ABSTRACT

Before I write down the problem of what it really means by humans reflecting Allah's form, through Allah's energy, Allah's particles and Allah's spirit, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of what it really means to reflect Allah's form, through Allah's energy, Allah's particles and Allah's spirit, based on Deoxyribonucleic acid (DNA)

There are several verses that become Allah's secret unlocking tool about what it really means to reflect Allah's form, through Allah's energy, Allah's particles and Allah's spirit, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"Indeed, We have adorned the skys near the stars, and We have made the stars casters of the devil, and We have prepared for them the torment of a fiery hell. (Al Mulk: 67: 5)

"And We did not create the skys and the earth and everything between them by playing around (Al Anbiyaa': 21:16)

"So He made it seven heavens in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)

"Allah created the heavens and the earth with rights. Verily in that are the signs of Allah's power for the believers (Al 'Ankabuut: 29: 44)

"So he put a veil from them; then We sent our spirit to him, and he appeared before him a perfect human being. (Maryam: 19:17)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar: 39:42)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"Those who were earlier, were first from the emigrants and the Ansar and those who followed them well, Allah is pleased with them and they are pleased with Allah and Allah has provided for them paradises where rivers flow in them. forever. They will abide in it. That is a great victory. (At Taubah : 9: 100)

In an effort to open the veil of Allah's secret about what it really means to reflect Allah's form, through Allah's energy, Allah's particles and Allah's spirit, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I put forward the hypothesis that humans reflect Allah's form, through Allah's energy, Allah's particles and Allah's spirit, because between Allah and man have been "...*balanced...*(*Al Mulk: 67: 3*), based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

HOW ACTUALLY HUMANS REFLECT ALLAH'S FORM, THROUGH ALLAH'S ENERGY, ALLAH'S PARTICLES AND ALLAH'S SPIRIT

Now, we are still concentrating on uncovering the secrets contained behind the verses: "...*Our spirits... Incarnate... perfect humans (Maryam: 19:17)*"...*seven layers of skys.. .balanced...*(*Al Mulk: 67:3*)"...*I breathed into him my spirit...(Shaad: 38:72)*"...*wherever you face there is the face of Allah...(Al Baqarah: 2 : 115)*"...*We are closer to him than his jugular vein."* (*Qaf: 50:16*)

Apparently, Allah has declared, "... *Our spirits... Incarnate... humans... (Maryam: 19:17)*

Well, it means here, "...*Our spirit...(Maryam: 19:17)* or "...*Allah's spirit...(Maryam: 19:17)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, forming a perfect human form, like humans living on this earth.

Now, because "...*Our spirit...(Maryam: 19:17)* or "...*Allah's spirit...(Maryam: 19:17)* formed or "...*Incarnated...a perfect human being. (Maryam: 19:17)*, then humans are a reflection of the true form of Allah.

So, now if humans want to know how Allah really is, then they have to look at the human form.

Well, in the form of Allah there is Allah's energy, Allah's particles and Allah's spirit, as well as in the human body there is Allah's energy, Allah's particles and Allah's spirit.

This is a proof that man is a reflection of Allah's form.

Humans are built with **70 000000000 000000000 000000000** atoms, or in other words, the human body is built with *"...Allah's spirit...(Maryam : 19:17)*

Likewise with Allah's form, built with *"...Our spirit...(Maryam: 19:17)* or *"...Allah's spirit...(Maryam: 19:17)*

So, actually between Allah and humans in terms of *"...Our spirit...(Maryam: 19:17)* or *"...Allah's spirit...(Maryam: 19:17)* is no different.

What Allah thinks, man thinks, because between Allah and man there is a balance *"... Allah is pleased with them and they are pleased with Allah... (At Taubah: 9: 100)*

Now it has been revealed, the secret, how humans reflect Allah's form, because *"...Allah's spirit... Incarnated... a perfect human being (Maryam: 19:17)*

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"...Our spirits... Incarnate... perfect humans (Maryam: 19:17)"...seven layers of skys.. .balanced...(Al Mulk: 67:3)"...I breathed into him my spirit...(Shaad: 38:72)"...wherever you face there is the face of Allah...(Al Baqarah: 2 : 115)"...We are closer to him than his jugular vein." (Qaf: 50:16)*

Apparently, Allah has declared, *"... Our spirits... Incarnate... humans... (Maryam: 19:17)*

Well, it means here, *"...Our spirit...(Maryam: 19:17)* or *"...Allah's spirit...(Maryam: 19:17)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, forming a perfect human form, like humans living on this earth.

Now, because *"...Our spirit...(Maryam: 19:17)* or *"...Allah's spirit...(Maryam: 19:17)* formed or *"...Incarnated...a perfect human being. (Maryam: 19:17)*, then humans are a reflection of the true form of Allah.

So, now if humans want to know how Allah really is, then they have to look at the human form.

Well, in the form of Allah there is Allah's energy, Allah's particles and Allah's spirit, as well as in the human body there is Allah's energy, Allah's particles and Allah's spirit.

This is a proof that man is a reflection of Allah's form.

Humans are built with **70 000000000 000000000 000000000** atoms, or in other words, the human body is built with *"...Allah's spirit...(Maryam : 19:17)*

Likewise with Allah's form, built with *"...Our spirit...(Maryam: 19:17)* or *"...Allah's spirit...(Maryam: 19:17)*

So, actually between Allah and humans in terms of "*...Our spirit...(Maryam: 19:17)* or "*...Allah's spirit...(Maryam: 19:17)* is no different.

What Allah thinks, man thinks, because between Allah and man there is a balance "*... Allah is pleased with them and they are pleased with Allah... (At Taubah: 9: 100)*

Now it has been revealed, the secret, how humans reflect Allah's form, because "*...Allah's spirit... Incarnated... a perfect human being (Maryam: 19:17)*
