ABSTRACT

Before I write down their problem, the salafi-wahhabi followers do not understand, Allah has made the energy of Allah and my spirit, so that monotheism remains straight, there is no need to straighten it out, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about those salafi-wahhabi followers who do not understand, Allah made the energy of Allah and my spirit, so that monotheism remains straight, no need to straighten it again, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about those salafi-wahhabi followers who don't understand, Allah made Allah's energy and my spirit, so that monotheism remains straight, no need to straighten it again, namely the following verses:

*"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*Allah said: "O Moses, verily I chose you and other humans to carry My message and to speak directly with Me, therefore hold fast to what I have given you and be among those who are grateful." (Al A'raaf: 7:144)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31: 28)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

*"And among His signs is that you see the earth dry and arid, so when We send down water on it, it will surely move and thrive. Indeed, God Who gives life to it, surely can bring back the dead... (Fushshilat: 41: 39)*

*"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)*

*"It is He Who created the heavens and the earth in six days: Then He resides on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

In an effort to open the veil of Allah's secret about those salafi-wahhabi followers who do not understand, Allah has made Allah's energy and my spirit, so that monotheism remains straight, no need to straighten it again, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I put forward their hypothesis that the salafi-wahhabi followers emphasize the alignment of monotheism, because they do not understand, Allah made the energy of Allah and my spirit, from the point of view of Deoxyribonucleic acid (DNA)

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## **THOSE FOLLOWING SALAFI-WAHHABI DON'T UNDERSTAND MY SPIRIT IS WITHIN HUMANS AND IN ALL THE UNIVERSE AND ALL ITS CONTENTS**

Now, we are still concentrating on uncovering the secret contained behind the verse: *"...He is with you wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)*

Apparently, here Allah has explained to humans that Allah *"... be with you wherever you are ... (Al Hadiid: 57: 4)*

Now the question arises,

Why is Allah *"...with you wherever you are...(Al Hadid: 57:4) ?*

The answer is,

Hidden in the secret behind the verse: *"He is the First... (Al Hadiid: 57: 3) "... I breathed into him my spirit..." (Shaad: 38: 72)*

Well, it turns out that Allah *"... is with you wherever you are... (Al Hadiid: 57: 4)* because Allah is *"... the First... (Al Hadiid: 57: 3)* and has breathed into you. human *"...my spirit..." (Shaad: 38:72)*

Now, *"...My spirit..." (Shaad : 38:72)* was created with the energy of Allah, when Allah, 13 800 000 000 years ago, created the core of this universe, which is called quark. hydrogen and other atoms, where these atoms are the building blocks of the universe and all its contents, including the building of the human body.

So, *"... my spirit ..." (Shaad: 38: 72)* exists in humans, animals, plants, rocks, water, sun, stars, moon and in the universe and all that is in it.

### **THOSE FOLLOWING SALAFI-WAHHABI DON'T UNDERSTAND THAT SOME OF HUMANS WORSHIP MY SPIRIT THAT IS WITHIN HUMANS AND IN ALL THE UNIVERSE AND ALL CONTENTS**

Now, why are they salafi-wahhabi followers against and trying to straighten out the monotheism of those who worship *"...my spirit..." (Shaad: 38:72)* which is in humans, animals, plants, rocks, water, sun, stars, moon and in the universe and all that is in it?

The answer is because they are salafi-wahhabi followers who do not understand that it is actually Allah who created Allah's energy and *"...my spirit..." (Shaad: 38: 72) "...I breathed on him my spirit... (Shaad: 38 :72)*

Well, because Allah created Allah's energy and *"... my spirit..." (Shaad: 38: 72)* then monotheism is to remain straight, it doesn't need to be straightened again.

Why does monotheism remain straight?

The answer is hidden in the secret behind the verse: *"...The Beginning...(Al Hadiid: 57:3) "...who created the heavens and the earth...(Al Hadiid: 57:4)* with the energy of Allah, who now visible in the universe with all its contents.

Therefore, monotheism is emerging because Allah is the only source of Allah's energy that makes *"...my spirit..." (Shaad: 38: 72)* that exists in the universe and all of its contents are included in humans.

So, monotheism does not need to be straightened out.

Why do humans worship *"...my spirit..." (Shaad: 38: 72)* which is in the universe and all its contents are included in humans?

Because humans do not understand that it is Allah who breathes *"...my spirit..." (Shaad: 38: 72)* into human beings and into the contents of the universe.

Now, what needs to be straightened out and humans need to understand is about Allah who breathed *"...to him my spirit...(Shaad: 38:72)* where *"...my spirit..." (Shaad: 38:72)* is present. in the universe and everything in it belongs to humans.

## **THOSE FOLLOWING SALAFI-WAHHABI SHOULD UNDERSTAND ABOUT ALLAH'S ENERGY AND MY SPIRIT THAT MADE ALLAH IS THE ONLY ONE IN THE UNIVERSE WHO CREATED ALLAH'S ENERGY AND MY SPIRIT**

Well, if they are salafi-wahhabi followers who understand that it is Allah who creates Allah's energy and *"...my spirit..." (Shaad: 38:72)* that exists in the universe and all its contents are included in humans, then they are followers of Salafi-Wahhabi will not emphasize in their belief to straighten monotheism.

Tawhid does not need to be straightened out.

What needs to be emphasized is that humans must understand that it is Allah who breathed *"...to him my spirit...(Shaad: 38:72)* where *"...My spirit..." (Shaad: 38:72)* is in the universe and everything in it belongs to man.

So, humans do not need to worship *"...my spirit..." (Shaad: 38: 72)* which is in the universe and all its contents are included in humans.

### **CONCLUSION**

The conclusions that can be drawn from the explanation above are the secret contained behind the verse: *"...He is with you wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)*

Apparently, here Allah has explained to humans that Allah *"... be with you wherever you are ... (Al Hadiid: 57: 4)*

Now the question arises,

Why is Allah *"...with you wherever you are...(Al Hadid: 57:4) ?*

The answer is,

Hidden in the secret behind the verse: *"He is the First... (Al Hadiid: 57: 3) "... I breathed into him my spirit..." (Shaad: 38: 72)*

Well, it turns out that Allah *"... is with you wherever you are... (Al Hadiid: 57: 4)* because Allah is *"... the First... (Al Hadiid: 57: 3)* and has breathed into you. human *"...my spirit..." (Shaad: 38:72)*

Now, *"...My spirit..." (Shaad : 38:72)* was created with the energy of Allah, when Allah, 13 800 000 000 years ago, created the core of this universe, which is called quark. hydrogen and other atoms, where these atoms are the building blocks of the universe and all its contents, including the building of the human body.

So, *"... my spirit ..." (Shaad: 38: 72)* exists in humans, animals, plants, rocks, water, sun, stars, moon and in the universe and all that is in it.

Now, why are they salafi-wahhabi followers against and trying to straighten out the monotheism of those who worship *"...my spirit..." (Shaad: 38:72)* which is in humans, animals, plants, rocks, water, sun, stars, moon and in the universe and all that is in it?

The answer is because they are salafi-wahhabi followers who do not understand that it is actually Allah who created Allah's energy and *"...my spirit..." (Shaad: 38: 72) "...I breathed on him my spirit... (Shaad: 38 :72)*

Well, because Allah created Allah's energy and "... *my spirit...*" (*Shaad: 38: 72*) then monotheism is to remain straight, it doesn't need to be straightened again.

Why does monotheism remain straight?

The answer is hidden in the secret behind the verse: "...*The Beginning...*(*Al Hadiid: 57:3*) "...*who created the heavens and the earth...*(*Al Hadiid: 57:4*) with the energy of Allah, who now visible in the universe with all its contents.

Therefore, monotheism is emerging because Allah is the only source of Allah's energy that makes "...*my spirit...*" (*Shaad: 38: 72*) that exists in the universe and all of its contents are included in humans.

So, monotheism does not need to be straightened out.

Why do humans worship "...*my spirit...*" (*Shaad: 38: 72*) which is in the universe and all its contents are included in humans?

Because humans do not understand that it is Allah who breathes "...*my spirit...*" (*Shaad: 38: 72*) into human beings and into the contents of the universe.

Now, what needs to be straightened out and humans need to understand is about Allah who breathed "...*to him my spirit...*(*Shaad: 38:72*) where "...*my spirit...*" (*Shaad: 38:72*) is present. in the universe and everything in it belongs to humans.

Well, if they are salafi-wahhabi followers who understand that it is Allah who creates Allah's energy and "...*my spirit...*" (*Shaad: 38:72*) that exists in the universe and all its contents are included in humans, then they are followers of Salafi-Wahhabi will not emphasize in their belief to straighten monotheism.

Tawhid does not need to be straightened out.

What needs to be emphasized is that humans must understand that it is Allah who breathed "...*to him my spirit...*(*Shaad: 38:72*) where "...*My spirit...*" (*Shaad: 38:72*) is in the universe and everything in it belongs to man.

So, humans do not need to worship "...*my spirit...*" (*Shaad: 38: 72*) which is in the universe and all its contents are included in humans.
