what is in the heavens and the earth. No one can intercede with Allah without His permission? Allah knows what is before them and behind them, and they know nothing of Allah's knowledge except what He wills. Allah's seat covers the heavens and the earth. And Allah does not find it difficult to maintain them, and Allah is Most High, Most Merciful. Great.(Al Baqarah: 2:255)

"Verily your Lord is Allah Who created the heavens and the earth in six days, then He resided above the Throne to manage all affairs. No one will intercede except after His permission. That is Allah, your Lord, then worship Him. Then do you not take heed? (Yunus: 10:3)

"And among the signs of His power, He shows you lightning for fear and hope, and He sends down rain from the sky and then gives life to the earth with it after its death. Verily in that are signs for a people. who uses his mind (Ar Ruum: 30: 24)

"And the angels are in the corners of the sky. And on that day eight angels will uphold the Throne of your Lord above them. (Al Haaqqah: 69:17)

In an effort to open the veil, there are still many people in the world who believe, Allah as a king who sits on his royal chair to govern his creatures, surrounded by angels, I based on photons, quarks and deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESES

Here I propose the hypothesis that there are still many people in the world who believe that Allah as a king who sits on his royal chair governs his creatures, surrounded by angels, because most humans do not understand and do not realize that Allah's form is Allah's energy and *"...my spirit.. . (Shaad : 38: 72)*, viewed from the point of view of photons, quarks and Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split,

then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

MOST OF HUMANS IN THE WORLD STILL BELIEVE THAT ALLAH IS A KING WHO SEATS ON THE CHAIR OF HIS KINGDOM, SURROUNDED BY ANGELS, WHILE MANAGING AND CONTROLLING HIS CREATURES ON EARTH

Now, we are still trying to focus our minds to uncover the secrets contained in the verse: *"Who created the seven heavens in layers... (Al Mulk: 67: 3) "...raised the sky without the pillars you see, then He resided above the 'Throne...managing affairs...(Ar Ra'd: 13:2) "...the angels circled around the 'Throne. ..(Az Zumar: 39: 75) "...eight angels uphold the 'Throne of your Lord above them. (Al Haaqqah: 69:17)*

Apparently, there are still many people in this world when they read the verses above, they immediately see and imagine that Allah is a king who sits on his royal chair, while his royal chair is lifted by angels, surrounded by angels.

So, why do people think of Allah as a king who sits on his royal seat and is surrounded by angels?

The answer is

It is hidden in the secret behind the verse because Allah: *"...Eternal life is continuously taking care of... To Him belongs whatever is in the skys and the earth... (Al Baqarah: 2:255) "...resides above the ' Throne to manage all affairs...(Yunus: 10:3)*

Well, illustrated in the verse above where Allah sits on his royal chair, to manage all affairs, his kingdom is as wide as between skys and earth, and a king who lives eternally.

So, the thought of most people in the world who believe that Allah is a king who sits on a throne, surrounded by angels, with various orders is indeed acceptable to the mind.

Why is the opinion of most people about Allah as a king with his royal seat acceptable to the mind?

The answer is

Hidden in the secret behind the verse: *"...among the signs of His power, He shows you lightning for fear and hope, and He sends down rain from the sky, then gives life to the earth with water after its death... in that indeed there are signs for a people who use their minds.(Ar Ruum: 30:24)*

Now, for humans who use their minds, with lightning, rain falling, the growth of plants with rain water, these are all symbols, how Allah actually gives sustenance to humans, how Allah revives the dead, gives joy, with lightning, for it will rain.

However, for most of the people in the world, they still have not used their minds when reading the verses: *"...He resides on the 'Throne...managing affairs...(Ar Ra'd: 13:2)".. .the angels circle around the 'Throne...(Az Zumar: 39:75) "...eight angels uphold the 'Throne of your Lord above them. (Al Haaqqah: 69:17)*

So it arises in the minds of most people that indeed Allah is a king who sits on his royal chair while being lifted up his royal chair and surrounded by angels.

Well, this is the situation that arises in the minds of most people in this world, because they do not understand that it is all just a symbol.

Whereas the truth is that Allah needed hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms to *"...create the seven skys in layers... (Al Mulk: 67: 3)*

THE CREATION OF THE SEVEN SKY NEEDS HYDROGEN ATOM, CARBON ATOM, NITROGEN ATOM AND OXYGEN ATOM

Allah *"...has created the seven skys in layers...(Al Mulk: 67:3)* which requires hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Where do the hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms come from?

The answer is

Hidden in the secret behind the verse: *"...He resides on the 'Throne...(Al A'raaf: 7: 54)*

It turns out that the 'Throne is a place full of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms which are indispensable for the creation of *"...the seven skys in layers...(Al Mulk: 67: 3)*. The stars, sun, earth, moon and other planets need hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

ANGELS SURROUNDING TO CONTROL WHETHER THERE ARE STILL THE HYDROGEN ATOM, NITROGEN ATOM, CARBON ATOM AND OXYGEN ATOM

Now, because hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms are indispensable in the creation of *"...the seven skys in layers...(Al Mulk: 67:3)*, the angels go around to control whether the atoms it doesn't come off and it doesn't spread everywhere.

Hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms are indispensable for humans, animals, plants, and other creatures of Allah on this earth. So that the 'Throne must be really guarded *"...the angels circle around the 'Throne...(Az Zumar: 39: 75)*

The angels who *"... are in the corners of the sky... (Al Haaqqah: 69: 17)* continue to control if carbon atoms, nitrogen atoms and oxygen atoms come out of the 'Throne,

In high places it is continuously controlled by the angels in case carbon atoms, nitrogen atoms and oxygen atoms come out of the 'Throne...(angel)-angels uphold the 'Throne...(Al Haaqqah: 69:17)

THE STARS, THE SUN, THE EARTH, THE MOON AND THE PLANETS NEED HYDROGEN ATOMS, OXYGEN ATOMS, NITROGEN ATOMS AND A CARBON ATOM

Without hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms it is impossible for stars, sun, earth, moon and other planets to be created.

So, the symbol in the verse: *"...He resides above the 'Throne...(Al A'raaf: 7: 54)* Where the 'Throne is a place full of hydrogen atoms, carbon atoms, nitrogen atoms and other atoms. oxygen which is indispensable for the creation of *"...the seven skys in layers...(Al Mulk: 67: 3)*. The stars, sun, earth, moon and other planets need hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

CONCLUSION

Based on the description above, we can conclude that the secrets contained in the verse: *"Who*

created the seven heavens in layers... (Al Mulk: 67: 3) "...raised the sky without the pillars you see, then He resided above the 'Throne...managing affairs...(Ar Ra'd: 13:2) "...the angels circled around the 'Throne. ..(Az Zumar: 39: 75) "...eight angels uphold the 'Throne of your Lord above them.
