ABSTRACT

Before I write down the problem what is actually meant by Allah, the pillars of Hajj and Tawaf around the Kaaba, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of what Allah really means, the pillars of Hajj and Tawaf around the Kaaba, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about what Allah really means, the pillars of Hajj and Tawaf around the Kaaba, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31: 28)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"And among His signs is that you see the earth dry and arid, so when We send down water on it, it will surely move and thrive. Indeed, God Who gives life to it, surely can bring back the dead... (Fushshilat: 41: 39)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"It is He Who created the heavens and the earth in six days: Then He resides on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"He is Allah, Who created all that is on earth for you and He willed the skys, then He made the seven skys. And He is All-Knowing of all things. (Al Baqarah: 2:29)

"Who has created the seven skys in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"Then let them remove the dirt that is on their bodies and let them complete their vows and let them perform tawaf around the old house (Baitullah). (Al Hajj: 22: 29)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"It is He who makes the night into the day and the day into the night. And He is All-Knowing of all the hearts. (Al Hadid: 57: 6)

"God who preserves the two places where the sun rises and God who preserves the two places where it sets." (Ar Rahman: 55:17)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to open the veil of Allah's secret about what Allah really means, the pillars of Hajj and Tawaf around the Kaaba, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis that is meant by Allah, the pillars of Hajj and Tawaf around the Ka'ba is that humans must think about the creation of the skys and the earth, where the earth and other planets revolve around the sun, from the point of view of Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

WHAT SECRET IS HIDDEN BEHIND ALLAH'S COMMAND TO HUMANS TO PERFORM THE THAWAF SURROUND THE KABA

Now, we are still concentrating on uncovering the secret contained behind the verse: *"...and let them perform tawaf around the old house (Baitullah) (Al Hajj: 22: 29)*

Here Allah has declared to mankind that one of the pillars of Hajj is to perform Tawaf around the Kaaba.

Now the question arises,

What is the secret hidden behind the verse: *"...should they perform tawaf around the old house (Baitullah) (Al Hajj: 22: 29) ?*

The answer is

Hidden in the secret behind the verse: *"Those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth: "Our Lord, you did not create this in vain...(Ali 'Imran : 3:191)*

It turned out that by *"...they performed Tawaf around the old house (Baitullah) (Al Hajj: 22: 29) is to "...think about the creation of the skys and the earth...(Ali 'Imran: 3:191)*

Why do humans when they are doing tawaf have to *"...think about the creation of the skys and the earth...(Ali 'Imran: 3:191)?*

The answer is

Hidden in the secret behind the verses: *"...to Allah belongs the east and the west...(Al Baqarah: 2: 115) "It is He who makes the night into the day and puts the day into the night...(Al Hadiid : 57: 6) "God who preserves the two places where the sun rises and God who preserves the two places where it sets" (Ar Rahmaan: 55:17)*

THAWAF IS A SYMBOL OF THE EARTH AND OTHER PLANETS SURROUNDING THE SUN

Apparently, here Allah has declared that *"... belongs to Allah... east and west... (Al Baqarah: 2: 115) "...to enter the night into the day and enter the day into the night...(Al Hadiid : 57: 6) "God... preserves the two places where the sun rises and... preserves the two places where it sets" (Ar Rahmaan: 55: 17)*

That is, the earth rotates on its axis, starting from the west to the south and continues to the east and around the sun starting from the west to the south and continues to the east.

So, Allah commanded humans to *"...thawaf around the old house (Baitullah) (Al Hajj: 22: 29) where when people surround the Kaaba, the Kaaba must be on the left, keep walking forward.*

That is, here, Allah has made *"...thawaf around the old house (Baitullah) (Al Hajj: 22: 29)* as a symbol of the earth and other planets around the sun, starting from the west to the south and continuing to the south. east.

Or in other words, *"those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth... (Ali 'Imran: 3:191)*

So, through Tawaf Allah gives symbols to humans to understand how Allah created *"...skys and earth...(Ali 'Imran: 3:191)*

THAWAF AROUND THE KA'BA 7 TIMES AS A SYMBOL OF ALLAH CREATING THE SEVEN SKYS

Now, another question arises,

Why do humans perform tawaf around the Ka'ba starting from the black stone 7 times round?

The answer is

Implicit in the secret behind the verse: *"Who has created the seven skys in layers ... (Al Mulk: 67: 3)*

It turns out that here Allah has given a symbol to humans with the command to circumambulate the Ka'ba 7 times is because Allah has created *"... the seven skys in layers... (Al Mulk: 67: 3)*

Now, the secret hidden behind the verse has been revealed: *"...thawaf around the old house (Baitullah) (Al Hajj: 22: 29) namely "...remembering Allah...and...thinking about the creation of the skys and earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of hell. (Ali 'Imran: 3:191)*

CONCLUSION

The conclusions that can be drawn from the explanation above are the secret contained behind the verse: *"...and let them perform tawaf around the old house (Baitullah) (Al Hajj: 22: 29)*

Here Allah has declared to mankind that one of the pillars of Hajj is to perform Tawaf around the Kaaba.

Now the question arises,

What is the secret hidden behind the verse: *"...should they perform tawaf around the old house (Baitullah) (Al Hajj: 22: 29) ?*

The answer is

Hidden in the secret behind the verse: *"Those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth: "Our Lord, you did not create this in vain...(Ali 'Imran : 3:191)*

It turned out that by *"...they performed Tawaf around the old house (Baitullah) (Al Hajj: 22: 29) is to "...think about the creation of the skys and the earth...(Ali 'Imran: 3:191)*

Why do humans when they are doing tawaf have to *"...think about the creation of the skys and the earth...(Ali 'Imran: 3:191)?*

The answer is

Hidden in the secret behind the verses: *"...to Allah belongs the east and the west...(Al Baqarah: 2: 115) "It is He who makes the night into the day and puts the day into the night... (Al Hadiid : 57: 6) "God who preserves the two places where the sun rises and God who preserves the two places where it sets" (Ar Rahmaan: 55:17)*

Apparently, here Allah has declared that *"... belongs to Allah... east and west... (Al Baqarah: 2: 115) "...to enter the night into the day and enter the day into the night...(Al Hadiid : 57: 6) "God... preserves the two places where the sun rises and... preserves the two places where it sets" (Ar Rahmaan: 55: 17)* That is, the earth rotates on its axis, starting from the west to the south and continues to the east and around the sun starting from the west to the south and continues to the east.

So, Allah commanded humans to *"...thawaf around the old house (Baitullah) (Al Hajj: 22: 29) where when people surround the Kaaba, the Kaaba must be on the left, keep walking forward.*

That is, here, Allah has made *"...thawaf around the old house (Baitullah) (Al Hajj: 22: 29)* as a symbol of the earth and other planets around the sun, starting from the west to the south and continuing to the south. east.

Or in other words, *"those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth... (Ali 'Imran: 3:191)*

So, through Tawaf Allah gives symbols to humans to understand how Allah created *"...skys and earth...(Ali 'Imran: 3:191)*

Now, another question arises,

Why do humans perform tawaf around the Ka'ba starting from the black stone 7 times round?

The answer is

Implicit in the secret behind the verse: *"Who has created the seven skys in layers ... (Al Mulk: 67: 3)*
