ABSTRACT

Previously, I asked forgiveness from Allah SWT. Here I am trying to open the veil that covers the secret of what really distinguishes the angels on this earth from the angels assigned to guard in paradise and guard in hell, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses in the Qur'an that write down the problem of what exactly distinguishes the angels on this earth from the angels who are assigned to guard in paradise and guard in hell, namely the verses:

"The paradise of 'Adn which they enter together with the righteous from their fathers, wives and offspring, while the angels enter their places from all doors; (Ar Ra'd: 13:23)

"And each one came, with him an angel of escort and an angel of witness. (Qaf: 50: 21)

"O you who believe, protect yourselves and your families from a hell fire whose fuel is people and stones; its guardians are angels who are harsh, harsh, and do not disobey Allah in what He commands them and always do what is commanded. (At Tahrir : 66: 6)

"By the one who plucks out loudly, (An Naazi'aat: 79: 1)

"and who plucks gently, (An Naazi'aat: 79: 2)

"... if We made the apostle an angel, We would certainly have made him a man... (Al An'aam: 6: 9)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"So when I have perfected the event and I have breathed into it My spirit; then you should fall down prostrating to it." (Shaad: 38:72)

"When I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"... We made the apostle an angel... a man... (Al An'aam: 6: 9)

"Say: "The angel of death entrusted to you will kill you, then only to your Lord you will be returned." (As Sajdah: 32:11)

"What if the angels took their lives while beating their faces and their backs? (Muhammad: 47: 27)

"By the one who plucks out loudly (An Naazi'aat: 79:1)

"and who plucks gently (An Naazi'aat: 79: 2)

"Then He perfected and breathed into him His spirit and He made for you hearing, sight, and heart; you are very little grateful." (As Sajdah: 32: 9)

"Indeed, those who were killed by the angels in a state of persecuting themselves, the angels asked: "In what state are you in?" They replied: "We are the oppressed in the land." The angels said: "Is not Allah's earth wide, so that you can emigrate in that earth?" For those people the place of Hell is Hell, and Hell is the worst place to return to, (An Nisaa ': 4: 97)

"And give good tidings to those who believe and do good, that for them are provided gardens with "This is what was given to them. us first." They are given similar fruits and for them are pure wives and they will abide therein (Al Baqarah: 2:25)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"So he put a veil from them; then We sent our spirit to him, and he appeared before him a perfect human being. (Maryam: 19:17)

"And indeed Our messengers have come to Abraham with good news, they say: "Congratulations." Ibrahim replied: "Congratulations," then not long after that Ibrahim served roasted calf meat. (Hud: 11: 69)

"So when he saw that their hands did not touch him, Ibrahim saw what they were doing and was afraid of them. The angel said: "Do not be afraid, indeed we are the ones sent to the people of Lut." (Hud: 11:70)

"And if We wish, We have indeed made in your place on earth angels that have been passed down from generation to generation. (Az Zukhruf: 43:60)

"The messengers said: "O Lut, indeed we are the messengers of your Lord..." (Hud: 11:81)

Where in an effort to open the veil that covers the secret of what really distinguishes the angels on this earth from the angels assigned to guard in paradise and guard in hell, I use a tool called deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESES

Here I propose a hypothesis that distinguishes the angels who are on this earth from the angels who are assigned to guard in paradise and guard in hell, are angels on earth who are angels who have bodies and "...my spirit..." (Shaad: 38: 72) while the angels who have assignments in heaven and assignments in hell are angels who are only "...my spirit..." (Shaad: 38:72), judging from the basis of Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

WHAT ACTUALLY DIFFERENT ANGELS WITH SERVICE IN PARADISE AND GUARDING IN HELL WITH ANGELS THAT HAVE SERVICE ON EARTH NOW

Now, we are still concentrating on uncovering the secrets contained behind the verse: *"the paradise of 'Adn they enter into it...while the angels enter their places from all doors; (Ar Ra'd: 13: 23) "... (in) a hell whose fuel is humans and the guardian stones of angels are harsh, harsh... (At Tahrir: 66: 6)" The messengers said: "O Lut, indeed we are messengers of Allah. messenger of your Lord,..." (Huud: 11:81)"By the one who plucks out loudly, (An Naazi'aat: 79:1) "...We made the apostle an angel...a man,..." (Al An'am: 6: 9)*

Apparently, here Allah has clearly described that there is a difference between angels who have assignments in paradise and assignments in hell and angels who get assignments on earth.

Where the difference is that the angels who are assigned to work on earth are angels who still have a body and *"...my spirit...(Shaad: 38: 72)* while the angels who have the task of guarding in paradise and guarding in hell are angels who only *"...my spirit...(Shaad: 38:72)*

Why is there a difference between angels on earth who look like humans, have a body and *"...my spirit...(Shaad: 38:72)* while the angels who have assignments in paradise and work in hell are only *"...my spirit. ...(Shaad: 38:72) ?*

The answer is

It is hidden in the secret behind the verse: *"...they are eternal in it (Al Baqarah: 2:25)* meaning that the inhabitants of heaven and the inhabitants of hell are *"...they are eternal in it (Al Baqarah: 2:25)*

Eternal here they will live to the age of **10 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000** years.

Now, because life in paradise and in hell is so long that the seven skies and their contents are lost to the energy of Allah, then the inhabitants of paradise and hell and the guardian angels in paradise and hell do not have bodies, only *"...my spirit. ...(Shaad:38:72)*

Meanwhile, life on earth today is limited, so all Allah's creatures living on earth have a body and *"...my spirit...(Shaad: 38:72)* When all of Allah's creatures die, then what remains is *"... my spirit...(Shaad: 38:72)* while the body returns to the energy of Allah.

ANGELS THAT HAVE A TASK ON EARTH ARE ANGELS WITH A HUMAN BODY

Well, like an angel who was sent to the Prophet Lut *"The messengers said: "O Lut, indeed we are the messengers of your Lord..." (Huud: 11:81)*

On earth, angels are the same as humans, when angels speak using sound waves that can be understood by humans *"O Lut, indeed we are messengers of your Lord..." (Huud: 11:81)*

Now the question is, how long can angels live on this earth with bodies that are like *"...a perfect*

human. (Maryam: 19:17) ?

The answer is

Hidden in the secret behind the verses: *"...Ibrahim served roasted calf meat (Hud: 11: 69) "... when he saw their hands did not touch it, Ibrahim looked at their deeds strange, and was afraid of them. The angel said: "Do not be afraid, indeed we are the ones sent to the people of Lut." (Hud : 11:70)*

Well, here Allah has described that angels do not eat food like the food eaten by humans, such as *"... calf meat... (Hud: 11: 69)* and other foods commonly eaten by humans.

So, in terms of food, the food eaten by angels is different from the food that humans always eat. Of course with the difference in the matter of the food eaten by angels and the food eaten by humans, there will be a difference in age. Where human life is very limited.

Then, because the angelic body is the same as the human body, Allah has declared: *"...I breathed into him my spirit...(Shaad: 38:72)*

So, *"...my spirit...(Shaad: 38:72)* is in the body of an angel and is in the body of a human.

When the age of the angel reaches the last moment, the angel taken life and comes out *"...my spirit...(Shaad: 38:72)* back to Allah

Even though the angels taken life by Allah, the angels have their successors *"...the angels that are hereditary. (Az Zukhruf: 43:60)*

When the angels have died and *"... my spirit... (Shaad: 38: 72)* come out and face Allah, then they get a new task and a new job in the hereafter.

Now it has been revealed, the secret hidden behind the verses: *"the paradise of 'Adn which they enter into it ... while the angels enter their places from all doors; (Ar Ra'd: 13: 23)". ..(in) a hell whose fuel is humans and the guardian stones of angels are rough, hard... (At Tahrir: 66: 6)" The messengers said: "O Lut, indeed we are the messengers of your Lord,.. ." (Hud: 11:81)*

Namely, the angels who have the task of guarding paradise and guarding hell are angels who are only *"...my spirit...(Shaad: 38:72)* as the inhabitants of paradise and hell are only in the form of *"...my spirit...(Shaad: 38:72)*

Meanwhile, the angels who are assigned to work on this earth have the form of a body and *"...my spirit...(Shaad: 38:72)* just like human's body and *"...my spirit...(Shaad: 38:72)* other humans. who live on this earth.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: *"the paradise of 'Adn they enter into it...while the angels enter their places from all doors; (Ar Ra'd: 13: 23) "... (in) a hell whose fuel is humans and the guardian stones of angels are harsh, harsh... (At Tahrir: 66: 6)" The messengers said: "O Lut, indeed we are messengers of Allah. messenger of your Lord,..."
