**ABSTRACT**

Before I write down what the problem is actually that is used as the basis of thought by most people who use the spiritual path to reach Allah through the heart, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of what is actually the basis of thinking by most people who use the mystical path to reach Allah through the heart, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about what actually is the basis of thought by most people who use the mystical path to reach Allah through the heart, namely the following verses:

*"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31: 28)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

*"And among His signs is that you see the earth dry and arid, so when We send down water on it, it will surely move and thrive. Indeed, God Who gives life to it, surely can bring back the dead... (Fushshilat: 41: 39)*

*"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)*

*"It is He Who created the skys and the earth in six days: Then He resides on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)*

*"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)*

*"He is Allah, Who created all that is on earth for you and He willed the skys, then He made the seven heavens. And He is All-Knowing of all things. (Al Baqarah: 2:29)*

*"Who has created the seven skys in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

*"Then let them remove the dirt that is on their bodies and let them complete their vows and let them perform tawaf around the old house (Baitullah). (Al Hajj: 22: 29)*

*"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)*

*"It is He who makes the night into the day and the day into the night. And He is All-Knowing of all the hearts. (Al Hadid: 57: 6)*

*"God who preserves the two places where the sun rises and God who preserves the two places where it sets." (Ar Rahman: 55:17)*

*"Indeed We see your face looking up to the sky, then We will turn you to the Qibla that you like. Turn your face towards the Grand Mosque. And wherever you are, turn your face towards it. And indeed those who were given the Book do know , that turning to the Grand Mosque is true from their Lord, and Allah is never unaware of what they do.(Al Baqarah: 2:144)*

*"The seven heavens, the earth and all that is in it glorify Allah. And there is nothing but glorify Him by praising Him, but you all do not understand their prayer beads. Indeed, He is Most Forbearing, Most Forgiving. (Al Israa': 17 :44)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

In an effort to open the veil of Allah's secret about what is actually the basis of thinking by most people who use the mystical path to reach Allah through the heart, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I proposes a hypothesis that humans use the spiritual path to reach Allah, wherein the heart is *"...my spirit...(Shaad: 38:72)* is in the human body and is in the atoms around humans, seen from the point of view of the human body. Deoxyribonucleic acid (DNA)

## PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## MOST OF HUMANS TO SEARCH ALLAH THROUGH THE PATH OF KEBATINAN

Now, we are still concentrating on uncovering the secret contained behind the verse: *"Allah holds the soul when it dies and the soul that has not died while sleeping; so He holds the soul He has appointed for death and He releases another soul until the appointed time. ... (Al Baqarah : 2: 115)*

It turns out that here Allah has declared to humans that when humans are sleeping, *"Allah holds the soul when it dies and the soul that has not died when it sleeps... (Al Baqarah: 2: 115)*

Well, apparently without being understood and realized by humans, it turns out that Allah is in a sleeping human body *"Allah holds the soul... at sleep time... (Al Baqarah: 2: 115)*

Now the question is

What exactly is *"...soul...(Al Baqarah: 2: 115)* that Allah holds when humans are sleeping?

The answer is

Hidden behind the verse: *"... I am near... (Al Baqarah: 2: 186) "... I breathed into him my spirit... (Shaad: 38: 72)*

Well, it turns out that what is meant by *"...soul...(Al Baqarah: 2: 115)* is *"...my spirit...(Shaad: 38: 72)*

That is, Allah holds *"... My spirit... (Shaad: 38: 72)* when humans are sleeping. Where *"... my spirit... (Shaad : 38: 72)* is made up of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So, actually what is held by Allah is *"...my spirit...(Shaad: 38:72)* which comes from Allah.

Which from the beginning, Allah's energy that comes from Allah that forms quarks, and quarks form hydrogen atoms and other atoms, where these atoms are the building blocks of the universe and everything in it, including humans.

Now, why do most people use kebatinan to reach Allah?

The answer is

It is hidden in the secret behind the verse: *"The seven skys, the earth and all that is in it glorify Allah ... you all do not understand their prayer ... (Al Israa' : 17: 44)*

Well, apparently humans *"... don't understand their prayer... (Al Israa' : 17: 44)*

Because humans do not understand and do not realize that in fact Allah has breathed *"... my spirit... (Shaad: 38: 72)* into *" the seven skys, the earth and all that is in it... (Al Israa': 17:44)*

Now, it has been revealed, where in fact what is called mind by most people who use the kebatinan way, is not the mind or heart, but *"... my spirit... (Shaad: 38: 72)*

Why is the mind or heart used as a way to reach Allah?

The answer is, the mind or heart does not have any mental function in relation to reaching Allah.

The mind or heart is a symbol that refers to *"... my spirit... (Shaad: 38: 72)*

As when Allah declared *"Allah holds the soul... in its sleep... (Al Baqarah: 2: 115)*

Well, the notion of *"...soul...(Al Baqarah: 2: 115)* or nafs refers to *"...My spirit...(Shaad: 38: 72)*

So, *"...soul...(Al Baqarah: 2: 115)* or nafs is a symbol of *"... my spirit...(Shaad: 38: 72)*

### **MOST OF HUMANS THAT USE THE PATH OF KEBATINAN TO ACHIEVE ALLAH, ACTUALLY NOT THROUGH THE HEART, BUT THROUGH MY SPIRIT WHICH IS BLOWED BY ALLAH INTO THE HUMAN BODY**

Now, it is open, what exactly is meant by the mind, heart, soul and nafs, based on the symbols conveyed by Allah to *"...my spirit...(Shaad: 38: 72)* in the human body, henceforth *"...my spirit... (Shaad: 38:72)* interprets the symbols given by Allah, where the results of the interpretation are conveyed to the human mind, so that humans understand and realize the real Allah. .

Why do most people use kebatinan to reach Allah?

Because in fact they *"... don't understand (Al Israa' : 17: 44)* what is the heart and what is the function of heart in the human body.

### **CONCLUSION**

The conclusions that can be drawn from the explanation above are the secret contained behind the verse: *"Allah holds the soul when it dies and the soul that has not died while sleeping; so He holds the soul He has appointed for death and He releases another soul until the appointed time. ... (Al Baqarah : 2: 115)*

It turns out that here Allah has declared to humans that when humans are sleeping, *"Allah holds the soul when it dies and the soul that has not died when it sleeps... (Al Baqarah: 2: 115)*

Well, apparently without being understood and realized by humans, it turns out that Allah is in a sleeping human body *"Allah holds the soul... at sleep time... (Al Baqarah: 2: 115)*

Now the question is

What exactly is *"...soul...(Al Baqarah: 2: 115)* that Allah holds when humans are sleeping?

The answer is

Hidden behind the verse: *"... I am near... (Al Baqarah: 2: 186) "... I breathed into him my spirit... (Shaad: 38: 72)*

Well, it turns out that what is meant by *"...soul...(Al Baqarah: 2: 115)* is *"...my spirit...(Shaad: 38: 72)*

That is, Allah holds *"... My spirit... (Shaad: 38: 72)* when humans are sleeping. Where *"... my spirit... (Shaad : 38: 72)* is made up of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

So, actually what is held by Allah is *"...my spirit...(Shaad: 38:72)* which comes from Allah.

Which from the beginning, Allah's energy that comes from Allah that forms quarks, and quarks form hydrogen atoms and other atoms, where these atoms are the building blocks of the universe and everything in it, including humans.

Now, why do most people use kebatinan to reach Allah?

The answer is

It is hidden in the secret behind the verse: *"The seven skys, the earth and all that is in it glorify Allah ... you all do not understand their prayer ... (Al Israa ': 17: 44)*

Well, apparently humans *"... don't understand their prayer... (Al Israa' : 17: 44)*

Because humans do not understand and do not realize that in fact Allah has breathed *"... my spirit... (Shaad: 38: 72)* into *" the seven skys, the earth and all that is in it... (Al Israa': 17:44)*

Now, it has been revealed, where in fact what is called mind by most people who use the kebatinan way, is not the mind or heart, but *"... my spirit... (Shaad: 38: 72)*

Why is the mind or heart used as a way to reach Allah?

The answer is, the mind or heart does not have any mental function in relation to reaching Allah.

The mind or heart is a symbol that refers to *"... my spirit... (Shaad: 38: 72)*

As when Allah declared *"Allah holds the soul... in its sleep... (Al Baqarah: 2: 115)*

Well, the notion of *"...soul...(Al Baqarah: 2: 115)* or nafs refers to *"...My spirit...(Shaad: 38: 72)*

So, *"...soul...(Al Baqarah: 2: 115)* or nafs is a symbol of *"... my spirit...(Shaad: 38: 72)*

Now, it is open, what exactly is meant by the mind, heart, soul and nafs, based on the symbols conveyed by Allah to *"...my spirit...(Shaad: 38: 72)* in the human body, henceforth *"...my spirit... (Shaad: 38:72)* interprets the symbols given by Allah, where the results of the interpretation are

conveyed to the human mind, so that humans understand and realize the real Allah. .

Why do most people use kebatinan to reach Allah?

Because in fact they “... *don't understand (Al Israa' : 17: 44)* what is the heart and what is the function of heart in the human body.
