UNLOCKING ALLAH'S SECRETS, WHAT DOES ALLAH REALLY MEAN THAT ALLAH
GIVES A LITTLE KNOWLEDGE OF THE SPIRIT TO HUMANS

ABSTRACT

Before I write down the problem of what it really means by Allah that Allah gives a little knowledge of the spirit to humans, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of what it really means by Allah that Allah gives a little knowledge of the spirit to humans, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about what Allah really means that Allah gives a little knowledge of the spirit to humans, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"He is Allah, Who created all that is on earth for you and He willed the heavens, then He made the seven skys. And He is All-Knowing of all things. (Al Baqarah: 2:29)

"Who has created the seven skys in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"The angels and Gabriel ascended to God in a day the measure of which was fifty thousand years (Al Ma'aarij: 70:4)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to unmask Allah's secrets about what it really means by Allah that Allah gives a little knowledge of the spirit to humans, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis that Allah gives a little knowledge about "... *My spirit...* (Shaad: 38: 72) to humans according to Allah's reckoning, because a little according to Allah's calculation means that if calculated by human calculations it is 18 262 980 times, from the point of view of Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

ALLAH GIVES LITTLE KNOWLEDGE ABOUT THE SPIRIT TO HUMANS BASED ON ALLAH'S CALCULATIONS, BUT HUMAN CALCULATIONS IS 18 262 980 TIMES AS MUCH

Now, we are still concentrating on uncovering the secret behind the verse: *"...they ask you about the spirit. Say: "The spirit belongs to my Lord, and you are not given knowledge but a little." (Al Israa ': 17 : 85)*

Apparently, here Allah has declared to humans *"...Say: "The spirit belongs to my Lord's business, and knowledge is not given to you but a little." (Al Israa ': 17: 85)*

Apparently, the calculation of *"...knowledge...a little." (Al Israa': 17: 85)* is calculated according to Allah's reckoning. Whereas if it is calculated according to human calculations, then *"...knowledge...a little." (Al Israa ': 17: 85)* that is 18 262 980 times the amount *"... a day whose content is fifty thousand years (Al Ma'aarij: 70: 4)*

A LITTLE KNOWLEDGE OF THE SPIRIT GIVEN BY ALLAH TO HUMANS ACTUALLY THE KNOWLEDGE OF THE SPIRIT IS A HUGE AMOUNT

Now, with the meager knowledge of the spirit which is given by Allah, it turns out that the knowledge of the spirit is a huge amount, 18 262 980 times as much according to human calculations.

So, with this innumerable knowledge of spirits, humans can understand and realize about Allah. Because if humans do not understand and are not aware of the spirit then humans will not reach Allah and will not understand the real Allah.

HUMANS BY UNDERSTANDING MY SPIRIT IS TO UNDERSTAND AND REALIZE ABOUT THE TRUE ALLAH

Well, with humans dismantling *"...my spirit...(Shaad: 38: 72)* then humans will understand and realize that in fact Allah is within humans and in the universe and all its contents.

By dismantling *"... My spirit... (Shaad: 38: 72)* which is blown by Allah into human beings and into everything in the universe, then humans will understand and realize that in fact Allah is *"...the First and The Last, the Outward and the Inner; and He is All-Knowing of all things. (Al Hadid: 57:3)*

By digging and dismantling *"... my spirit... (Shaad: 38: 72)* humans will understand and will realize the real Allah.

CONCLUSION

From what has been explained above, it can now be concluded that the secret behind the verse: *"...they ask you about the spirit. Say: "The spirit belongs to my Lord, and you are not given knowledge but a little." (Al Israa ': 17 : 85)*

Apparently, here Allah has declared to humans *"...Say: "The spirit belongs to my Lord's business, and knowledge is not given to you but a little." (Al Israa ': 17: 85)*

Apparently, the calculation of *"...knowledge...a little." (Al Israa': 17: 85)* is calculated according to Allah's reckoning. Whereas if it is calculated according to human calculations, then *"...knowledge...a little." (Al Israa ': 17: 85)* that is 18 262 980 times the amount *"... a day whose content is fifty thousand years (Al Ma'aarij: 70: 4)*

Now, with the meager knowledge of the spirit which is given by Allah, it turns out that the knowledge of the spirit is a huge amount, 18 262 980 times as much according to human calculations.

So, with this innumerable knowledge of spirits, humans can understand and realize about Allah. Because if humans do not understand and are not aware of the spirit then humans will not reach Allah and will not understand the real Allah.

Well, with humans dismantling "*...my spirit...(Shaad: 38: 72)*" then humans will understand and realize that in fact Allah is within humans and in the universe and all its contents.

By dismantling "*... My spirit... (Shaad: 38: 72)*" which is blown by Allah into human beings and into everything in the universe, then humans will understand and realize that in fact Allah is "*...the First and The Last, the Outward and the Inner; and He is All-Knowing of all things. (Al Hadid: 57:3)*"

By digging and dismantling "*... my spirit... (Shaad: 38: 72)*" humans will understand and will realize the real Allah.
