ABSTRACT

Before I write down the problem, the inhabitants of heaven and hell will not increase, after the sun is rolled up, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secrets about the inhabitants of paradise and hell will not increase, after the sun is rolled, viewed from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about the inhabitants of paradise and hell will not increase, after the sun is rolled up, namely the verses:

"When the sun is rolled up, (At Takwiir: 81:1)

"And they do not glorify Allah with proper exaltation when the whole earth is in His hands on the Day of Resurrection and the heavens are rolled up with His right hand. Glory be to God and exalted is He from what they associate (Az Zumar: 39: 67)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"Allah is the light of the heavens and the earth...Light upon light...(An Nuur: 24: 35)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"And give good tidings to those who believe and do good, that for them there are provided gardens with rivers flowing in them. Every time they are given sustenance of fruit in those paradises, they say: "This is what was given to them. us first." They are given similar fruits and for them are pure wives and they will abide therein (Al Baqarah: 2:25)

"Indeed Allah will admit those who believe and do righteous deeds into Paradises beneath which rivers flow. In Paradise they are adorned with gold and pearl bracelets, and their clothing is silk. (Al Hajj :22:23)

"And between the two there is a boundary; and above A'raaf there are people who know each of the two groups by their signs. And they call out to the people of Paradise: "Salaamun 'alaikum." They have not yet entered it, while they want to immediately (enter it). (Al A'raaf: 7: 46)

"Allah promises the believers, male and female, paradise under which rivers flow, they will abide in it, and good places in paradise 'Adn. And Allah's pleasure is greater; that is great fortune. (At Taubah : 9:72)

"Those who were earlier, were first from the emigrants and the Ansar and those who followed them well, Allah is pleased with them and they are pleased with Allah and Allah has prepared for them paradises in which rivers flow. forever. They will abide in it. That is a great victory. (At Taubah : 9: 100)

"Indeed, those who believe and do righteous deeds, for them is the Paradise of Paradise as a place to live." (Al Kahf: 18:107)

"They have sleeping mats from the fire of hell and over them are blankets. Thus We give recompense to the wrongdoers, (Al A'raaf: 7: 41)

"Allah threatens the male and female hypocrites and the disbelievers with Hellfire, they will abide in it forever. Hell is sufficient for them, and Allah has cursed them, and for them an eternal punishment. (At Taubah: 9:68)

"The disbelievers will be brought to the Hellfire in groups. So that when they come to Hell, its doors will be opened and its guards will say to them: Have you not yet come to the apostles among you who recited to you the verses of your Lord? and warned you of a meeting with this day?" They answered, "Yes." But the punishment for those who disbelieve is certain (Az Zumar: 39:71).

"It is said: "Enter the gates of Hell, while you are in them forever." Then Hell-fire is the worst place for those who are arrogant. (Az Zumar: 39: 72)

"And say: "The truth comes from your Lord; then whoever wants let him believe, and whoever wants let him disbelieve." Indeed, We have prepared for the wrongdoers a hell, whose turbulence surrounds them. And if they ask for a drink, they will be given to drink with water like boiling iron. which scorches the face. It is the worst drink and the worst resting place. (Al Kahf: 18: 29)

"And they cried out in hell: "Our Lord, bring us out, we will surely do good deeds different from what we have done." And have We not extended your life in sufficient time to think for people who want to think, and (does not) come to you a warner? So feel (Our punishment) and there is not for the wrongdoers a helper. (Faathir: 35: 37)

"As for those who are wretched, then in Hell, in which they breathe out and breathe in, (Huud: 11:106)

In an effort to open the veil of Allah's secret about the inhabitants of paradise and hell will not increase, after the sun is rolled, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that the inhabitants of paradise and hell will not increase, after the sun is rolled up and the sun dies, the earth also dies, all humans on earth die, seen from the basic point of Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C)

contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

**MY SPIRIT IN PARADISE AND MY SPIRIT IN HELL WILL LIVE FOR 10 000000000
000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000
000000000 000000000 YEARS**

Now, we are still trying to focus our minds in order to uncover the secrets that are hidden behind the verse: *"...for them are provided paradises where rivers flow in them. Every time they are given sustenance of fruits in those paradises, they say: "This is what was given to us in the past." They are given similar fruits and for them are holy wives and they will abide therein. (Al Baqarah: 2:25) "...In Paradise they will be adorned with gold and pearl bracelets, and their clothes will be silk. (Al Hajj: 22:23)*

Apparently, for *"... my spirit... (Al Hijr: 15: 29)*, the inhabitants of paradise, will continue to feel pleasure in the form, water, fruits, husband and wife life, bracelets of gold, pearls, clothes of silk, which is the pleasure of living in heaven.

Now the question arises,

How exactly, *"... my spirit... (Al Hijr: 15: 29)* the inhabitants of paradise, has their way of thinking diminished?

The answer is,

It is hidden in the secret behind the verse: *"...They are eternal in it... (At Taubah: 9: 100)*

It turns out, even though *"...They are eternal...(At Taubah: 9: 100)* , but there is a limit.

Why is life in paradise limited?

The answer is

Because, *"... my spirit... (Al Hijr: 15: 29)* which contains hydrogen atoms, nitrogen atoms, carbon atoms and oxygen atoms, and becomes an inhabitant of heaven, will live up to 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years. After that *"... my spirit... (Al Hijr: 15: 29)* will disappear into energy, returning to Allah.

MY SPIRIT IN PARADISE DON'T THINK MUCH

Now, because in heaven all the necessities of life are met, then in paradise *"... my spirit... (Al Hijr: 15: 29)* does not think much.

Then, now the question arises again,

Will *"... my spirit... (Al Hijr: 15: 29)* in paradise will be bored?

The answer is,

Hidden in the secret behind the verse: *"...And the pleasure of Allah is greater; it was great luck. (At Taubah : 9:72)*

Well it turns out, "... my spirit... (Al Hija: 15: 29) gets "... Allah's pleasure... is greater... great luck. (At Taubah : 9:72)

So, "... my spirit... (Al Hija: 15: 29) will not feel bored living in heaven.

MY SPIRIT IN HELL DOES NOT FEEL PAIN

Now, let's unveil the secret that is hidden behind the verse: "...Indeed We have prepared for the wrongdoers a hell, whose turmoil surrounds them. And if they ask for a drink, they will be given to drink with water like boiling iron that scorches the face. It is the worst drink and the worst resting place. (Al Kahf: 18: 29) "They have a sleeping mat from the fire of hell and over them a blanket... (Al A'raaf: 7: 41)

Well, it turns out, "... my spirit... (Al Hija: 15: 29) who is put into hell, will get food and drink, as well as a sleeping mat and blanket for sleeping.

Now, "... my spirit... (Al Hija : 15: 29) even though it is in hell, but "... my spirit... (Al Hija : 15: 29) will not feel pain.

Why "... my spirit... (Al Hija: 15: 29) will not feel the pain of being hit by a fire in hell?

The answer is,

Hidden in the secret behind the verse: "... I... have blown into it my spirit... (Al Hija: 15: 29)

Well, because in "... my spirit... (Al Hija: 15: 29) contains hydrogen atoms, nitrogen atoms, carbon atoms and oxygen atoms.

While the fuel for hell is hydrogen atoms, also in the body "... my spirit... (Al Hija: 15: 29) there is a hydrogen atom, so because they are both hydrogen atoms, then "... my spirit... (Al Hija: 15: 29) does not feel pain or heat.

Likewise when "... my spirit... (Al Hija: 15: 29) drinks "...water like boiling iron that scorches the face... (Al Kahf: 18:29) but "... my spirit... (Al Hija: 15: 29) does not feel hot, because water contains hydrogen atoms and oxygen atoms, also in the body "... my spirit... (Al Hija: 15: 29) contains hydrogen atoms and oxygen. So, both oxygen atoms and hydrogen atoms.

"... my spirit... (Al Hija: 15: 29) in hell will live to the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years. After that "... my spirit... (Al Hija: 15: 29) will disappear into energy, returning to Allah.

Now, the secret hidden behind the verses has been revealed: "...They are given similar fruits and for them are holy wives and they will abide in them forever. (Al Baqarah: 2:25) "...In paradise they will be adorned with gold and pearl bracelets, and their clothes will be silk. (Al Hajj: 22: 23) "... We have prepared for the wrongdoers hell, whose turmoil surrounds them. And if they ask for a drink, surely they will be given to drink with water like boiling iron that scorches the face ... (Al Kahf: 18: 29)

Namely "... my spirit... (Al Hija: 15: 29) who becomes the inhabitant of paradise and inhabitant of hell, will live to the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years.

"... my spirit... (Al Hija: 15: 29) in paradise will not experience boredom, because it gets "... the pleasure of Allah... greater... greater luck. (At Taubah : 9:72)

Meanwhile "... my spirit... (Al Hijr: 15: 29) in hell, will not feel pain, because the fuel of hell is hydrogen atoms, also in the body "... my spirit...(Al Hijr: 15: 29) there is a hydrogen atom, so because they are both hydrogen atoms, then "... my spirit... (Al Hijr: 15: 29) does not feel pain or heat.

Likewise "... my spirit... (Al Hijr: 15: 29) drinking hot water, does not feel hot, because water contains hydrogen atoms and oxygen atoms, also in the body "... my spirit...(Al Hijr: 15:29) contains hydrogen atoms and oxygen atoms. So, both oxygen atoms and hydrogen atoms.

AFTER THE SUN IS ROLLED, MY SPIRIT WILL NOT AGREE, THE RESIDENTS OF PARADISE AND HELL

Now, let's dismantle the secret that is hidden behind the verse: "*When the sun is rolled up, (At Takwiir: 81: 1)*

It turns out, if the sun is "...rolled up, (At Takwiir: 81: 1), it means that the sun is dead, because it runs out of fuel, hydrogen atoms. When the sun dies, the earth also dies. If the earth dies, then anything, living things on earth will die.

Now, because all living things, including humans, will die, then there will be no more "... my spirit... (Al Hijr: 15: 29) that will enter paradise and hell.

CONCLUSION

Based on the description above, we can conclude that the secrets that are hidden behind the verse: "*...for them are provided paradises where rivers flow in them. Every time they are given sustenance of fruits in those paradises, they say: "This is what was given to us in the past." They are given similar fruits and for them are holy wives and they will abide therein.
