ABSTRACT

Before I write down the problem to understand the real Allah, through Allah's energy which is the source of life in the universe, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about understanding the real Allah, through Allah's energy which is the source of life in the universe, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about understanding the real Allah, through Allah's energy which is the source of life in the universe, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31: 28)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"The angels and spirit ascended to God in a day the measure of which was fifty thousand years (Al Ma'aarij: 70:4)

"On the day the earth will be replaced with another earth and sky, and they will all gather before the presence of Allah, the One, the All-Mighty (Ibrahim: 14:48)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Wise and All-Knowing. (Al Baqarah: 2: 115)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And when Moses came at our appointed time and the Lord had spoken to him, Moses said: "My Lord, show me so that I can see You." The Lord said: "You will never be able to see Me, but behold. to the hill, then if it stays where it is you will surely see me." When his Lord appeared to the mountain, he made the mountain crumble and Moses fell unconscious. So when Moses regained consciousness, he said: "Glory be to you. , I repent to You and I am the first to believe." (Al A'raaf: 7: 143)

"Didn't We create you from despicable water (Al Mursalaat: 77:20)

"Then We made the essence of semen in a solid place. (Al Mu'minuun: 23:13)

"And verily We have created man from an essence of clay. (Al Mu'minuun: 23:12)

"And does man not notice that We created him from a drop of water, then suddenly he becomes a real challenger (Yaasiin: 36: 77)

"And it is Allah Who has brought you to life, then caused you to die, then brought you to life, verily the human being is very much denying the favor. (Al Hajj: 22: 66)

"Those who when disaster strikes, they say: "Inna lillahi wa innaa ilaihi raaji'uun" (Indeed we belong to Allah and to Him we shall return) (Al Baqarah: 2: 156)

"Allah, there is no god but He Who Lives eternally and continually takes care of; neither sleeps nor sleeps. To Him belongs what is in the heavens and the earth. No one can intercede with Allah without His permission? Allah knows what is before them and behind them, and they know nothing of Allah's knowledge except what He wills. Allah's seat covers the heavens and the earth. And Allah does not find it difficult to maintain them, and Allah is Most High, Most Merciful. Great.(Al Baqarah: 2:255)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And it is Allah Who has brought you to life, then caused you to die, then brought you to life, verily the human being is very much denying the favor. (Al Hajj: 22: 66)

In an effort to open the veil of Allah's secret about understanding the real Allah, through the energy of Allah who is the source of life in the universe, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis to understand the real Allah, through Allah's energy and *"...my spirit... (Shaad : 38:72)* which is the source of life in the universe, seen from the point of view of Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

HUMANS TO UNDERSTAND THE TRUE ALLAH THROUGH THE ENERGY OF ALLAH AND MY SPIRIT

Now, we are still concentrating on uncovering the secrets contained behind the verse: *"...to Allah belongs the east and the west, so wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)*

Well, it turns out that here Allah has given a clear and real picture to humans that actually Allah is in the form of Allah's energy.

Why does Allah's form in the form of Allah's energy?

The answer is,

Hidden in the secret behind the verse: *"...wherever you face there is the face of Allah... (Al Baqarah: 2: 115)*

Well, this is the secret that was revealed from the verse *"... wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)*

Namely, Allah with Allah's energy that fills in these seven skys, through the frequency of the speed of light 5 475 103 664 604.84 km per second is beyond the reach of the human mind.

Now, Allah's speed wave frequency is calculated by the speed of light. This means that if humans want to understand how Allah's energy is, Allah wants to use the speed of light, then the speed of Allah's light is 18262980 times the speed of light according to human calculations, where the speed of light according to human calculations is 299792.458 km per second.

So Allah's speed if calculated by calculating human speed is $18262980 \times 299792.458 = 5\,475\,103\,664\,604.84$ km per second

Indeed, humans cannot imagine how fast Allah's speed is with Allah's energy.

ALLAH'S FACE IS ALLAH'S ENERGY

When Allah describes "*...wherever you face there is the face of Allah... (Al Baqarah: 2: 115)*" meaning, wherever, wherever and whenever the human eye is directed, then in that instant there is also "*...a face" Allah...(Al Baqarah: 2: 115)*" in the form of Allah's energy.

So, actually humans will understand the real Allah if humans want to open their minds to "*...think about the creation of the skys and the earth" O our Lord, you did not create this in vain... (Ali 'Imran: 3: 191)*"

Now, by thinking about "*...the creation of the skys and the earth...(Ali 'Imran: 3:191)*" then humans will reach the energy of Allah.

It is through this Allah's energy that humans will understand and arrive and meet Allah.

ALLAH'S ENERGY SHAPED MY SPIRIT, TO ARRIVE AND MEET ALLAH

Now, because "*...my spirit...(Shaad : 38:72)*" is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, while Allah's energy makes up quarks, and quarks make up atoms, then it is Allah's energy that makes up quarks. in fact, which gave birth to "*...my spirit...(Shaad : 38: 72)*" through hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So now it is increasingly clear and real that Allah describes that in order to understand the real Allah, humans must understand and deepen Allah's energy and "*... my spirit... (Shaad: 38: 72)*"

Humans without understanding and exploring Allah's energy and "*... my spirit... (Shaad: 38: 72)*" , then humans only reach Allah in the mouth.

Now it has been revealed, the secret that is hidden behind the verse: "*...wherever you face there is the face of Allah... (Al Baqarah: 2: 115)*"

That is, humans to understand the real Allah, then humans must understand and explore Allah's energy and "*... my spirit... (Shaad: 38: 72)*"

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: "*...to Allah belongs the east and the west, so wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)*"

Well, it turns out that here Allah has given a clear and real picture to humans that actually Allah is in the form of Allah's energy.

Why does Allah's form in the form of Allah's energy?

The answer is,

Hidden in the secret behind the verse: "*...wherever you face there is the face of Allah... (Al Baqarah: 2: 115)*

Well, this is the secret that was revealed from the verse "*... wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)*

Namely, Allah with Allah's energy that fills in these seven skys, through the frequency of the speed of light 5 475 103 664 604.84 km per second is beyond the reach of the human mind.

Now, Allah's speed wave frequency is calculated by the speed of light. This means that if humans want to understand how Allah's energy is, Allah wants to use the speed of light, then the speed of Allah's light is 18262980 times the speed of light according to human calculations, where the speed of light according to human calculations is 299792.458 km per second.

So Allah's speed if calculated by calculating human speed is $18262980 \times 299792.458 = 5\,475\,103\,664\,604.84$ km per second

Indeed, humans cannot imagine how fast Allah's speed is with Allah's energy.

When Allah describes "*...wherever you face there is the face of Allah... (Al Baqarah: 2: 115)* meaning, wherever, wherever and whenever the human eye is directed, then in that instant there is also "*...a face" Allah...(Al Baqarah: 2: 115)* in the form of Allah's energy.

So, actually humans will understand the real Allah if humans want to open their minds to "*...think about the creation of the skys and the earth" O our Lord, you did not create this in vain... (Ali 'Imran: 3: 191)*

Now, by thinking about "*...the creation of the skys and the earth...(Ali 'Imran: 3:191)* then humans will reach the energy of Allah.

It is through this Allah's energy that humans will understand and arrive and meet Allah.

Now, because "*...my spirit...(Shaad : 38:72)* is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, while Allah's energy makes up quarks, and quarks make up atoms, then it is Allah's energy that makes up quarks. in fact, which gave birth to "*...my spirit...(Shaad : 38: 72)* through hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So now it is increasingly clear and real that Allah describes that in order to understand the real Allah, humans must understand and deepen Allah's energy and "*... my spirit... (Shaad: 38: 72)*

Humans without understanding and exploring Allah's energy and "*... my spirit... (Shaad: 38: 72)* , then humans only reach Allah in the mouth.

Now it has been revealed, the secret that is hidden behind the verse: "*...wherever you face there is the face of Allah... (Al Baqarah: 2: 115)*

That is, humans to understand the real Allah, then humans must understand and explore Allah's energy and "*... my spirit... (Shaad: 38: 72)*
