**ABSTRACT**

Before the writer writes down the problem to talk and meet Allah, one must understand Allah, First of all, I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about talking and meeting God, must understand God from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become God's secret unlocking tool regarding to talk and meet God, must understand God, namely the verses:

*"He who listens to the words then follows what is best of them. They are the ones whom Allah has guided and they are the people who have minds. (Az Zumar: 39: 18)*

*"Allah has prepared for them a severe punishment, so fear Allah, O you who have minds; you who believe. Surely Allah has sent down a warning to you (Ath Thalaq: 65:10)*

*"Have you not noticed that Allah sends down water from the sky, so that it becomes water sources on the earth, and then He grows plants of various colors with it, then they dry up and you see them turning yellow, then made him crumble. Verily in that there is a lesson for those who have reason. (Az Zumar: 39:21)*

*"And whoever We prolong his life, We will return him to the events. So do they not think? (Yaasiin: 36: 68)*

*"And when you call to prayer, they make it the fruit of ridicule and play. That is because they are really a people who do not want to use reason. (Al Maa'idah: 5: 58)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"And We put before them a wall and behind them a wall, and We covered them so that they could not see. (Yaasiin: 36: 9)*

*Allah said: "O Moses, verily I have chosen you and other humans to carry My message and to speak directly with Me, therefore hold fast to what I have given you and be among those who are grateful." (Al A'raaf: 7:144)*

*"Allah is the light of the sky and the earth...Light upon light (An Nuur: 24: 35)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"When his Lord said to him: "bow down obey!" Ibrahim replied: "I bow down obediently to the Lord of the worlds". (Al Baqarah: 2: 131)*

In an effort to open the veil of Allah's secret about talking and meeting Allah, must understand Allah I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I propose a hypothesis before talking and meeting Allah, you must first understand Allah from the basic point of Deoxyribonucleic acid (DNA)

## **DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **WHY HUMANS SHOULD UNDERSTAND ALLAH**

Now, we are still trying to focus our minds to unlock the secrets that are hidden behind the verse:

*"Have you not noticed that Allah sends down water from the sky, so that it becomes water sources on the earth, and then He grows plants of various colors with it, then they dry up and you see them turning yellow, then made him crumble. Verily in that there is a lesson for those who have reason. (Az Zumar: 39:21)*

It turns out that Allah has declared to us *"...Indeed, in this there is indeed a lesson for those who have minds. (Az Zumar: 39:21)*

Why did Allah declare *"...to those of understanding. (Az Zumar: 39: 21) ?*

The answer is *"...in that there really is a lesson for those who have minds. (Az Zumar: 39:21)*

Well, that's all *"...lessons...(Az Zumar: 39:21)*

Lesson for whom?

The answer is a lesson for *"...people who have minds. (Az Zumar: 39:21)*

Well, for people who have minds, **"li ulil albab"**

Why people with minds?

The answer is

People who use minds will understand that rainwater which consists of two hydrogen atoms and one oxygen atom has become the source of life for humans, animals, plants, plants, and all living

organisms on this earth.

Now, if we who use minds understand that the source of life for humans, animals, plants, plants, and all living organisms on this earth is water, then we understand Allah.

So, to understand about Allah, we must understand what is happening in this universe, without understanding the universe, in which there is sky and earth, then we will not understand Allah.

## **TO UNDERSTAND ALLAH, HUMANS MUST UNDERSTAND ABOUT HIMSELF**

Well, then we will unravel the secret behind the verse: *"And whoever We extend his life, We will surely return him to the incident. So do they not think? (Yaasiin: 36: 68)*

It turns out, here Allah describes and explains, to humans, that the life he has gone through, from birth to the world to the present old age, until human find it difficult to remember, because human memory is short, all of that is a lesson that must be understood through the mind *"...aren't they thinking? (Yaasiin: 36: 68) "afalaa ya'qiluun"*

That is, the secret contained in the verse (*Yaasiin: 36: 68*) is that humans must understand about themselves, in order to understand about Allah.

Without understanding about ourselves, it is impossible for us to understand about Allah.

Allah's secret is within us *"...I breathed on him my spirit...(Shaad: 38:72)* and *"...We are closer to him than his jugular vein, (Qaaf: 50:16)*

## **TO TALK AND MEET ALLAH, HUMANS MUST UNDERSTAND ABOUT ALLAH**

Now, let's unveil the secret behind the verse: *"...I chose you and other humans to carry My message and to talk directly to Me...(Al A'raaf: 7: 144)*

It turned out that Allah had *"...spoke directly...(Al A'raaf : 7:144)* with Prophet Musa and *"...spoke...(Al A'raaf : 7:144)"...by sending a messenger...(Asy Syuura : 42:51)* with other Prophets, because Prophet Musa and other Prophets already understood about Allah, because they *"...use minds. (Al Maa'idah: 5: 58)* to understand about Allah.

Because Prophet Musa and other Prophets already understood about Allah, then when Allah declared: *"... "bow down obey!"...(Al Baqarah: 2: 131)* they all replied *"I bow down obediently to the Lord of the worlds" . (Al Baqarah: 2: 131)*

Why did Musa and other prophets answer *"I bow down obediently to the Lord of the worlds". (Al Baqarah: 2:131)?*

The answer is

Because Musa and the other Prophets had *"...used minds (Al Maa'idah: 5: 58)* to understand about Allah.

## **CONCLUSION**

Based on the description above, we can conclude that the secrets that are hidden behind the verse:

*"Have you not noticed that Allah sends down water from the sky, so that it becomes water sources on the*

*earth, and then He grows plants of various colors with it, then they dry up and you see them turning yellow, then made him crumble. Verily in that there is a lesson for those who have reason. (Az Zumar: 39:21)*
