ABSTRACT

Before the author writes about understand the real Allah, then believe, not believe first, but not understand the real Allah, first the writer asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret about understand the real Allah, then believe, not believe first, but not understand the real Allah, based on deoxyribonucleic acid (DNA).

There are several verses to reveal the secret about understand the real Allah, then believe, not believe first, but not understand the real Allah, namely the following verses:

"those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth: "O our Lord, you did not create this in vain, Glory be to You, so protect us from the torment of hell. (Ali 'Imran : 3: 191)

"Allah has prepared for them a harsh punishment, so fear Allah those who have mind, those who believe. Indeed, Allah has sent down a warning to you, (Ath Thalaq : 65: 10).

"Then when I have perfected of Adam and I have breathed into Adam my spirit, then you should fall down prostrating to him." (Shaad: 38: 72).

"And when Moses came at the time We had appointed and God said to him, Moses said, "O my God, show me so that I can see You." God said: "You cannot see Me at all, but look at the mountain, so if the mountain stays where the mountain is you will surely be able to see Me." When his God appeared to the mountain, He made it crumble and Musa fell unconscious. So when Musa regained consciousness, he said: "Glory be to God You, I repent to You and I am the first person to believe." (Al A'raaf: 7: 143).

"Read in the name of your God Who created (Al 'Alaq : 96: 1).

"He has created human from a clot of blood (Al 'Alaq : 96: 2).

In an effort to open the veil of Allah's secret about understand the real Allah, then believe, not believe first, but not understand the real Allah, the author uses the basis of deoxyribonucleic acid.

HYPOTHESIS

Here the author proposes hypothesis understand the real Allah, then believe, not believe first, but not understand the real Allah, based on Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building block of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

UNDERSTAND THE REAL ALLAH, THEN BELIEVE, NOT BELIEVE FIRST, BUT NOT UNDERSTAND THE REAL ALLAH

So now, we are still concentrating our minds on uncovering the secrets contained behind the verses: *"those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth...(Ali 'Imran: 3 : 191) "...Moses said, "O my God, show me so that I can see You... (Al A'raaf : 7: 143).*

So here Allah declares *"those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth...(Ali 'Imran: 3 : 191).*

So it turns out, to understand Allah and *"...remember Allah...(Ali 'Imran: 3: 191) through "...thinking about the creation of the skys and the earth...(Ali 'Imran: 3 : 191).*

Likewise, when Allah declared *"Read in the name of your God Who created (Al 'Alaq : 96: 1) "He has created human from a clot of blood (Al 'Alaq : 96: 2).*

Well it turns out, Allah's first declaration through Gabriel which conveyed to the Prophet Muhammad saw is *"Read in the name of your God Who created (Al 'Alaq : 96: 1) who "...created human from a clot of blood (Al 'Alaq : 96: 2).*

Well here, human must think that human was created *"...from a clot of blood (Al 'Alaq: 96: 2).*

This means that blood contains *"...My spirit...(Shaad: 38: 72) or "...Allah's spirit...(Shaad : 38: 72) which is built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms.*

Or in other words, human is created with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms.

Or It can also be said that human is built with Deoxyribonucleic acid (DNA), where human DNA consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

So, with thinking about how human is built and *"...think about the creation of the sky and the earth...(Ali 'Imran: 3: 191)* then human will understand the real Allah.

Well, *"...the sky...(Ali 'Imran: 3: 191)* is a stretch of space above which there is *"...the earth...(Ali 'Imran: 3: 191).*

"...the earth...(Ali 'Imran : 3: 191) built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms and other atoms.

Or in other words, *"...the earth...(Ali 'Imran : 3: 191)* built with *"...My spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72).*

So humans, animals, plants, fungi, bacteria, archaea, Viruses and other inanimate objects such as rocks, iron and steel exist on earth and are above the expanse of space called the sky.

So actually, thinking about the creation of *"...the sky and the earth...(Ali 'Imran: 3: 191)* is the same as thinking about the creation of *"...human...(Al 'Alaq: 96: 2).*

Well, After human understand how *"...human...(Al 'Alaq : 96: 2)* and *"...the sky and the earth...(Ali 'Imran: 3: 191)* were created, then human will believe that there is something that is the source of the formation of *"...My spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72).*

The source of the formation of *"...My spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* is the energy or energy of Allah that comes from Allah.

That is, Allah and the energy of Allah are united. Speaking of Allah speaks the energy of Allah. Speaking of the energy of Allah speaks Allah . Allah's energy is very small **0,000000000 000000000 000000000 01** gram per cubic cm.

With the presence of Allah's energy, Allah's particle arise where Allah's particle is very small, almost non-existent, **0,000000000 000000000 000000000 000000000 00000 3335917542091889** grams. This Allah's particle has a speed greater than the speed of light **5 475 103 664 604,84** km per second.

Also with Allah's energy quark is formed, then quarks form hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms and other atoms.

Well, this is what Moses showed when Moses looked for God, *"...Moses said, "O my God, show me so that I can see You...(Al A'raaf : 7: 143).*

So, before Moses believed in God, Moses first had to be able to *"...see God...(Al A'raaf : 7: 143).*

It turns out that God told Moses to *"...look at the mountain...(Al A'raaf: 7: 143)* apparently the mountain was built with *"...My spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72).*

Likewise, Moses had to see what happened to *"...the mountain...(Al A'raaf : 7: 143)* *"...When his God appeared to the mountain, He made it crumble...(Al A'raaf : 7: 143).*

Well it turns out *"...Allah made the mountain crumble...(Al A'raaf : 7: 143)* because of the energy of

Allah.

So, here Moses understood that in order to see God he had to understand *"...My spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms , nitrogen atoms, oxygen atoms, also Moses understood that to be able to see God must go through God's energy.

Now, human after understanding the real Allah through Allah's form in the form of Allah's energy, in the form of Allah's particle and in the form of *"...My spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms, then human will truly believe that Allah is the source of everything in this universe.

Now this is something that almost all Muslims in the world do not understand.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth...(Ali 'Imran: 3 : 191)* *"...Moses said, "O my God, show me so that I can see You...(Al A'raaf : 7: 143).*

So here Allah declares *"those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth...(Ali 'Imran: 3 : 191).*

So it turns out, to understand Allah and *"...remember Allah...(Ali 'Imran: 3: 191)* through *"...thinking about the creation of the skys and the earth...(Ali 'Imran: 3 : 191).*

Likewise, when Allah declared *"Read in the name of your God Who created (Al 'Alaq : 96: 1)* *"He has created human from a clot of blood (Al 'Alaq : 96: 2).*

Well it turns out, Allah's first declaration through Gabriel which conveyed to the Prophet Muhammad saw is *"Read in the name of your God Who created (Al 'Alaq : 96: 1)* who *"...created human from a clot of blood (Al 'Alaq : 96: 2).*

Well here, human must think that human was created *"...from a clot of blood (Al 'Alaq: 96: 2).*

This means that blood contains *"...My spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad : 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms.

Or in other words, human is created with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms.

Or It can also be said that human is built with Deoxyribonucleic acid (DNA), where human DNA consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

So, with thinking about how human is built and *"...think about the creation of the sky and the earth...(Ali 'Imran: 3: 191)* then human will understand the real Allah.

Well, *"...the sky...(Ali 'Imran: 3: 191)* is a stretch of space above which there is *"...the earth...(Ali 'Imran: 3: 191).*

"...the earth...(Ali 'Imran : 3: 191) built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen

atoms and other atoms.

Or in other words, "...*the earth...*(*Ali 'Imran : 3: 191*) built with "...*My spirit...*(*Shaad: 38: 72*) or "...*Allah's spirit...*(*Shaad : 38: 72*).

So humans, animals, plants, fungi, bacteria, archaea, Viruses and other inanimate objects such as rocks, iron and steel exist on earth and are above the expanse of space called the sky.

So actually, thinking about the creation of "...*the sky and the earth...*(*Ali 'Imran: 3: 191*) is the same as thinking about the creation of "...*human...*(*Al 'Alaq: 96: 2*).

Well, After human understand how "...*human...*(*Al 'Alaq : 96: 2*) and "...*the sky and the earth...*(*Ali 'Imran: 3: 191*) were created, then human will believe that there is something that is the source of the formation of "...*My spirit...*(*Shaad: 38: 72*) or "...*Allah's spirit...*(*Shaad : 38: 72*).

The source of the formation of "...*My spirit...*(*Shaad: 38: 72*) or "...*Allah's spirit...*(*Shaad : 38: 72*) is the energy or energy of Allah that comes from Allah.

That is, Allah and the energy of Allah are united. Speaking of Allah speaks the energy of Allah. Speaking of the energy of Allah speaks Allah . Allah's energy is very small **0,000000000 000000000 000000000 01** gram per cubic cm.

With the presence of Allah's energy, Allah's particle arise where Allah's particle is very small, almost non-existent, **0,000000000 000000000 000000000 000000000 00000 3335917542091889** grams. This Allah's particle has a speed greater than the speed of light **5 475 103 664 604,84** km per second.

Also with Allah's energy quark is formed, then quarks form hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms and other atoms.

Well, this is what Moses showed when Moses looked for God, "...*Moses said, "O my God, show me so that I can see You...*(*Al A'raaf : 7: 143*).

So, before Moses believed in God, Moses first had to be able to "...*see God...*(*Al A'raaf : 7: 143*).

It turns out that God told Moses to "...*look at the mountain...*(*Al A'raaf: 7: 143*) apparently the mountain was built with "...*My spirit...*(*Shaad: 38: 72*) or "...*Allah's spirit...*(*Shaad : 38: 72*).

Likewise, Moses had to see what happened to "...*the mountain...*(*Al A'raaf : 7: 143*) "...*When his God appeared to the mountain, He made it crumble...*(*Al A'raaf : 7: 143*).

Well it turns out "...*Allah made the mountain crumble...*(*Al A'raaf : 7: 143*) because of the energy of Allah.

So, here Moses understood that in order to see God he had to understand "...*My spirit...*(*Shaad: 38: 72*) or "...*Allah's spirit...*(*Shaad : 38: 72*) which is built with hydrogen atoms, carbon atoms , nitrogen atoms, oxygen atoms, also Moses understood that to be able to see God must go through God's energy.

Now, human after understanding the real Allah through Allah's form in the form of Allah's energy, in the form of Allah's particle and in the form of "...*My spirit...*(*Shaad: 38: 72*) or "...*Allah's spirit...*(*Shaad : 38: 72*) which is built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms, then human will truly believe that Allah is the source of everything in this universe.

Now this is something that almost all Muslims in the world do not understand.
