ABSTRACT

Before I write down what the problem really is in Allah's mind, that Allah's form is eternal and some is impermanent, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of what really is in Allah's mind, that Allah's form is eternal and some is impermanent, based on Deoxyribonucleic acid (DNA)

There are several verses that become Allah's secret unlocking tool about what really is in Allah's mind, that Allah's form is eternal and some is impermanent, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"Indeed, We have adorned the skys near the stars, and We have made the stars casters of the devil, and We have prepared for them the torment of a fiery hell. (Al Mulk: 67: 5)

"And We did not create the skys and the earth and everything between them by playing around (Al Anbiyaa': 21:16)

"So He made it seven skys in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)

"Allah created the skys and the earth with rights. Verily in that are the signs of Allah's power for the believers (Al 'Ankabuut: 29: 44)

"Allah, there is no god but He Who Lives eternally and continually takes care of; neither sleeps nor sleeps. To Him belongs what is in the heavens and the earth. No one can intercede with Allah without His permission? Allah knows what is before them and behind them, and they know nothing of Allah's knowledge except what He wills. Allah's seat covers the heavens and the earth. And Allah does not find it difficult to maintain them, and Allah is Most High, Most Merciful. Great.(Al Baqarah: 2:255)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about what really is in Allah's mind, that Allah's form is eternal and some is impermanent, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis that is in Allah's mind, that Allah's existence is eternal and some is impermanent, because Allah's law must be maintained, the law *"...balanced...(Al Mulk: 67: 3)* based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

WHAT IS ALLAH'S REASON THAT IN ALLAH'S FORM SOMETHING IS ETERNAL AND SOMETHING IS NOT ETERNAL, BUT ALLAH IS ETERNAL

Now, we are still concentrating on uncovering the secrets contained behind the verses: *"... the seven skyss in layers... which are... balanced... (Al Mulk: 67: 3)".. .I blow on him my spirit...(Shaad: 38:72)"... He...blows into him His spirit...(As Sajdah: 32:9) "...He Who Lives eternally and continuously takes care of...(Al Baqarah: 2:255)*

Apparently, here Allah has declared about Allah's law *"... which is balanced... (Al Mulk: 67: 3)* which also applies to the form of Allah.

That is, in the form of Allah must be *"... balanced... (Al Mulk: 67: 3)* between the eternal and the impermanent

IN ALLAH'S MIND SOMETHING IS ETERNAL, IS ALLAH'S ENERGY AND ALLAH'S PARTICLES, WHILE THAT IS NOT ETERNAL, IS THE SPIRIT OF ALLAH

Well, Allah has implemented the law *"... balanced... (Al Mulk: 67: 3)* into the form of Allah.

"... my spirit...(Shaad : 38: 72) or *"...Allah's spirit...(Shaad : 38: 72)* is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms. Where these atoms are impermanent, because they are up to 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years. After that these atoms disappeared, because the nuclear power

that held the quarks in the atom was lost.

So, when "...my spirit...(Shaad : 38:72) or "...Allah's spirit...(Shaad : 38:72) disappears from Allah's form, only Allah's energy remains 0.000000000 000000000 000000000 01 gram per cubic cm and Allah particles

0.000000000 000000000 000000000 000000000 000000000 000000000 000000000 000 333 591 754 209 188 9 grams which is in the form of Allah.

WHEN THE SPIRIT OF ALLAH IS GONE FROM ALLAH'S FORM, THEN ALLAH IS ALONE, THERE WILL BE POSSIBLY CREATED SEVEN NEW SKYS WITH NEW TYPES OF LIFE

Well, on the basis of Allah's law "... in balance...(Al Mulk : 67: 3) when the seven skys now disappear, after reaching the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years, and back into energy Allah, then seven new skys will be created with the energy obtained from these seven disappearing skys.

Now, it has been revealed, that Allah "...who lives eternally continues to take care of... (Al Baqarah: 2:255)

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: "... the seven skys in layers... which are... balanced... (Al Mulk: 67: 3)".. .I blow on him my spirit...(Shaad: 38:72)"... He...blows into him His spirit...(As Sajdah: 32:9) "...He Who Lives eternally and continuously takes care of...(Al Baqarah: 2:255)

Apparently, here Allah has declared about Allah's law "... which is balanced... (Al Mulk: 67: 3) which also applies to the form of Allah.

That is, in the form of Allah must be "... balanced... (Al Mulk: 67: 3) between the eternal and the impermanent

Well, Allah has implemented the law "... balanced... (Al Mulk: 67: 3) into the form of Allah.

"... my spirit...(Shaad : 38: 72) or "...Allah's spirit...(Shaad : 38: 72) is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms. Where these atoms are impermanent, because they are up to 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years. After that these atoms disappeared, because the nuclear power that held the quarks in the atom was lost.

So, when "...my spirit...(Shaad : 38:72) or "...Allah's spirit...(Shaad : 38:72) disappears from Allah's form, only Allah's energy remains 0.000000000 000000000 000000000 01 gram per cubic cm and Allah particles

0.000000000 000000000 000000000 000000000 000000000 000000000 000000000 000 333 591 754 209 188 9 grams which is in the form of Allah.

Well, on the basis of Allah's law "... in balance...(Al Mulk : 67: 3) when the seven skys now disappear, after reaching the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years, and back into energy Allah, then seven new skys will be created with the energy obtained from these seven disappearing skys.

Now, it has been revealed, that Allah "*...who lives eternally continues to take care of...* (Al Baqarah: 2:255)
