ABSTRACT

First of all, by asking forgiveness from Allah SWT here I try to reveal the signs of Allah SWT about Allah's secret about the residents of paradise and hell are all my spirits, there is no need for paradise and hell which is vast and large, based on photons, quarks and molecular structures nucleic acid or deoxyribonucleic acid (DNA)

In the Qur'an found several verses that are the key to unlocking the secrets of the residents of paradise and hell are all my soul, there is no need for paradise and hell which is wide and big, namely the verses:

"And between the two there is a boundary; and above A'raaf there are people who know each of the two groups by their signs. And they call out to the people of Paradise: "Salaamun 'alaikum." They have not yet entered it, while they want it immediately (Al A'raaf: 7: 46)

"Allah promises the believers, male and female, Paradise under which rivers flow, they will abide therein, there are good places in Paradise 'Adn. And Allah's pleasure is greater; that is great fortune. (At Taubah: 9:72)

"Indeed Allah will admit those who believe and do righteous deeds into Paradises beneath which rivers flow. In Paradise they are adorned with gold and pearl bracelets, and their clothing is silk. (Al Hajj :22:23)

"Glory be to Him who, if He willed, He would have made for you something better than this, gardens beneath which rivers flow, and He made for you palaces. (Al-Furqaan: 25:10)

"Then both of them were derailed by the devil from heaven and brought out from their original state and We said: "Come down! some of you are enemies to others, and for you there is a dwelling place on earth, and the pleasure of living to an appointed time." (Al Baqarah: 2:36)

"And give good tidings to those who believe and do good, that for them there are provided gardens with rivers flowing in them. Every time they are given sustenance of fruit in those paradises, they say: "This is what was given to them. us first." They are given similar fruits and for them are pure wives and they will abide therein (Al Baqarah: 2:25)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

Allah said: "Enter all of you into hell with the jinn and humans who went before you. Every time a people enter, he curses his friend; so that when they all enter say those who enter later among them say to those who entered earlier: "Our Lord, they have led us astray, so bring upon them a double torment from hell." Allah said: "Each one gets a double, but you do not know." (Al A'raaf: 7:38)

"Say: "O Allah, Creator of the heavens and the earth, Who knows the unseen and the real, You are the One who decides between Your servants what they always argue about." (Az Zumar: 39: 46)

In an effort to open the veil about Allah's secret about the residents of paradise and hell, which are all my spirits, there is no need for a vast and large paradise and hell, I based on photons, quarks and deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that the residents of paradise and hell are all my spirits, which are composed of oxygen atoms, hydrogen atoms, nitrogen atoms and carbon atoms, no need for a vast and large paradise and hell, based on photons, quarks and deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

ADAM AND HIS WIFE GET OUT OF PARADISE, NEED A BODY

Now, we still continue to focus our minds in order to uncover the secrets that are hidden behind the verse: ***"So when I have perfected the event, and have blown my spirit into it, then submit to it in prostration (Al Hijr: 15: 29)***

It turns out, it is revealed now, that because Adam and his wife were going out of paradise, and it was Allah's decree, Adam and his wife had to get out of paradise.

Allah declared: ***"... if I have perfected the incident... (Al Hijr: 15: 29)*** , meaning that when Adam's body has been perfectly formed, as is the human form like us today, then Allah breathed into Adam's body ***".. My spirit...(Al Hijr : 15: 29)***

So, when Adam and his wife were expelled from paradise, after Allah declared: ***"...We say: "Come down!...(Al Baqarah: 2:36)*** , they have a perfect body shape, in which there is ***".. My spirit...(Al Hijr : 15: 29)***

WHEN ADAM AND HIS WIFE DIED ON EARTH, MY SPIRIT WAS OUT OF THEIR BODY

Now, we continue to dig deeper and deeper into the secret behind the verse: ***"Allah holds the soul when it dies... He holds the soul which He has determined to die... (Az Zumar: 39: 42)***

It turns out, when a person has Allah ***"...determines his death....(Az Zumar: 39: 42)*** , then ***"... He***

endures the soul...(his)(Az Zumar: 39: 42) Or in other words On the other hand, when a person has Allah *"...determines his death....(Az Zumar: 39: 42)* then Allah holds back *"... my spirit... (Al Hizr: 15: 29)* out of that person's body.

MY SPIRIT WHO RESIDENTS IN PARADISE AND HELL

Now, let's unveil the secret behind the verse: *"... Allah will admit those who believe and do righteous deeds into the paradise beneath which rivers flow... (Al Hajj: 22: 23)*

We will also reveal the secret behind the verse: *"Allah says: "Enter all of you into hell... (Al A'raaf: 7: 38)*

Well, it turns out, the residents of paradise and hell are *"... my spirit... (Al Hizr: 15: 29)*, where *"...my spirit...(Al Hizr: 15: 29)* is formed from oxygen atoms, hydrogen atoms, nitrogen atoms and carbon atoms.

MY SPIRIT DOESN'T NEED A SPACE AND BIG PLACE OF PARADISE AND HELL, NOR NEEDS A LOT OF FOOD

Now it is revealed, that *"... my spirit... (Al Hizr: 15: 29)*, which comes out of the body of the dead, gathers and becomes an residents of paradise and residents of hell, does not need a place in a wide and large paradise, and nor does it need a place in the wide and great hell.

Also *"... my spirit... (Al Hizr: 15: 29)* does not need a lot of food and drink like when it is still in the body of a living person. It is enough that there are only *"...fruits...(Al Baqarah: 2:25)"...their eternal life in it...(At Taubah: 9:72)*

HUMAN VIEW CAN'T SEE MY SPIRIT IN PARADISE AND HELL

Now, let's unveil the secret behind the verse: *"Verily Allah will admit those who believe and do righteous deeds into the gardens beneath which rivers flow... (Al Hajj: 22: 23)*

And the secret of the verse: *"Allah says: "Enter you all into hell... (Al A'raaf: 7:38)*

It turns out, even though *"... my spirit... (Al Hizr: 15: 29)* is already in paradise and hell, but the human eye can't see it, why?

The answer is

Hidden behind the secret of the verse: *"Say: "O Allah, Creator of the heavens and the earth, Who knows the unseen and the real... (Az Zumar: 39: 46)*

Well apparently, the human eye can't see, because the human eye can only see light in the electromagnetic spectrum region between 430 and 740 nanometers.

If there is light in the electromagnetic spectrum below 430 nanometers and light in the electromagnetic spectrum above 740 nanometers, the human eye cannot see the light. Where the rays of light are called unseen.

So, because *"...my spirit... (Al Hizr: 15: 29)* who are the residents of paradise and the residents of hell are in the electromagnetic spectrum area below 430 nanometers and are in the electromagnetic spectrum area above 740 nanometers, the human eye cannot see it. can see *"... my spirit... (Al Hizr: 15: 29)*.

Now it has been revealed, the secret hidden behind the verse: *"Verily Allah will admit those who believe and do righteous deeds into the heavens... (Al Hajj: 22: 23)* and the secret of the verse: *"Allah says: "Enter all of you to hell...(Al A'raaf: 7:38)*

Apparently, the human eye can not see *"... my spirit... (Al Hijr: 15: 29)* which has become an resident of paradise and an resident of hell, because the human eye can only see light in the electromagnetic spectrum region between 430 and 740 nanometers.

Because *"...my spirit...(Al Hijr: 15: 29)* is in the area of the electromagnetic spectrum below 430 nanometers and is in the area of the electromagnetic spectrum above 740 nanometers.

CONCLUSION

Based on the description above, we can conclude that the secrets that are hidden behind the verse: *"So when I have perfected the event, and have blown my spirit into it, then submit to it in prostration (Al Hijr: 15: 29)*

It turns out, it is revealed now, that because Adam and his wife were going out of paradise, and it was Allah's decree, Adam and his wife had to get out of paradise.

Allah declared: *"... if I have perfected the incident... (Al Hijr: 15: 29)* , meaning that when Adam's body has been perfectly formed, as is the human form like us today, then Allah breathed into Adam's body *".. My spirit...(Al Hijr : 15: 29)*

So, when Adam and his wife were expelled from paradise, after Allah declared: *"...We say: "Come down!...(Al Baqarah: 2:36)* , they have a perfect body shape, in which there is *".. My spirit...(Al Hijr : 15: 29)*

Now, we continue to dig deeper and deeper into the secret behind the verse: *"Allah holds the soul when it dies... He holds the soul which He has determined to die... (Az Zumar: 39: 42)*

It turns out, when a person has Allah *"...determines his death....(Az Zumar: 39: 42)* , then *"... He endures the soul...(his)(Az Zumar: 39: 42)* Or in other words On the other hand, when a person has Allah *"...determines his death....(Az Zumar: 39: 42)* then Allah holds back *"... my spirit... (Al Hijr: 15: 29)* out of that person's body.

Now, let's unveil the secret behind the verse: *"... Allah will admit those who believe and do righteous deeds into the paradise beneath which rivers flow... (Al Hajj: 22: 23)*

We will also reveal the secret behind the verse: *"Allah says: "Enter all of you into hell... (Al A'raaf: 7: 38)*

Well, it turns out, the residents of paradise and hell are *"... my spirit... (Al Hijr: 15: 29)*, where *"...my spirit...(Al Hijr: 15: 29)* is formed from oxygen atoms, hydrogen atoms, nitrogen atoms and carbon atoms.

Now it is revealed, that *"... my spirit... (Al Hijr: 15: 29)*, which comes out of the body of the dead, gathers and becomes an residents of paradise and residents of hell, does not need a place in a wide and large paradise, and nor does it need a place in the wide and great hell.

Also *"... my spirit... (Al Hijr: 15: 29)* does not need a lot of food and drink like when it is still in the body of a living person. It is enough that there are only *"...fruits...(Al Baqarah: 2:25)"...their eternal life in it...(At Taubah: 9:72)*

Now, let's unveil the secret behind the verse: *"Verily Allah will admit those who believe and do righteous deeds into the gardens beneath which rivers flow... (Al Hajj: 22: 23)*

And the secret of the verse: *"Allah says: "Enter you all into hell... (Al A'raaf: 7:38)*

It turns out, even though "... *my spirit... (Al Hijr: 15: 29)* is already in paradise and hell, but the human eye can't see it, why?

The answer is

Hidden behind the secret of the verse: *"Say: "O Allah, Creator of the heavens and the earth, Who knows the unseen and the real... (Az Zumar: 39: 46)*

Well apparently, the human eye can't see, because the human eye can only see light in the electromagnetic spectrum region between 430 and 740 nanometers.

If there is light in the electromagnetic spectrum below 430 nanometers and light in the electromagnetic spectrum above 740 nanometers, the human eye cannot see the light. Where the rays of light are called unseen.

So, because "...*my spirit... (Al Hijr: 15: 29)* who are the residents of paradise and the residents of hell are in the electromagnetic spectrum area below 430 nanometers and are in the electromagnetic spectrum area above 740 nanometers, the human eye cannot see it. can see "... *my spirit... (Al Hijr: 15: 29)* .

Now it has been revealed, the secret hidden behind the verse: *"Verily Allah will admit those who believe and do righteous deeds into the heavens... (Al Hajj: 22: 23)* and the secret of the verse: *"Allah says: "Enter all of you to hell...(Al A'raaf: 7:38)*

Apparently, the human eye can not see "... *my spirit... (Al Hijr: 15: 29)* which has become an resident of paradise and an resident of hell, because the human eye can only see light in the electromagnetic spectrum region between 430 and 740 nanometers.

Because "...*my spirit... (Al Hijr: 15: 29)* is in the area of the electromagnetic spectrum below 430 nanometers and is in the area of the electromagnetic spectrum above 740 nanometers.
