**ABSTRACT**

Before I write down what problem Allah actually means, the satan whispers into the human chest, even though the satan and the devil are a kind of human and jinn, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of what Allah really means, the satan whispers into the human chest, even though the satan and the devil are a kind of human and jinn, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that serve as tools for revealing Allah's secrets about what Allah really means, the satan whispers into the human chest, even though the satan and the devil are a kind of human and jinn, namely the following verses:

*"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"Read in the name of your Lord Who created (Al 'Alaq: 96: 1) "He has created man from a clot of blood. (Al 'Alaq: 96: 2) "The one who teaches by means of kalam (Al 'Alaq: 96: 4)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)*

*"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)*

*"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)*

*"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

*"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Wise, All-Knowing. (Al Baqarah: 2:115)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)*

*"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)*

*"It is He Who shows you His signs and sends down for you sustenance from the sky. And there is no lesson except those who return (Al Mu'min: 40:13)*

*"It is Allah Who created the skys and the earth and sent down rain from the sky, then He brought forth with it various fruits as sustenance for you; and He has subjected the ark to you so that the ark may sail on the seas by His will, and He has subjected to you rivers (Ibrahim: 14:32)*

*"From the hidden whispers of evil (An-Naas: 114:4)*

*"Who whispers into the human chest (An-Naas: 114: 5)*

*"from jinn and humans (An-Naas: 114: 6)*

*"And when We said to the angels: "Prostrate yourselves to Adam, then prostrate them except Satan. He is from the group of jinn, so he disobeys the command of his Lord. Should you take him and his descendants as leaders other than Me, while they are your enemies? It is very bad that the devil is a substitute for the wrongdoers. (Al Kahf: 18: 50)*

*Allah said: "What prevented you from prostrating when I commanded you?" The devil replied "I am better than him: You created me from fire while You created him from clay." (Al A'raaf: 7:12)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

In an effort to open the veil of Allah's secret about what Allah really means, the satan whispers into the human chest, even though the satan and the devil are a kind of human and jinn, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I propose the hypothesis that oxygen atoms that come out of the satan's body that are inhaled by humans enter the lungs and then enter the blood, continue throughout the body to the brain, seen from the point of view of Deoxyribonucleic acid (DNA).

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## **DEOXYRIBONUCLIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

## **HOW IS THE SATAN WHISPERS IN THE HUMAN BREAST**

Now, we are still concentrating on uncovering the secrets contained behind the verses: *"From the hidden evil whispers (An-Naas: 114: 4)" which whispers into the human chest (An-Naas: 114: 5)"* ...Answered the devil *"I am better than him: You created me from fire while you created him from clay."* (Al A'raaf: 7:12) *"...Iblis...is from the jinn group...(Al Kahf: 18:50)*

It turns out, here Allah has explained clearly, that the satan and the devil, who are the jinn and other types of humans, are constantly trying to shake the balance of human life, so that human life can slide down the abyss of evil.

Now the question is

How exactly is the satan and the devil whispering into the chest of humans, while the satan and the devil are a kind of human?

The answer is

Hidden in the secret behind the verse: *"...Answers the devil "I am better than him: You created me from fire while you created him from clay." (Al A'raaf: 7:12)*

Well, it turns out that the satan and the devil think they were created *"... from fire... (Al A'raaf: 7:12)*

Satan and the devil do not understand, that fire actually arises from oxygen atoms, because oxygen atoms easily oxidize or unite with other atoms and oxygen atoms are combustible.

Oxygen atoms are also present in the human body, because humans were created *"...from soil." (Al A'raaf: 7:12)* Soil contains hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Now, what is meant by Allah, the satan and the devil whispering into the human chest is not the satan and the devil who immediately whispers into the chest of humans, because the satan and the devil are a kind of human, but the oxygen atom that comes out of the body of the satan and the devil that is inhaled by humans.

How can the oxygen atoms that come out of the satan and the devil be inhaled by humans?

Well, the trick is, when the satan and the devil exhale their breath, then what comes out is a combination of carbon atoms and oxygen atoms, namely carbon dioxide, where this carbon dioxide is poison.

This carbon dioxide is inhaled by plants and flowers, to be used as food. However, only carbon atoms are taken to make sugar or glucose with the help of sunlight, while oxygen atoms are removed.

Well, oxygen atoms that are removed by plants and flowers are then inhaled by humans, enter the lungs, then enter the blood vessels into the heart. Then by the heart the blood is pumped throughout the body, until the blood containing oxygen atoms that comes from the satan and the devil enters the human brain.

So, actually, what whispers into the human chest, is not the satan and the devil directly but the oxygen atoms that come from the satan and the devil that is inhaled by humans.

As long as the oxygen atoms that come from the satan and the devil are in the human brain, so long as humans feel there are *"...evil whispers hiding" (An-Naas: 114: 4)*

Now it has been revealed, what exactly is meant by Allah, *"... the evil whisper that hides (An-Naas: 114: 4)" which whispers into the human chest (An-Naas: 114: 5)*

That is, the oxygen atoms that come from the satan and the devil are inhaled by humans, enter the lungs, then enter the blood vessels into the heart. By the heart the blood is pumped throughout the body, until blood containing oxygen atoms that come from the satan and the devil enters the human brain. It is this brain that continues to feel there are *"...evil whispers that are hiding (An-Naas: 114: 4)*

## CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"From the hidden evil whispers (An-Naas: 114: 4)" which whispers into the human chest (An-Naas: 114: 5)" ...Answered the devil "I am better than him: You created me from fire while you created him from clay."
