ABSTRACT

Before I write down the problem of what is actually meant by Allah, when Allah created the skys and the earth, Allah's throne is above the water, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of what Allah really meant, when Allah created the skys and the earth, Allah's throne on water, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about what Allah really meant, when Allah created the skys and the earth, Allah's throne on water, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"Angels and spirits ascend to Allah in a day the measure of which is fifty thousand years (Al Ma'aarij: 70: 4)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31: 28)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"And among His signs is that you see the earth dry and arid, so when We send down water on it, it will surely move and thrive. Indeed, God Who gives life to it, surely can bring back the dead... (Fushshilat: 41: 39)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"It is He Who created the skys and the earth in six days: Then He resides on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"He is Allah, Who created all that is on earth for you and He willed the heavens, then He made the seven skys. And He is All-Knowing of all things. (Al Baqarah: 2:29)

"Those who when disaster strikes, they say: "Inna lillahi wa innaa ilaihi raaji'uun" (Indeed we belong to Allah and to Him we shall return) (Al Baqarah: 2:156)

"Who has created the seven skys in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And it is He Who created the skys and the earth in six days, and His throne is over the water, so that He may test which of you is better in deed, and if you say: "Indeed, you will be resurrected after death." those who disbelieve will say: "This is nothing but real magic." (Huud: 11:7)

"Verily your Lord is Allah Who created the skys and the earth in six days, then He resided above the Throne. He closed the night to the day which followed quickly, and the sun, moon and stars submit to His command. Remember, creating and ruling is only Allah's right. Glory be to Allah, Lord of the worlds. (Al A'raaf: 7: 54)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to open the veil of Allah's secret about what Allah really meant, when Allah created the heavens and the earth, Allah's throne on water, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes a hypothesis what exactly is meant by Allah, when Allah created the skys and the earth, Allah's throne above the water is because Allah created the skys and the earth with "... *my spirit...* (Shaad: 38: 72) which contains hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms, viewed from the point of view of Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

ALLAH'S THRONE ON THE WATER IS A SYMBOL THAT REFERS TO MY SPIRIT WHICH WAS ESTABLISHED BY HYDROGEN ATOM, OXYGEN ATOM, CARBON ATOM AND NITROGEN ATOM

Now, we are still concentrating on uncovering the secrets contained behind the verse: *"...He is the One who created the skys and the earth in six times, and is His throne on the water...(Al Baqarah: 2:156)*

Apparently, here Allah has opened a secret to humans that when Allah created the skys and the earth with *"... my spirit... (Shaad: 38: 72) ?*

Why did Allah create the skys and the earth with *"...my spirit...(Shaad: 38:72) ?*

The answer is

Hidden in the secret behind the verse: *"...It is He Who created the skys and the earth in six days, and is His throne on the water...(Huud: 11: 7)*

Well, it turns out that water contains hydrogen atoms and oxygen atoms. Where hydrogen atoms and oxygen atoms are the building *"... my spirit... (Shaad: 38: 72)*

Therefore, when Allah created the heavens and the earth with *"... my spirit...(Shaad : 38: 72)* in *"... my spirit...(Shaad : 38: 72)* there are hydrogen atoms, oxygen atoms , carbon atoms and nitrogen atoms.

So Allah *"...His throne is above the water...(Huud: 11:7)* is a symbol that refers to the hydrogen atom and oxygen atom as building materials to create the heavens and the earth.

Without hydrogen atoms and oxygen atoms there would be no skys and earth.

Now, it has been revealed, the secret hidden behind the verse: *"...He is the One who created the skys and the earth in six days, and is His throne on the water...(Al Baqarah: 2:156)*

Namely, when Allah created the skys and the earth with hydrogen atoms and oxygen atoms, which is symbolized by **"...His throne is above the water...(Al Baqarah: 2:156)** where in water are found hydrogen atoms and oxygen atoms.

CONCLUSION

The conclusions that can be drawn from the explanation above are the secrets contained behind the verse: **"...He is the One who created the skys and the earth in six times, and is His throne on the water...(Al Baqarah: 2:156)**

Apparently, here Allah has opened a secret to humans that when Allah created the skys and the earth with **"... my spirit...(Shaad: 38: 72) ?**

Why did Allah create the skys and the earth with **"...my spirit...(Shaad: 38:72) ?**

The answer is

Hidden in the secret behind the verse: **"...It is He Who created the skys and the earth in six days, and is His throne on the water...(Huud: 11: 7)**

Well, it turns out that water contains hydrogen atoms and oxygen atoms. Where hydrogen atoms and oxygen atoms are the building **"... my spirit...(Shaad: 38: 72)**

Therefore, when Allah created the heavens and the earth with **"... my spirit...(Shaad : 38: 72)** in **"... my spirit...(Shaad : 38: 72)** there are hydrogen atoms, oxygen atoms , carbon atoms and nitrogen atoms.

So Allah **"...His throne is above the water...(Huud: 11:7)** is a symbol that refers to the hydrogen atom and oxygen atom as building materials to create the heavens and the earth.

Without hydrogen atoms and oxygen atoms there would be no skys and earth.

Now, it has been revealed, the secret hidden behind the verse: **"...He is the One who created the skys and the earth in six days, and is His throne on the water...(Al Baqarah: 2:156)**

Namely, when Allah created the skys and the earth with hydrogen atoms and oxygen atoms, which is symbolized by **"...His throne is above the water...(Al Baqarah: 2:156)** where in water are found hydrogen atoms and oxygen atoms.
