**ABSTRACT**

Before I write down the problem, to be close to Allah, must understand deeply about Allah, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about getting close to Allah, must understand deeply about Allah, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about getting close to Allah, one must understand deeply about Allah, namely the following verses:

*"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And Mary, who has kept her honor, then We breathed into her a spirit from Us and We made her and her child a great sign for the worlds. (Al Anbiyaa ': 21: 91)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill and let them believe in Me, so that they will always be in truth.(Al Baqarah: 2:186)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)*

*"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)*

*"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

*"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)*

*"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)*

*"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)*

*"And there is no power of the devil over them, but only that We may distinguish those who believe in the existence of the Hereafter from those who doubt about it. And your Lord is the Preserver of all things. (Saba': 34:21)*

*"And if We wish, We have indeed made in your place on earth angels that have been passed down from generation to generation. (Az Zukhruf: 43:60)*

*"Allah, there is no god but He Who Lives eternally and continually takes care of; neither sleeps nor sleeps. To Him belongs what is in the heavens and the earth. No one can intercede with Allah without His permission? Allah knows what is before them and behind them, and they know nothing of Allah's knowledge except what He wills. Allah's seat covers the heavens and the earth. And Allah does not find it difficult to maintain them, and Allah is Most High, Most Merciful. Great.(Al Baqarah: 2:255)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

In an effort to open the veil of Allah's secret about getting close to Allah, must understand deeply about Allah, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I propose a hypothesis to be close to Allah, must understand deeply about Allah, through Allah's energy, Allah particles and *"...my spirit...(Shaad: 38: 72)*, based on Deoxyribonucleic acid (DNA)

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split,

then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## **DEOXYRIBONUCLIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

## **ALTHOUGH ALLAH IS NEAR, BUT DO HUMANS UNDERSTAND THAT ALLAH IS CLOSE, HOW HUMANS PROVE THAT ALLAH IS CLOSE**

Now, we are still concentrating on uncovering the secrets contained behind the verses: *"Those who remember Allah while standing or sitting or lying down and they think about the creation of the skys... (Ali 'Imran: 3: 191 )"Who...created the seven skys in layers...which were...balanced...(Al Mulk: 67: 3)*

Apparently, here Allah has declared, that to understand Allah in depth is to *"...think about the creation of the skys...(Ali 'Imran: 3:191)"...while standing or sitting or lying down.. .(Ali 'Imran : 3:191)*

Anywhere, anytime, while standing, sitting or lying down, humans can think about the real God, through *"...the creation of the skys...(Ali 'Imran: 3:191)*

Now, Allah *"...has created the seven skys in layers..(Al Mulk: 67:3)* with *"...my spirit...(Shaad: 38:72)*

Well, *"... my spirit...(Shaad : 38: 72)* is formed by hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

This is the key, to open the door in which there is a form of Allah.

What's the key?

The answer is

Hidden in the secret behind the verse: *"...I breathed into him my spirit...(Shaad: 38: 72)*

Now, through *"...my spirit...(Shaad: 38:72)* which is in the human body, humans will understand deeply about Allah.

How to know about *"...my spirit...(Shaad: 38:72)* which is in the human body?

The trick, close your eyes, take a deep breath, hold for 7 seconds, count to seven, then exhale,

saying *"Our Lord, you didn't create this in vain, Glory be to You, so protect us from the torments of hell."*  
*Ali 'Imran : 3:191)*

Speak in any language.

Then think, that what is inhaled by humans is *"... my spirit... (Shaad: 38: 72)* namely oxygen atoms, which give human life, without oxygen atoms humans will die.

### **HUMANS BY UNDERSTANDING MY SPIRIT THROUGH THE OXYGEN ATOMS, WHEN INHALING, THEN HUMANS WILL BE CLOSE TO ALLAH, AND WILL UNDERSTAND WHO AND WHAT ALLAH IS**

Well, with humans realizing and understanding about Allah through *"...my spirit...(Shaad: 38:72)* when humans breathe, and think about what is inhaled through the nose, namely oxygen atoms, which cannot be seen, cannot be smelled, can not be felt, but it gives a source of life to humans, then humans will be close to Allah, and understand deeply who Allah is and what Allah really is.

So, Allah is not only mentioned in the mouth, but must be understood deeply who, what and how Allah really is.

Or in other words, Allah's form is in the form of Allah's energy, Allah's particles and *"...my spirit... (Shaad: 38: 72)*

### **CONCLUSION**

Based on the description above, we can conclude that the secrets contained behind the verses: *"Those who remember Allah while standing or sitting or lying down and they think about the creation of the skys... (Ali 'Imran: 3: 191 )"Who...created the seven skys in layers...which were...balanced...(Al Mulk: 67: 3)*

Apparently, here Allah has declared, that to understand Allah in depth is to *"...think about the creation of the skys...(Ali 'Imran: 3:191)"...while standing or sitting or lying down.. .(Ali 'Imran : 3:191)*

Anywhere, anytime, while standing, sitting or lying down, humans can think about the real God, through *"...the creation of the skys...(Ali 'Imran: 3:191)*

Now, Allah *"...has created the seven skys in layers..(Al Mulk: 67:3)* with *"...my spirit...(Shaad: 38:72)*

Well, *"... my spirit...(Shaad : 38: 72)* is formed by hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

This is the key, to open the door in which there is a form of Allah.

What's the key?

The answer is

Hidden in the secret behind the verse: *"...I breathed into him my spirit...(Shaad: 38: 72)*

Now, through *"...my spirit...(Shaad: 38:72)* which is in the human body, humans will understand deeply about Allah.

How to know about *"...my spirit...(Shaad: 38:72)* which is in the human body?

The trick, close your eyes, take a deep breath, hold for 7 seconds, count to seven, then exhale, saying *"Our Lord, you didn't create this in vain, Glory be to You, so protect us from the torments of hell."* *Ali 'Imran : 3:191)*

Speak in any language.

Then think, that what is inhaled by humans is *"... my spirit... (Shaad: 38: 72)* namely oxygen atoms, which give human life, without oxygen atoms humans will die.

Well, with humans realizing and understanding about Allah through *"...my spirit...(Shaad: 38:72)* when humans breathe, and think about what is inhaled through the nose, namely oxygen atoms, which cannot be seen, cannot be smelled, can not be felt, but it gives a source of life to humans, then humans will be close to Allah, and understand deeply who Allah is and what Allah really is.

So, Allah is not only mentioned in the mouth, but must be understood deeply who, what and how Allah really is.

Or in other words, Allah's form is in the form of Allah's energy, Allah's particles and *"...my spirit... (Shaad: 38: 72)*
