ABSTRACT

First of all, by asking forgiveness from Allah SWT, here I am trying to reveal the signs of Allah SWT's greatness regarding the actual Judgment day according to Allah 137 years to come, but according to human calculations it will happen 2 500 000 000 years to come, based on photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA)

In the Qur'an, several verses are found that are the key to unlocking the secret about the actual Judgment day according to Allah 137 years in the future, but according to human calculations it will occur 2 500 000 000 years in the future, namely the verses:

"Allah is the light of the skys and the earth....Light upon light...(An Nuur: 24:35)

"Angels and spirits ascend to God in a day the measure of which is fifty thousand years. (Al Ma'aarij: 70:4)

"O mankind, indeed We have created you from a male and a female and made you into nations and tribes so that you may know one another. Verily, the most honorable of you in the sight of Allah is the one who is most pious among you. Verily Allah is All-Knowing, All-Knowing. (Al Hujuraat: 49:13)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"When the sun is rolled up, (At Takwiir: 81: 1)

"And when the stars fall, (At Takwiir: 81: 2)

"And when the spirits are met (At Takwiir: 81: 7)

"And when the sky is removed, (At Takwiir: 81:11)

"They ask you about the Hour: "When will it happen?" Say: "Indeed, the knowledge of the Hour is with my Lord; no one can explain the time of his coming except Him. The Judgment day is very heavy in the heavens and on the earth. The Hour will not come to you but suddenly." They ask you as if you really knew it. Say: "Indeed, the knowledge of Judgment day is with Allah, but most people do not know." (Al A'raf: 7:187)

"On the day the earth will be replaced with another earth and sky, and they will all gather before the presence of Allah, the One, the Most Mighty. (Ibrahim: 14:48)

"And the earth was lit up with the light of its Lord; and the book was given and the prophets and witnesses were brought and judged between them with justice, while they were not wronged. (Az Zumar: 39: 69)

"In that place, each person feels the retribution for what he has done before and they are returned to Allah their true Protector and disappear from them what they made up. (Yunus: 10:30)

"We left them on that day mixed with one another, then the trumpet was blown again, then We gathered them all together (Al Kahf: 18: 99)

"And We will clearly show Hell on that day to the disbelievers, (Al Kahf: 18: 100)

"And they do not glorify Allah with proper exaltation when the whole earth is in His hands on the Judgment day and the heavens are rolled up with His right hand. Glory be to God and exalted is He above what they associate. (Az Zumar: 39: 67)

In an effort to open the veil about the fact that Judgment day will occur according to Allah 137 years in the future, but according to human calculations it will occur 2 500 000 000 years in the future, I based on photons, quarks and deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids .

HYPOTHESES

Here I put forward the hypothesis that there will actually be Judgment day according to Allah 137 years in the future, but according to human calculations it will occur 2 500 000 000 years to come, based on when the sun is rolled up, the earth is replaced with another earth, seen from the point of photons, quarks and deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

THE SUN IS ROLLED UP AFTER THE FUEL ON ATOMIC HYDROGEN IS OUT ABOUT 137 YEARS ACCORDING TO ALLAH'S CALCULATIONS, BUT ACCORDING TO HUMAN CALCULATIONS ABOUT 2 500 000 000 THE COMING YEARS

Now, we are still trying to uncover the secret hidden behind the verse: *"When the sun is rolled up, (At Takwiir: 81: 1) "and when the stars are falling, (At Takwiir: 81: 2) "and when the sky is removed, (At*

Takwiir: 81:11)

It turns out that here Allah declared: "... *the sun is rolled up, (At Takwiir: 81: 1)"... the stars are falling, (At Takwiir: 81: 2) "... the sky is obliterated, (At Takwiir: 81: 11)*

Apparently, Allah has clearly and clearly described to humans that Judgment day will occur, when "*... the sun is rolled up, (At Takwiir: 81: 1)"... the stars are falling, (At Takwiir: 81: 2) "...the sky is obliterated, (At Takwiir: 81:11)*

Now what will happen when "*...the sun is rolled up, (At Takwiir: 81:1) ?*

The answer is,

When the sun runs out of fuel hydrogen atoms and helium atoms. Then the sun will die.

Well, a helium atom arises when two hydrogen atoms collide and form a helium atom. So the helium atoms derived from hydrogen atoms are also used as fuel by the sun.

When will the hydrogen and helium atoms run out?

About 2 500 000 000 years will come according to human reckoning, but according to Allah's reckoning about 137 years to come "*...a day which is fifty thousand years. (Al Ma'aarij: 70:4)*

That's when Judgment day will occur, even though Allah has declared: "*...Say: "Indeed, the knowledge of the Hour is with my Lord; no one can explain the time of its arrival except Him... (Al A'raaf: 7: 187)*

Well, even though Allah has stated that "*...no one can explain the time of his arrival except Him... (Al A'raaf: 7: 187)* but Allah has given the key to knowledge about when Judgment day will occur to humans in a secret that stored behind the verse: "*When the sun is rolled up, (At Takwiir: 81: 1) "... when the stars are falling, (At Takwiir: 81: 2) "... when the sky is annihilated, (At Takwiir: 81: 11)*

With the key to knowledge given by Allah about when Judgment day will occur, then humans can calculate it, when Judgment day will occur.

Well, "*When the sun is rolled up, (At Takwiir: 81: 1)* it means that when the hydrogen atomic fuel and helium atom run out in the sun, the sun will die. come according to human reckoning, but according to Allah's reckoning about 137 years to come.

THE SUN IS ROLLED UP, THE STARS ARE FALLING AND THE SKY IS ANNIHILATED

Likewise with "*...the stars are falling, (At Takwiir : 81: 2)* it means, the sun is a star, so if the sun and other stars have run out of fuel the hydrogen atoms and helium atoms will die. Or by in other words "*...the stars are falling, (At Takwiir : 81: 2)* because there is no more gravity or attraction to the stars, because the stars have died.

Well, because "*...the sun is rolled up, (At Takwiir: 81: 1) "... the stars are falling, (At Takwiir: 81: 2),* then the sky or the expanse of the room that is under the sun and the stars also vanished "*...the sky is annihilated, (At Takwiir: 81:11)*

So, now it has been revealed, the secret stored in the verse: "*...Indeed the knowledge Judgment day is with my Lord; no one can explain the time of Judgment day arrival except Him... (Al A'raaf: 7: 187)"*

..the sun is rolled up, (At Takwiir: 81: 1) "... the stars are falling, (At Takwiir: 81: 2)

That is, with the key to knowledge about when the Day of Judgment is declared by Allah "*When the sun is rolled up, (At Takwiir: 81: 1)*" then humans can count it, when "*... the sun is rolled up, (At Takwiir: 81: 1)*" that is when the sun is has run out of fuel atoms of hydrogen and helium atoms.

CONCLUSION

Based on the description above, we can conclude that the secret hidden behind the verse: "*When the sun is rolled up, (At Takwiir: 81: 1)*" *and when the stars are falling, (At Takwiir: 81: 2)*" *and when the sky is removed, (At Takwiir: 81:11)*

It turns out that here Allah declared: "*... the sun is rolled up, (At Takwiir: 81: 1)*" *... the stars are falling, (At Takwiir: 81: 2)*" *... the sky is obliterated, (At Takwiir: 81: 11)*

Apparently, Allah has clearly and clearly described to humans that Judgment day will occur, when "*... the sun is rolled up, (At Takwiir: 81: 1)*" *... the stars are falling, (At Takwiir: 81: 2)*" *...the sky is obliterated, (At Takwiir: 81:11)*

Now what will happen when "*...the sun is rolled up, (At Takwiir: 81:1)*" ?

The answer is,

When the sun runs out of fuel hydrogen atoms and helium atoms. Then the sun will die.

Well, a helium atom arises when two hydrogen atoms collide and form a helium atom. So the helium atoms derived from hydrogen atoms are also used as fuel by the sun.

When will the hydrogen and helium atoms run out?

About 2 500 000 000 years will come according to human reckoning, but according to Allah's reckoning about 137 years to come "*...a day which is fifty thousand years. (Al Ma'aarij: 70:4)*

That's when Judgment day will occur, even though Allah has declared: "*...Say: "Indeed, the knowledge of the Hour is with my Lord; no one can explain the time of its arrival except Him... (Al A'raaf: 7: 187)*

Well, even though Allah has stated that "*...no one can explain the time of his arrival except Him... (Al A'raaf: 7: 187)*" but Allah has given the key to knowledge about when Judgment day will occur to humans in a secret that stored behind the verse: "*When the sun is rolled up, (At Takwiir: 81: 1)*" *... when the stars are falling, (At Takwiir: 81: 2)*" *... when the sky is annihilated, (At Takwiir: 81: 11)*

With the key to knowledge given by Allah about when Judgment day will occur, then humans can calculate it, when Judgment day will occur.

Well, "*When the sun is rolled up, (At Takwiir: 81: 1)*" it means that when the hydrogen atomic fuel and helium atom run out in the sun, the sun will die. come according to human reckoning, but according to Allah's reckoning about 137 years to come.

Likewise with "*...the stars are falling, (At Takwiir : 81: 2)*" it means, the sun is a star, so if the sun and other stars have run out of fuel the hydrogen atoms and helium atoms will die. Or by in other words "*...the stars are falling, (At Takwiir : 81: 2)*" because there is no more gravity or attraction to the stars, because the stars have died.

Well, because *"...the sun is rolled up, (At Takwiir: 81: 1) "... the stars are falling, (At Takwiir: 81: 2),* then the sky or the expanse of the room that is under the sun and the stars also vanished *"...the sky is annihilated, (At Takwiir: 81:11)*

So, now it has been revealed, the secret stored in the verse: *"...Indeed the knowledge Judgment day is with my Lord; no one can explain the time of Judgment day arrival except Him... (Al A'raaf: 7: 187)".* *..the sun is rolled up, (At Takwiir: 81: 1) "... the stars are falling, (At Takwiir: 81: 2)*

That is, with the key to knowledge about when the Day of Judgment is declared by Allah *"When the sun is rolled up, (At Takwiir: 81: 1)* then humans can count it, when *"... the sun is rolled up, (At Takwiir: 81: 1)* that is when the sun is has run out of fuel atoms of hydrogen and helium atoms.
