ABSTRACT

Before I write down the problem of monotheism born after understanding the early Allah, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of monotheism born after understanding the early Allah, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about monotheism born after understanding the initial Allah, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a male and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

Allah said: "O Moses, verily I chose you and other humans to carry My message and to speak directly with Me, therefore hold fast to what I have given you and be among those who are grateful." (Al A'raaf: 7:144)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth (Al Baqarah: 2: 186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31: 28)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"And among His signs is that you see the earth dry and arid, so when We send down water on it, it will surely move and thrive. Indeed, God Who gives life to it, surely can bring back the dead... (Fushshilat: 41: 39)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"It is He Who created the skys and the earth in six days: Then He resides on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is All-Seeing of what you do. (Al Hadiid: 57:4)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to open the veil of Allah's secret about monotheism born after understanding the initial Allah, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis of the birth of monotheism after humans understood the early Allah, from the point of view of Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms which is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

ALLAH THE BEGINNING WAS THE SOURCE OF ENERGY FOR THE CREATING OF THE UNIVERSE AND ALL ITS CONTENTS

Now, we are still concentrating on dismantling the secrets contained behind the verse: *"He is the First...(Al Hadiid: 57:3) "It is He who created the skys and the earth in six periods...(Al Hadiid: 57: 4)*

Apparently, here Allah has declared: Allah *"...The First...(Al Hadiid: 57:3) "...who created the skys and the earth...(Al Hadiid: 57:4)*

Now the question arises,

If it is true that Allah *"...The First...(Al Hadiid: 57:3) when was he created"...the skys and the earth...(Al Hadiid: 57:4)?*

The answer is,

The sky or what is called the universe and everything in it, was created 13 800 000 000 years ago. Where through the energy of Allah was originally created the core of this universe, which is called a quark. From quarks are born hydrogen atoms and other atoms. Where these atoms are the building blocks of the universe and all its contents, including the building of the human body.

TAUHID BORN BECAUSE OF THE EARLY ALLAH

Now, since there is no other source of energy in this universe, apart from Allah, then there is no other reason for human beings to seek energy sources other than Allah,

Now, when humans understand that there is no source of Allah's energy in the universe other than Allah, then monotheism is born.

So, monotheism is born because Allah is the only source of Allah's energy in the universe and all its contents.

Or in other words, monotheism is a declaration from Allah which states that Allah is *"...the First...(Al Hadiid: 57:3) "...who created the skys and the earth...(Al Hadiid: 57 : 4)* with the energy of Allah, which is now visible in the universe with all that is in it.

TAUHID DOESN'T NEED TO STRENGTHEN, BECAUSE TAUHID IS BORN FROM THE BEGINNING ALLAH

Now, humans to know monotheism must understand Allah *"... the First... (Al Hadiid: 57: 3)*

Humans without understanding Allah *"... the First... (Al Hadiid: 57: 3)* , then humans are difficult to understand what monotheism is.

CONCLUSION

The conclusions that can be drawn from the explanation above are the secrets contained behind the verse: *"He is the First...(Al Hadiid: 57:3) "It is He who created the skys and the earth in six periods...(Al Hadiid: 57: 4)*

Apparently, here Allah has declared: Allah *"...The First...(Al Hadiid: 57:3) "...who created the skys and the earth...(Al Hadiid: 57:4)*

Now the question arises,

If it is true that Allah *"...The First...(Al Hadiid: 57:3) when was he created"...the skys and the earth...(Al Hadiid: 57:4)?*

The answer is,

The sky or what is called the universe and everything in it, was created 13 800 000 000 years ago. Where through the energy of Allah was originally created the core of this universe, which is called a quark. From quarks are born hydrogen atoms and other atoms. Where these atoms are the building blocks of the universe and all its contents, including the building of the human body.

Now, since there is no other source of energy in this universe, apart from Allah, then there is no other reason for human beings to seek energy sources other than Allah,

Now, when humans understand that there is no source of Allah's energy in the universe other than Allah, then monotheism is born.

So, monotheism is born because Allah is the only source of Allah's energy in the universe and all its contents.

Or in other words, monotheism is a declaration from Allah which states that Allah is "*...the First... (Al Hadiid: 57:3) "...who created the skys and the earth...(Al Hadiid: 57 : 4)* with the energy of Allah, which is now visible in the universe with all that is in it.

Now, humans to know monotheism must understand Allah "*... the First... (Al Hadid: 57: 3)*

Humans without understanding Allah "*... the First... (Al Hadiid: 57: 3)* , then humans are difficult to understand what monotheism is.
