ABSTRACT

First of all, by asking forgiveness from Allah SWT, here I try to open signs of the greatness of Allah SWT regarding what is meant by Allah, the satan and the devil whisper into the human chest, even though the satan and the devil are a kind of human, based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA)

There are several verses that become Allah's secret unlocking tools about what Allah means, the satan and the devil whisper into the human chest, even though the devil and the devil are a kind of human, namely the verses:

"And thus We made enemies for every prophet, namely the devils of humans and jinn, some of them whispering to others beautiful words to deceive... (Al An'aam: 6:112)

"And (remember) when We said to the angels: "Prostrate yourselves to Adam, so prostrate them except Satan. He is from the group of jinn, so he disobeys the command of his Lord. Should you take him and his descendants as leaders other than Me, while they are your enemies? Very bad is the devil as a substitute (from Allah) for the wrongdoers. (Al Kahf: 18: 50)

"Have I not commanded you, O Children of Adam, that you do not worship Satan? Verily, Satan is a real enemy to you." (Yaasiin: 36:60)

"And We have subdued (also to Solomon) a group of devils who dive for him and do work other than that, and We are taking care of them, (Al Anbiyaa ': 21: 82)

"From the evil of the devil who used to hide (An-Naas: 114: 4) "who whispers into the chest of humans (An-Naas: 114: 5) "from jinn and humans (An-Naas: 114: 5)

Allah said: "What prevented you from prostrating when I commanded you?" The devil replied, "I am better than him: You created me from fire while You created him from clay. (Al A'raaf: 7:12)

"He (the devil) said: "Explain to me is this person whom You have honored over me? Indeed, if You give me respite until the Day of Resurrection, I will surely lead astray his descendants, except for a small part." (Al Israa ': 17: 62)

"And summon those whom you can afford among them with your invitation, and deploy against them your cavalry and your foot soldiers and associate with them in wealth and children and make a promise to them. And the devil has promised them nothing but deception (Al Israa ': 17: 64)

"And his army was assembled for Solomon from the jinn, humans and birds and then they were arranged in an orderly manner (in rows). (An Naml: 27:17)

In an effort to open the veil of Allah's secret about what Allah means, the satan and the devil whisper into the human chest, even though the satan and the devil are a kind of human, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that the satan and the devil whisper into the human chest, even though the satan and the devil are a kind of human, because in the human body, the satan and the devil have oxygen atoms and hydrogen atoms, seen from the basic point of Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

WHAT DOES ALLAH REALLY MEAN WITH THE SATAN AND THE DEVIL WHISPERING INTO HUMAN'S BREAST, BUT THE SATAN AND THE DEVIL ARE A TYPE OF HUMANS

Now, we are back to focusing our full mind in order to uncover the secrets stored in the verse: *"From the satan who used to hide (An-Naas: 114: 4) "which whispers into the chests of people (An-Naas: 114: 5) "from jinn and humans (An-Naas: 114: 5)*

It turns out that the devil and the jinn *"...whisper into the human chest (An-Naas: 114: 5)*

Now, the question arises,

Why are the devils and jinn also devils who are the jinn group *"...whispering into the human chest (An-Naas: 114: 5)?*

The answer is

Hidden in the secret behind the verse: *"... Answering the devil "I am better than him: You created me from fire while You created him from clay. (Al A'raaf: 7:12)*

Well, here it is clearly seen, that actually between the devils who are the jinn group are the same as humans. Because fire contains oxygen atoms and hydrogen atoms, also in soil contains oxygen atoms, hydrogen atoms, carbon atoms and nitrogen atoms.

So, actually in the body of the devil from the jinn group and in the human body are the same, each containing an oxygen atom and a hydrogen atom

Likewise the satan, in the body of the satan contains oxygen atoms and hydrogen atoms. *"And We have subdued (also to Solomon) a group of satan who dive for him and do work other than that, and We are taking care of them, (Al Anbiyaa ': 21: 82)*

When the satan was ordered by Prophet Solomon to dive and do other jobs, just as humans also dive

and do other jobs.

So, actually between satan and humans is no difference.

Now, the question arises

Why does the satan, the devil from the jinn group and also the jinn *"...whisper into the human chest (An-Naas: 114: 5)?*

The answer is

It is hidden in the secret that lies behind the verse: mat: *"...You created me from fire while you created him from clay. (Al A'raaf: 7:12)*

Well, because in the body of the devil from the jinn group, the devil and the jinn themselves contain oxygen atoms, then the oxygen atoms that come out of the devil's body, the jinn and the satan can be inhaled by humans and enter the lungs in the human chest.

So, not devils, jinn and satans who come to humans directly to whisper to human ears, but oxygen atoms that come out of the devil's body, jinn and satan can be inhaled by humans and enter the lungs in the human chest.

Now, how can oxygen atoms get out of the bodies of devils, jinn and satans?

The answer is that because the bodies of devils, jinn and satans are like human bodies, they contain carbon atoms.

Well, when the carbon atom unites with the oxygen atom in the body of the devil, jinn and satan, then when it comes out of the body of the devil, the jinn and satan are in the form of carbon dioxide.

When the carbonic acid is taken up by plants and plants, then the carbon atoms are taken up by plants for food, while the oxygen atoms are released, then inhaled by humans.

Well, oxygen atoms that come from the bodies of devils, jinn and satans are what humans breathe into the lungs in the human chest.

Now it has been revealed, what is meant by Allah *"From the satan who used to hide (An-Naas: 114: 4) "who whispers into the chest of humans (An-Naas: 114: 5) "from jinn and humans (An-Naas: 114: 5)*

CONCLUSION

Based on the description above, we can conclude that the secrets stored in the verse: *"From the satan who used to hide (An-Naas: 114: 4) "which whispers into the chests of people (An-Naas: 114: 5) "from jinn and humans (An-Naas: 114: 5)*

It turns out that the devil and the jinn *"...whisper into the human chest (An-Naas: 114: 5)*

Now, the question arises,
