**ABSTRACT**

Before I write about Allah's secret problem about through my soul Allah knows that humans cannot withstand the impulse of lust, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers Allah's secret about through my spirit Allah knows that humans cannot resist the impulse of lust, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about through my spirit Allah knows that humans cannot resist the impulse of lust, namely the verses:

*"It is lawful for you on the night of the fasting month to mix with your wives; they are clothes for you, and you are clothes for them. Allah knows that you cannot restrain your lust, so Allah forgives you and forgives you. So now mix with them and follow what Allah has ordained for you, and eat and drink until the white thread is clear to you from the black thread, namely the dawn. Then complete the fast until (it comes) night, (but) do not interfere with them, while you are giving. tikaf in the mosque. That is Allah's prohibition, so do not approach it. Thus Allah explains His verses to people, so that they may become pious. (Al Baqarah: 2: 187)*

*"And We did not send before you an apostle and not (also) a prophet, but when he has a desire, even Satan puts temptations against that desire, Allah removes what the devil puts in, and Allah strengthens His verses. . And Allah is Knowing, Wise, (Al Hajj: 22:52)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"The angels and Gabriel ascended to God in a day the measure of which was fifty thousand years (Al Ma'aarij: 70:4)*

*"He is the First and the Last, the Outward and the Inward, and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And Mary, the daughter of Imran, who kept her honor, so We breathed into her some of Our spirits, and she confirmed the words of her Lord and His Books, and she was one of the obedient ones. (At Tahrir: 66:12)*

*"Allah is the light of the skies and the earth...Light upon light...(An Nuur: 24:35)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth (Al Baqarah: 2: 186)*

*"... We are closer to him than his jugular vein, (Qaf: 50:16)*

In an effort to open the veil of Allah's secret about Allah knowing through my spirit that humans cannot withstand the impulse of lust, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I propose the hypothesis that Allah knows through my spirit that humans cannot resist the impulse of lust, seen from the basic point of Deoxyribonucleic acid (DNA)

## **DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **THE RELATIONSHIP BETWEEN MY SPIRIT AND HUMAN DESIRE**

Now, we still continue to focus our minds, in order to reveal the secret hidden behind the verse: "*... Allah knows that you cannot restrain your lust...* (Al Baqarah: 2: 187)

Apparently, here Allah has declared that every human being has a lustful impulse. With the impulse of lust, humans will live and thrive in this world.

With the encouragement of human desires will develop. Where human development is born through "*... my spirit...* (Shaad: 38: 72)

Why is human development born through "*...my spirit...(Shaad: 38:72)* ?

The answer is,

Hidden in the secret behind the verse: "*... We breathed into her womb some of our spirits...* (At Tahrir: 66:12)

It turns out that here Allah has opened the door wide stating that "*...my spirit...(Shaad: 38:72)* is actually already in the sperm from the father's side and the egg from the mother's side.

So, actually through "*...my spirit...(Shaad: 38:72)* human development in this world.

Or in other words, the impulse of lust brings "*... My spirit... (Shaad: 38: 72)* which will develop humans in the world.

## **ALLAH KNOWS THE URGE OF LUST AND ALLAH FORGIVES HUMANS**

Now it has been revealed, Allah forgives humans who have the desire or urge to sleep together on the night of the fasting month "*It is lawful for you on the night of the fasting month to mix with your*

*wives... Allah knows that you cannot restrain your lust, therefore Allah forgives you and forgives you... (Al Baqarah: 2: 187)*

Because indeed, without the impulse of lust through "... *my spirit...* (Shaad: 38: 72), then humans will not live and will not thrive in this world.

This is the secret of Allah declared: "... *Allah knows that you cannot restrain your lust...* (Al Baqarah: 2: 187) "... *Allah forgives you...* (Al Baqarah: 2 : 187)

## CONCLUSION

Based on the description above, we can conclude that the secret hidden behind the verse: "... *Allah knows that you cannot restrain your lust...* (Al Baqarah: 2: 187)

Apparently, here Allah has declared that every human being has a lustful impulse. With the impulse of lust, humans will live and thrive in this world.

With the encouragement of human desires will develop. Where human development is born through "... *my spirit...* (Shaad: 38: 72)

Why is human development born through "...*my spirit...*(Shaad: 38:72) ?

The answer is,

Hidden in the secret behind the verse: "... *We breathed into her womb some of our spirits...* (At Tahrir: 66:12)

It turns out that here Allah has opened the door wide stating that "...*my spirit...*(Shaad: 38:72) is actually already in the sperm from the father's side and the egg from the mother's side.

So, actually through "...*my spirit...*(Shaad: 38:72) human development in this world.

Or in other words, the impulse of lust brings "... *My spirit...* (Shaad: 38: 72) which will develop humans in the world.

Now it has been revealed, Allah forgives humans who have the desire or urge to sleep together on the night of the fasting month "*It is lawful for you on the night of the fasting month to mix with your wives... Allah knows that you cannot restrain your lust, therefore Allah forgives you and forgives you...* (Al Baqarah: 2: 187)

Because indeed, without the impulse of lust through "... *my spirit...* (Shaad: 38: 72), then humans will not live and will not thrive in this world.

This is the secret of Allah declared: "... *Allah knows that you cannot restrain your lust...* (Al Baqarah: 2: 187) "... *Allah forgives you...* (Al Baqarah: 2 : 187)
