ABSTRACT

Before I write down the problem of what Allah actually means when the trumpet is blown, along with the sun being rolled up, I first ask forgiveness from Allah SWT. Here I try to unmask the mystery of what Allah really means when the trumpet is blown, as the sun is rolled, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking device about what Allah actually means when the trumpet is blown, along with the sun being rolled up, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Read in the name of your Lord Who created (Al 'Alaq: 96: 1) "He has created man from a clot of blood. (Al 'Alaq: 96: 2) "The one who teaches by means of kalam (Al 'Alaq: 96: 4)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97:)

"The paradise of 'Adn which they enter together with the righteous from their fathers, wives and offspring, while the angels enter their places from all doors; (Ar Ra'd: 13:23)

"And each one came, with him an angel of escort and an angel of witness. (Qaf: 50: 21)

"O you who believe, protect yourselves and your families from a hell fire whose fuel is people and stones; its guardians are angels who are harsh, harsh, and do not disobey Allah in what He commands them and always do what is commanded. (At Tahrir : 66: 6)

"And if We had willed, We would have given every soul guidance, but the word has remained from Me: "Indeed, I will fill the Hell with jinns and humans together." (As Sajdah: 32:13)

"And give good tidings to those who believe and do good, that for them are provided gardens with rivers flowing in them. Every time they are given sustenance of fruit in those paradises, they say: "This is what was given to them. us first." They are given similar fruits and for them are pure wives and they will abide therein (Al Baqarah: 2:25)

"When the sun is rolled up (At Takwiir: 81: 1)

"And the trumpet is blown, and whoever is in the heavens and the earth dies except whom Allah wills. Then the trumpet is blown again and suddenly they stand waiting (Az Zumar: 39:68)

"On the day the trumpet is blown and We will gather together on that day the sinners with a gloomy blue face (Thaahaa: 20:102)

"We left them on that day mixed with one another, then the trumpet was blown again, then We gathered them all together (Al Kahf: 18: 99)

"When the trumpet is blown, there will be no kinship between them on that day, nor will they question one another. (Al Mu'minuun: 23:101)

"And the day the trumpet is blown, everything in the heavens and everything in the earth will be shocked, except whom Allah wills. And all of them come before Him humbling themselves. (An Naml: 27: 87)

"And the trumpet was blown. That is the day the threat will be carried out. (Qaaf: 50: 20)

"On the day the earth will be replaced with another earth and sky, and they will all gather before the presence of Allah, the One, the Most Mighty. (Ibrahim: 14:48)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to unmask Allah's secrets about what Allah really means when the trumpet is blown, as the sun is rolled up, I use a base of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that the trumpet is blown, meaning that when the sun runs out of hydrogen atomic fuel and all that remains is helium atomic fuel, the sun becomes a red giant, then becomes a white dwarf, finally becomes a black dwarf, that's when the sun is rolled up, and the trumpet is blown, seen from an angle. Deoxyribonucleic acid (DNA) view

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

WHAT REALLY MEANS BY ALLAH THE TRUMPET IS BLOWED, WITH THE SUN ROLLED UP

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: *"And the day the trumpet is blown, then everything in the skys and everything in the earth will be shocked... (An*

Naml: 27: 87)"... on that day they were mixed up with one another...(Al Kahf: 18: 99)"...there was no kinship between them on that day, nor did they ask each other. (Al Mu' minuun: 23:101)"...the day the threat is implemented. (Qaaf: 50:20)

Now the question arises,

What exactly is a blown trumpet?

The answer is

Hidden in the secret behind the verse: *"When the sun is rolled up (At Takwiir: 81: 1)*

Well, apparently the trumpet is describing the state of the sun that has run out of hydrogen atomic fuel, the only thing left is helium atom fuel, where a helium atom is formed when two hydrogen atoms collide to form a new atom, a helium atom.

When the sun faces death, by running out of hydrogen atoms and helium atoms, the sun turns into a red giant, then becomes a white dwarf and finally becomes a black dwarf, ending the age of the sun that has lit up the earth and other planets for a long time 10 000 000 000 years

WHEN THE SUN BECOME A BLACK DWARF, ENDS LIFE ON THE EARTH AND ON THE OTHER PLANETS THAT SURROUNDING THE SUN

Well, at this time, what is described by Allah *"... who dies in the skys and on the earth ... (Az Zumar: 39:68)*

This means that all creatures in the solar cluster will die, because the sun has become a black dwarf, which no longer has the fuel of hydrogen atoms and helium atoms, the rays of sunlight needed for life on earth and on other planets, are lost.

PARADISE AND HELL THAT IS IN THE SKY OR SPACE OF ROOM WITH A DEAD EARTH ON THEM, WILL BE MOVED TO OTHER EARTH AND SKY THAT HAVE OXYGEN ATOMS, HYDROGEN ATOMS, CARBON ATOMS AND NITROGEN ATOMS

Now, when the earth and sun are dead, then Allah will transfer heaven and hell to another earth and sky, where there are oxygen atoms, hydrogen atoms, carbon atoms and nitrogen atoms and there is another sun that is still alive *"...the earth is replaced with the other earth and the skys...(Ibrahim: 14:48)*

THE SEVEN SKY WILL REACH THE AGE OF 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 YEARS

Even though the sun, sky, earth and other planets that surrounding the sun die, there are still many stars and planets that are still alive in the Milky Way galaxy.

So, paradise and hell and all *"...my spirit...(Shaad: 38:72)* that is in paradise and in hell will be transferred to another earth and sky or other expanse of space that still has oxygen atoms, hydrogen atoms , carbon atoms and nitrogen atoms.

Because this seven skys realm will live to the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"And the day the trumpet is blown, then everything in the skys and everything in the earth will be shocked... (An Naml: 27: 87)"... on that day they were mixed up with one another...(Al Kahf: 18: 99)"...there was no kinship between them on that day, nor did they ask each other. (Al Mu' minuun: 23:101)"...the day the threat is implemented. (Qaaf: 50:20)*

Now the question arises,

What exactly is a blown trumpet?

The answer is

Hidden in the secret behind the verse: *"When the sun is rolled up (At Takwiir: 81: 1)*

Well, apparently the trumpet is describing the state of the sun that has run out of hydrogen atomic fuel, the only thing left is helium atom fuel, where a helium atom is formed when two hydrogen atoms collide to form a new atom, a helium atom.

When the sun faces death, by running out of hydrogen atoms and helium atoms, the sun turns into a red giant, then becomes a white dwarf and finally becomes a black dwarf, ending the age of the sun that has lit up the earth and other planets for a long time 10 000 000 000 years

Well, at this time, what is described by Allah *"... who dies in the skys and on the earth ... (Az Zumar: 39:68)*

This means that all creatures in the solar cluster will die, because the sun has become a black dwarf, which no longer has the fuel of hydrogen atoms and helium atoms, the rays of sunlight needed for life on earth and on other planets, are lost.

Now, when the earth and sun are dead, then Allah will transfer heaven and hell to another earth and sky, where there are oxygen atoms, hydrogen atoms, carbon atoms and nitrogen atoms and there is another sun that is still alive *"...the earth is replaced with the other earth and the skys...(Ibrahim: 14:48)*

Even though the sun, sky, earth and other planets that surrounding the sun die, there are still many stars and planets that are still alive in the Milky Way galaxy.

So, paradise and hell and all *"...my spirit...(Shaad: 38:72)* that is in paradise and in hell will be transferred to another earth and sky or other expanse of space that still has oxygen atoms, hydrogen atoms , carbon atoms and nitrogen atoms.

Because this seven skys realm will live to the age of 10 000000000 000000000 000000000
000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years
