ABSTRACT

Before I write down what the problem is based on, Allah chooses almost all, the Prophets of the Jews, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of what is the basis, Allah chose almost all, the Prophets of the Jews from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA)

There are several verses that become Allah's secret unlocking tool about what is the basis, Allah chose almost all, the Prophets of the Jews, namely the verses:

"Verily Allah will not forgive the sin of shirk, and He forgives all sins other than that, for whom He wills. Whoever associates partners with Allah, then indeed he has committed a great sin. (An Nisa' : 4:48)

"When Allah gave them both a perfect child, then both of them made partners to Allah with the child He had bestowed upon them. So Allah is exalted above what they associate. (Al A'raaf: 7: 190)

"It is not proper for the Prophet and those who believe to ask forgiveness for the polytheists, even though the polytheists are relatives, after it becomes clear to them that the polytheists are the inhabitants of the Hellfire. (At Taubah: 9:113)

Then when he saw the sun rising, he said: "This is my Lord, this is greater." So when the sun was setting, he said: "O my people, indeed I am free from what you associate with. (Al An'aam: 6: 78)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"Allah is the light of the heavens and the earth...Light upon light (An Nuur: 24: 35)

"when Ibrahim said to his father and his people: "What are these statues that you worship diligently?" (Al Anbiyaa ': 21: 52) Ibrahim said: "Surely you and your fathers are in clear error." (Al Anbiyaa ': 21: 54)

"Those who believe in the unseen, who establish prayer, and spend part of the sustenance We have bestowed upon them (Al Baqarah: 2:3)

"Men who are not neglected by commerce and not by buying and selling from the remembrance of Allah, and establishing prayer, and paying zakat. They fear a day when hearts and eyes will be shaken. (An Nuur: 24:37)

In an effort to unmask Allah's secret about what is the basis, Allah chose almost all, the Prophets of the Jews I used the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I put forward the hypothesis that Allah chose almost all, the Prophets of the Jews is because

the Jewish thought about divinity leads to one Allah seen from the basic point of Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms which is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

25000 YEARS AGO, IN THE BORDER REGION BETWEEN SAUDI ARABIA, JORDANIA AND EGYPT FORM HAPLOGROUP J, ORIGIN TO JEWISH ANCIENTS

Now, we are still focusing our minds on uncovering the secrets that are hidden behind the verse: *"Men who are not neglected by commerce and by buying and selling from the remembrance of Allah, and establish prayer ... (An Nuur: 24: 37)*

Apparently, in the border area between Saudi Arabia, Jordan and Egypt is the center of "... *commerce and... buying and selling... (An Nuur : 24: 37)*

Well, in this area is the center of trade and buying and selling, a gathering place for people who come from various regions.

In this area was born haplogroup J which was formed 25000 years ago (Familytreedna)

A haplogroup is a group of similar haplotypes that share a common ancestor with a single base polymorphic mutation.

Where the haplogroup J which gave birth to J1 and J2, is the ancestor of the Jews. (Familytreedna)

THE JEWISH THOUGHTS ABOUT ALLAH LEAD TO ONE ALLAH, COMPARED TO THE BELIEFS OF OTHER TRIBES

Now, let's uncover the secret behind the verse *"Then when he saw the sun rising, he said: "This is my*

Lord, this is greater." So when the sun was setting, he said: "O my people, indeed I am free from what you associate with. (Al An'aam: 6: 78)

It turns out that the verse (*Al An'aam: 6: 78*) describes an incident around 1500 BC, when Abraham, who was still a teenager, sought Allah, in Ur, in Iraq.

When Ibrahim saw *"...the sun was setting, he said: "O my people, indeed I am free from what you associate with. (Al An'aam: 6: 78)*

Well, it turns out that Ibrahim is looking for *"...my Lord...(Al An'aam : 6: 78)* where *"... my Lord...(Al An'aam : 6: 78)* this, should not be in". *...associate. (Al An'aam: 6: 78)*

Why did Abraham seek the one Allah?

The answer is hidden in the secret behind the verse: *"When Ibrahim said to his father and his people: "What are these statues that you diligently worship him?" (Al Anbiyaa ': 21: 52) Ibrahim said: "Surely you and your fathers are in clear error." (Al Anbiyaa ': 21: 54)*

Well, it seems clear, about 3500 years ago, people still worshiped statues, moon, stars and sun.

Meanwhile, Ibrahim, who later became the ancestor of the Jews, was against the customs of the people, who worshiped statues, gods, moon, stars and sun.

1500 BC, WHEN ABRAHAM WAS STILL A TEENAGE, ALREADY LOOKING FOR ONE ALLAH, WHILE PEOPLE IN ARABIA STILL WORSHIP TO IMAGES

Now, we continue to unravel the secret behind the verse: *"So when I have perfected the event and I breathed into him My spirit... (Shaad: 38: 72)*

It turns out that *"...my spirit...(Shaad: 38:72)* is only one in this whole universe.

Why *"...my spirit...(Shaad : 38:72)* cannot be made into another kind of spirit?

The answer is

It is hidden in a secret hidden behind the verse: *"Indeed Allah will not forgive the sin of shirk, and He forgives all sins other than that ... (An Nisaa ': 4: 48)*

That is, it is not possible *"...my spirit...(Shaad: 38:72)* made another kind of spirit

What exactly is *"...My spirit...(Shaad : 38:72) ?*

The answer is deoxyribonucleic acid (DNA). Where humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

Well, the nucleus of the carbon atom, nitrogen atom, oxygen atom and hydrogen atom are quarks.

This quark is the first to live and will never disappear or will not die.

So, it is these quarks that it is impossible to make quarks with other types.

Or in other words, quarks are quarks.

Or Allah's spirit is impossible to make His allies.

Now the secret behind the verse is revealed: *"...So when the sun was setting, he said: "O my people, indeed I am free from what you associate with. (Al An'aam: 6: 78)*

Turns out, Abraham was looking for a single Allah, who could not be associated with *"...I am free from what you associate with. (Al An'aam: 6: 78)*

Indeed, *"...my spirit...(Shaad: 38:72)* cannot be partnered with.

So, Abraham the Jew, looking for *"...My spirit...(Shaad: 38:72)*

Meanwhile, people from other tribes still continue to worship statues, sun, moon and stars.

Now it has been revealed, why Allah chose the Jews to be prophets for 2000 years, from Noah, Ibrahim to Isa son of Maryam.

CONCLUSION

Based on the description above, we can conclude that the secrets that are hidden behind the verse: *"Men who are not neglected by commerce and by buying and selling from the remembrance of Allah, and establish prayer ... (An Nuur: 24: 37)*

Apparently, in the border area between Saudi Arabia, Jordan and Egypt is the center of *"... commerce and... buying and selling... (An Nuur : 24: 37)*
