ABSTRACT

Before I write down the problem, what is really meant by Allah, human beings are the same as what he does, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of what Allah really means as well as what he does, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that serve as tools for revealing Allah's secrets about what Allah actually means to humans as well as what he does, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a male and, of course, We would have doubted about them what they doubted about themselves." (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31: 28)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"And among His signs is that you see the earth dry and arid, so when We send down water on it, it will surely move and thrive. Indeed, God Who gives life to it, surely can bring back the dead... (Fushshilat: 41: 39)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"It is He Who created the skys and the earth in six days: Then He resides on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"He is Allah, Who created all that is on earth for you and He willed the skys, then He made the seven skys. And He is All-Knowing of all things. (Al Baqarah: 2:29)

"Who has created the seven skys in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And each person gets degrees with what he does. And your Lord is not heedless of what they do. (Al An'aam: 6:132)

"And when it is said to them: "Follow what Allah has sent down." They say: "But we followed what we found our fathers doing." And do they even though the devil calls them to the torment of a blazing fire? (Luqman: 31:21)

"O mankind, indeed We created you from a male and a female and made you into nations and tribes so that you may know one another. Verily, the most honorable among you in the sight of Allah is the one who is most pious among you. Verily, Allah is All-Knowing, All-Knowing.(Al Hujuraat: 49:13)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to open the veil of Allah's secret about what Allah really means as well as what he does, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that humans are equal to what they do because behavior determines who humans are, from the point of view of Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

WHAT ACTUALLY BE A STRONG REASON, HUMAN GRADES IS THE SAME AS WHAT HE DOES

Now, we are still focusing our minds on uncovering the secrets contained behind the verse: "*...each person gets degrees with what he does...*(*Al An'aam: 6: 132*)

It turns out that here Allah has declared to humans, that humans get "*...degrees with what they do...*(*Al An'aam: 6: 132*) That is, human degrees are equal to what they do.

THERE IS DIFFERENCE OF DEGREES NOT FOR HUMANS TO WORSHIP AND OBEY TO HUMANS WHO HAVE A HIGHER DEGREE

Now the question arises,

Why are there differences in human degrees caused by differences in the results of their work used as the basis for trust?

The answer is,

Hidden in the secret behind the verse: "*... when I have perfected the scene and I breathed into him my spirit; then you should fall down prostrating to him.*" (*Shaad: 38: 72*)

Well, here it has been clearly described by Allah, that even though Allah has breathed "*... My spirit...*(*Shaad: 38: 72*) into all His creatures and into the universe and all its contents including humans, but when Allah breathed "*.. My spirit ...*(*Shaad: 38: 72*) to Adam, then other creatures, such as angels, jinn, devils, devils must prostrate to Adam.

Well, the notion "*.. prostrate to him.*" (*Shaad: 38: 72*) is a symbol of respect for a human named Adam. So, it does not mean that angels, jinn, devils, devils must worship Adam.

RESPECT FOR PEOPLE WHO DIFFERENT DEGREES, NOT WORSHIP AND OBEDIENCE TO HUMANS WHO HAVE A HIGHER DEGREE

The existence of differences in human degrees due to differences in what they do, has been used as the basis of belief by most humans in the world, to worship and obey humans who have a higher degree.

Now the question arises,

Why do most of the people in the world, the difference in human degrees is used as a reason to worship humans who have a higher degree?

The answer is

Implicit in the secret behind the verse: *"... we follow what we find our fathers doing... (Luqman: 31: 21)*

Well, apparently what was thought and done by human ancestors, then that's what the next generation did.

So, if there were their ancestors thousands of years ago, who thought that there was a need for respect in the form of worshipping other humans who were higher in rank than themselves, then they made the result of that thought as an understanding or belief. Humans who are low in rank cannot and should not associate with humans who have a higher level than themselves.

Well, the thought that eventually becomes an understanding or belief continues to be carried out by most people in this world.

HUMANS APPRECIATE HUMANS THAT RELEASE THE SAME DNA

Now, because humans have been influenced by the idea that it becomes an understanding that low-level humans cannot and should not associate with humans who have a higher level than themselves, then the solution is for each group of humans who are of equal rank to form a separate life with a way of worshipping their ancestors who passed down the same DNA or repository of genetic information.

So, noble groups only hang out with noble groups. The warrior group only got along with the warrior group. Farmer groups only associate with farmer groups. The maid group only got along with the maids. The group that did not include nobles, soldiers, peasants and servants, they formed their own group.

This thought was first thought by their ancestors thousands of years ago, which eventually became an understanding and belief that was hard to abandon.

Now the question arises,

Why can't the belief that originated from the thoughts of their ancestors thousands of years ago be abandoned?

The answer is

Hidden in the secret behind the verse: *"... we follow what we find our fathers doing... (Luqman: 31: 21)*

HUMANS ARE THE SAME, DIFFERENCES ARE DIFFERENCES THAN WHAT HE DOES

Well, now it has been revealed that actually humans are the same, what differs is the result of what they do *"...Indeed the most honorable of you in the sight of Allah is the one who is the most taqwa among you... (Al Hujuraat: 49:13)*

That is, here is *"...the most taqwa among you... (Al Hujuraat: 49:13)* who truly fear Allah and have truly understood Allah.

CONCLUSION

The conclusions that can be drawn from the explanation above are the secrets contained behind the verse: *"...each person gets degrees with what he does...(Al An'aam: 6: 132)*

It turns out that here Allah has declared to humans, that humans get *"...degrees with what they do... (Al An'aam: 6: 132)* That is, human degrees are equal to what they do.
