**ABSTRACT**

Before the author writes down the problem, what is the real relationship between mysticism and other religions, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret, what exactly is the relationship between mysticism and other religions, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that serve as tools for revealing Allah's secrets about what really is, the relationship between mysticism and other religions, namely the following verses:

*"Have you not noticed that Allah has subjected to you what is in the skys and what is in the earth and has perfected for you His favors the outer and the inner. And among mankind there are those who dispute about Allah without knowledge or guidance and without a Book that gives light. (Luqman: 31:20)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"Allah is the light of the heavens and the earth...Light upon light...(An Nuur: 24: 35)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"... Jesus, the son of Mary, is the messenger of Allah and His words which He conveyed to Mary, and a spirit from Him... (An Nisaa ': 4: 171)*

*"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"Allah has sealed their hearts and their hearings, and their eyesight is closed. And for them is a very severe torment (Al Baqarah: 2: 7)*

*"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)*

*"Then He perfected and breathed into it His spirit and He made for you hearing and sight and hearts; you are very grateful. (As Sajdah: 32: 9)*

In an attempt to unmask Allah's secret about what is really, the relationship between mysticism and other religions, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I propose a hypothesis that the relationship between mysticism and other religions is from the unseen point of view or invisible to the human eye, seen from the basic point of Deoxyribonucleic acid (DNA).

### **DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

### **THE INNER IS SOMETHING THAT IS NOT SEEN BY THE EYES, REFERRED TO THE MIND AND BEHAVIOR**

Now, we are still trying to uncover the secret hidden behind the verse: *"... Allah has... perfected for you His favors the outer and the inner... (Luqman: 31: 20)*

Apparently, here Allah has declared that *"... His favors are the outer and the inner... (Luqman: 31: 20)* which means that it is a favor that can be felt by the human body and is visible to the eye, and a favor that is in an invisible form. can be felt directly by the human body, but through the human mind and behavior.

Well, this mind is used as the basis of knowledge by people who practice mysticism. Where is the mind which is the source of knowledge and the source of the human guide in the direction that is expected to lead to inner happiness. Where what is meant by inner happiness is happiness that is felt by the human mind and is shown in the form of behavior.

### **WHAT IS THE RELATIONSHIP BETWEEN KEBATINAN DOCTRINE AND OTHER RELIGIONS**

Now, let's uncover the secret hidden behind the verse: *"Have you not noticed that Allah has subjected to you what is in the skys and what is on earth and perfected for you His blessings both the outer and the inner... (Luqman: 31: 20)*

Well, in religion, it concerns the issue of the creation of the heavens and the earth, and all of their contents. Who created the universe and everything in it. Whereas in the kebatinan school, which leads and refers to the mind, there is no relation to the creation of the heavens and the earth and all that is in them.

Or in other words, kebatinan flow only leads to something that cannot be seen by the human eye, and leads to the realm of thought and behavior.

## **THE DOCTRINE OF KEBATINAN IS AN EFFORT OF A GROUP OF HUMANS, WHICH HAS THE PURPOSE, TO CLEAN YOUR MIND, SO HUMAN BEHAVIOR DOESN'T TAKE AWAY TO THE THOUGHTS OF DESTRUCTION.**

Now, because mysticism is not based on who and how the universe and its contents came into being, mysticism is considered as a product of human thought that aims to make humans think and behave well to be used in life in society.

So, actually the mystical flow is as a binding rope in social life, so that humans who make mysticism as a guide for their lives, do not fall into the abyss of destruction.

In mysticism there is no such thing as punishment or torture for those who violate what has been made into the teachings of mysticism. Because indeed in mysticism there is no one who is considered to be in power who can impose punishment for humans who do not carry out what has been determined in the mystical school.

Or in other words, mysticism is part of the unseen in religion, as in Islam, the unseen is something that cannot be seen by the human eye. Also the doctrine of kebatinan makes the unseen that leads to the heart or is called thoughts and behavior.

### **CONCLUSION**

Based on the description above, we can conclude that the secret hidden behind the verse: *"... Allah has... perfected for you His favors the outer and the inner... (Luqman: 31: 20)*

Apparently, here Allah has declared that *"... His favors are the outer and the inner... (Luqman: 31: 20)* which means that it is a favor that can be felt by the human body and is visible to the eye, and a favor that is in an invisible form. can be felt directly by the human body, but through the human mind and behavior.
