ABSTRACT

Previously, I asked forgiveness from Allah SWT. Here I am trying to open the veil that covers Allah's secret about, what is the basis, Allah said, revelation was revealed to your heart, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses in the Qur'an that write down the problem, what is the basis, Allah says, revelation is sent down to your heart, namely the verses:

"He sends down the angels by revelation with His command to whom He wills among His servants, namely: "Warn all of you, that there is no god but Me, so you must fear Me." (An Nahl: 16:2)

"Indeed, the Qur'an is truly the revelation of the noble Messenger (Al Haaqqah: 69: 40)

"It is a revelation sent down from the Lord of the worlds (Al Haaqqah: 69: 43)

And the Qur'an which is full of wisdom (Yaasiin: 36: 2)

"That was sent down by the Mighty, Most Merciful, (Yaasiin: 36: 5)

"And verily this Qur'an was revealed by the Lord of the worlds, (Asy Syu'araa': 26: 192)

"He was brought down by Ar-Ruh Al-Amin, (Asy Syu'araa': 26: 193)

"into your heart that you may be one of those who warn, (Ash Syu'araa': 26: 194)

"And verily We have created man and know what his heart whispers, and We are closer to him than his jugular vein." (Qaf: 50:16)

"And it is impossible for any human being that Allah can speak to him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills... (Ash Shuura: 42: 51)

"... Gabriel has lowered it into your heart with the permission of Allah;... (Al Baqarah: 2: 97)

"And indeed We know that they say: "Indeed the Qur'an was taught to him by a human." Whereas the language of the people they accuse Muhammad of learning to him is the language of 'Ajam, while the Qur'an is in clear Arabic. (An Nahl: 16: 103)

"When your Lord reveals to the angels: "Indeed I am with you, then strengthen those who have believed." Later I will strike fear into the hearts of the disbelievers, then cut off their heads and cut off every tip of their finger. (Al Anfaal: 8:12)

Allah said: "O Moses, indeed I have chosen you and other humans to carry My message and to speak directly with Me, therefore hold fast to what I have given you and be among those who are grateful." (Al A'raaf : 7:144)

"... the apostle is an angel... a man... (Al An'aam: 6: 9)

"And among His signs is that you see the earth dry and arid, so when We send down water on it, it will move and thrive. Indeed, God Who gives life to it, surely can bring back the dead. Verily, He has power over all things. (Fusshilat: 41:39)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"... the apostle is an angel... a man... (Al An'aam: 6: 9)

and (angels) who convey revelation (Al Mursalaat: 77: 5)

Where in an attempt to unmask about, revelation is sent down to your heart, I based on deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that revelation was revealed to your heart, meaning that revelation was conveyed to *"... my spirit... (Al Hijr: 15: 29)* which is in the human body, then *"... My spirit... (Al Hijr) : 15: 29)* translates the symbols in the revelation, based on the basis of Deoxyribonucleic acid (DNA) or deoxyribonucleic acid or the molecular structure of nucleic acids.

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

WHY REVELATION IS SENT DOWN

Now, we are still trying to focus our minds in order to uncover the secrets contained in the verse: *"... a revelation sent down from the Lord of the worlds (Al Haaqqah: 69: 43)*

It turns out that what is meant by *"...revelation that is revealed... (Al Haaqqah: 69: 43)* is, because humans are on earth, and Allah is through *"... my spirit... (Al Hijr: 15: 29)* is everywhere, over 50 000 light-years away, or near inside the human body.

That is, when Allah through *"... my spirit... (Al Hijr: 15: 29)* is at a distance of 50 000 light years from the earth, it is said *"...revelation that was sent down... (Al Haaqqah: 69: 43)* As for, if Allah is through *"... my spirit... (Al Hijr: 15: 29)* which is in the human body, then it is said that revelation (sent down) *"...into your heart...(Asy Syu 'araa' : 26: 194)*

ACTUALLY, REVELATION DIRECTLY DELIVERED TO MY SPIRIT

Well, now, the truth is, because *"... We are closer to him than his jugular vein, (Qaaf: 50:16)* , then the revelation was directly delivered to *"... my spirit... (Al Hijr: 15: 29)*) in the body of the Prophet

Muhammad saw, after the revelation was translated by "... *my spirit...* (*Al Hijr: 15: 29*) into Arabic, then the results of the translation were conveyed into the mind and memory or hippocampus of the Prophet Muhammad saw.

Therefore, when the Prophet Muhammad saw received revelation, the condition of the Prophet Muhammad saw was in an unconscious state, caused by the process of delivering the translation of the revelation into Arabic, by "... *my spirit...* (*Al Hijr: 15: 29*) into the mind and memory of the Prophet Muhammad saw, requires a lot of energy.

So, the process of storing the results of the translation of revelation into Arabic, by "... *my spirit...* (*Al Hijr: 15: 29*) into the thoughts and memories of the Prophet Muhammad saw, requires a lot of process and energy, thus consuming the energy of the Prophet Muhammad saw.

Now because, the result of the translation of revelation into Arabic, by "... *my spirit...* (*Al Hijr: 15: 29*) is directly stored in the memory or hippocampus of the Prophet Muhammad saw, then the Prophet Muhammad saw easily recalled the contents of the revelation, so that revelation can be read directly to friends.

Now, the secret hidden behind the verse has been revealed: "... *the Qur'an which is full of wisdom (Yaasiin: 36: 2) "which was revealed by the Most Mighty, Most Merciful, (Yaasiin: 36: 5)*

That is, the revelation is directly conveyed to "... *my spirit...* (*Al Hijr: 15: 29*) which is in the body of the Prophet Muhammad, after the revelation is translated by "... *my spirit...* (*Al Hijr: 15: 29*) into Arabic, then the results of the translation, are conveyed into the mind and memory or hippocampus of the Prophet Muhammad saw.

CONCLUSION

Based on the description above, we can conclude that the secrets contained in the verse: "... *a revelation sent down from the Lord of the worlds (Al Haaqqah: 69: 43)*

It turns out that what is meant by "...*revelation that is revealed...* (*Al Haaqqah: 69: 43*) is, because humans are on earth, and Allah is through "... *my spirit...* (*Al Hijr: 15: 29*) is everywhere, over 50 000 light-years away, or near inside the human body.

That is, when Allah through "... *my spirit...* (*Al Hijr: 15: 29*) is at a distance of 50 000 light years from the earth, it is said "...*revelation that was sent down...* (*Al Haaqqah: 69: 43*) As for, if Allah is through "... *my spirit...* (*Al Hijr: 15: 29*) which is in the human body, then it is said that revelation (sent down) "...*into your heart...*(*Asy Syu 'araa' : 26: 194*)

Well, now, the truth is, because "... *We are closer to him than his jugular vein, (Qaaf: 50:16)* , then the revelation was directly delivered to "... *my spirit...* (*Al Hijr: 15: 29*)) in the body of the Prophet Muhammad saw, after the revelation was translated by "... *my spirit...* (*Al Hijr: 15: 29*) into Arabic, then the results of the translation were conveyed into the mind and memory or hippocampus of the Prophet Muhammad saw.

Therefore, when the Prophet Muhammad saw received revelation, the condition of the Prophet Muhammad saw was in an unconscious state, caused by the process of delivering the translation of the revelation into Arabic, by "... *my spirit...* (*Al Hijr: 15: 29*) into the mind and memory of the Prophet Muhammad saw, requires a lot of energy.

So, the process of storing the results of the translation of revelation into Arabic, by "... *my spirit...* (*Al Hijr: 15: 29*) into the thoughts and memories of the Prophet Muhammad saw, requires a lot of

process and energy, thus consuming the energy of the Prophet Muhammad saw.

Now because, the result of the translation of revelation into Arabic, by "... *my spirit...* (*Al Hijr: 15: 29*) is directly stored in the memory or hippocampus of the Prophet Muhammad saw, then the Prophet Muhammad saw easily recalled the contents of the revelation, so that revelation can be read directly to friends.

Now, the secret hidden behind the verse has been revealed: "... *the Qur'an which is full of wisdom (Yaasiin: 36: 2) "which was revealed by the Most Mighty, Most Merciful, (Yaasiin: 36: 5)*

That is, the revelation is directly conveyed to "... *my spirit...* (*Al Hijr: 15: 29*) which is in the body of the Prophet Muhammad, after the revelation is translated by "... *my spirit...* (*Al Hijr: 15: 29*) into Arabic, then the results of the translation, are conveyed into the mind and memory or hippocampus of the Prophet Muhammad saw.
