ABSTRACT

Before the author writes down the problem of what Allah really means, a male resident of paradise is married to a nymph in paradise, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of what Allah really means, a male resident of paradise is married to a nymph in paradise, based on Deoxyribonucleic acid (DNA)

There are several verses that reveal Allah's secret about what Allah really means, a male resident of paradise is married to a nymph in paradise, namely the following verses:

"And verily We have created man from an essence of clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it My spirit, then submit to it prostrating yourselves (Al Hijr: 15:29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"And Mary, who has kept her honor, then We breathed into her a spirit from Us and We made her and her child a great sign for the worlds. (Al Anbiyaa ': 21: 91)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill and let them believe in Me, so that they will always be in truth.(Al Baqarah: 2:186)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Who has created the seven skys in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Wise, All-Knowing. (Al Baqarah: 2:115)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"And We did not create the skys and the earth and everything between them by playing around (Al Anbiyaa ': 21:16)

"So he put a veil from them; then We sent our spirit to him, and he appeared before him a perfect human being. (Maryam: 19:17)

"Allah created the skys and the earth with rights. Verily in that are the signs of Allah's power for the believers (Al 'Ankabuut: 29: 44)

"And there are jelly-eyed nymphs, (Al Waaqi'ah: 56: 22)

"Indeed We created them directly (Al Waaqi'ah: 56: 35)

"They reclined on couches in a row and We married them to beautiful fair-eyed nymphs. (Ath Thuur: 52:20)

"In paradise there are good and beautiful nymphs. (Ar Rahmaan: 55: 70)

"In paradise there are nymphs who lower their gaze politely, never touched by humans before them and not by jinn. (Ar Rahmaan: 55: 56)

"They have never been touched by humans before them nor by jinn. (Ar Rahmaan: 55: 74)

"They are on a cot enthroned with gold and gems, (Al Waaqi'ah: 56:15)

"By bringing glasses, kettles and drinks taken from running water (Al Waaqi'ah: 56: 18)

"And We made before them a wall and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about what Allah really means, a male resident of paradise is married to a nymph in paradise, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes the hypothesis that Allah intended, a male resident of paradise is married to a nymph in paradise is to combine "... *my spirit...* (Al Hijr: 15: 29) or "...*Allah's spirit...* (Al Hijr: 15: 29) in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, from "... *my spirit...* (Al Hijr: 15: 29) or "...*Allah's spirit...* (Al Hijr: 15: 29) in the form of a man with "... *my spirit...* (Al Hijr: 15: 29) or "...*Allah's spirit...* (Al Hijr: 15: 29) which female form, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the

hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

WHAT DOES ALLAH REALLY MEAN, MAN IN PARADISE IS MARRIED TO A NYMPH IN PARADISE

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: *"... the jelly-eyed nymphs (Al Waaqi'ah: 56: 22)"... We created them directly (Al Waaqi' ah : 56: 35)"... We married them to beautiful nymphs with sharp eyes (Ath Thuur: 52:20)*

Apparently, Allah has declared *"... We married them to beautiful nymphs with sharp eyes (Ath Thuur: 52: 20)"... We created nymphs directly (Al Waaqi'ah: 56: 35)*

So, now the question arises,

How did Allah marry a male resident of paradise with a nymph who was *"...created... directly" (Al Waaqi'ah: 56: 35)?*

The answer is in the secret behind the verse: *"... I... have blown into it my spirit... (Al Hijr: 15: 29)*

Well, actually *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)* which is in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen in the form of a man, a resident of paradise, and in the form of a *"...nymph...(Al Waaqi'ah: 56: 22)*

So, because in paradise it is very necessary for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms to survive in paradise, then Allah *"...created nymphs directly (Al Waaqi'ah: 56: 35)* from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Now, by marrying a man, a resident of paradise, who is *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)* with a *"...nymph...(Al Waaqi'ah : 56: 22)* who was *"...created... directly (Al Waaqi'ah : 56: 35)* from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then the need for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms for survival in paradise is met.

Well, this is the real secret behind the verse: *"...We married them to beautiful nymphs with sharp eyes (Ath Thuur: 52:20)* namely, the need for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms for survival in paradise fulfilled. Paradise and all the inhabitants of paradise in the form of *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)* will live to the age of **10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000** years.

Without hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, paradise would not exist, paradise would die.

So, in fact, Allah declared *"they reclined on row-by-line couches and We married them to beautiful, jelly-eyed nymphs. (Ath Thuur: 52:20)* refers to the gathering of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms for survival in paradise.

CONCLUSION

From what is described above, it can be concluded that the secrets contained behind the verses: *"... the jelly-eyed nymphs (Al Waaqi'ah: 56: 22)"... We created them directly (Al Waaqi' ah : 56: 35)"... We married them to beautiful nymphs with sharp eyes (Ath Thuur: 52:20)*

Apparently, Allah has declared *"... We married them to beautiful nymphs with sharp eyes (Ath Thuur: 52: 20)"... We created nymphs directly (Al Waaqi'ah: 56: 35)*

So, now the question arises,

How did Allah marry a male resident of paradise with a nymph who was *"...created... directly" (Al Waaqi'ah: 56: 35)?*

The answer is in the secret behind the verse: *"... I... have blown into it my spirit... (Al Hijr: 15: 29)*

Well, actually *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)* which is in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen in the form of a man, a resident of paradise, and in the form of a *"...nymph...(Al Waaqi'ah: 56: 22)*

So, because in paradise it is very necessary for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms to survive in paradise, then Allah *"...created nymphs directly (Al Waaqi'ah: 56: 35)* from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Now, by marrying a man, a resident of paradise, who is *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)* with a *"...nymph...(Al Waaqi'ah : 56: 22)* who was *"...created... directly (Al Waaqi'ah : 56: 35)* from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then the need for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms for survival in paradise is met.

Well, this is the real secret behind the verse: *"...We married them to beautiful nymphs with sharp eyes (Ath Thuur: 52:20)* namely, the need for hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms for survival in paradise fulfilled. Paradise and all the inhabitants of paradise in the form of *"... my spirit... (Al Hijr: 15: 29)* or *"...Allah's spirit... (Al Hijr: 15: 29)* will live to the age of **10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000** years.

Without hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, paradise would not exist, paradise would die.

So, in fact, Allah declared "*they reclined on row-by-line couches and We married them to beautiful, jelly-eyed nymphs.* (*Ath Thuur: 52:20*) refers to the gathering of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms for survival in paradise.
