ABSTRACT

Before I write down the problem, what is the real reason why I ordered Sa'i between Safaa and Marwah according to Allah: Siti Hajar and Ismail or my spirit and water, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about what is actually the strong reason for commanding sa'i between Safaa and Marwah according to Allah: Siti Hajar and Ismail or my spirit and water, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA). .

There are several verses that serve as Allah's secret unlocking tool about what is actually the strong reason for the commandment of sa'i between Safaa and Marwah according to Allah: Siti Hajar and Ismail or my spirit and water, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31: 28)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"And among His signs is that you see the earth dry and arid, then when We send down water on it, it will surely move and thrive. Indeed, God Who gives life to it, surely can bring back the dead. Verily, He has power over all things. (Fusshilat: 41:39)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"It is He Who created the skys and the earth in six days: Then He resides on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"He is Allah, Who created all that is on earth for you and He willed the skys, then He made the seven skys. And He is All-Knowing of all things. (Al Baqarah: 2:29)

"Who has created the seven skys in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"Indeed, Safaa and Marwah are part of the symbols of Allah. So whoever performs Hajj to the Baitullah or performs Umrah, then there is no sin for him to do sa'i between the two. And whoever does a good deed with a willing heart, then indeed Allah is Most Appreciative of Good, All-Knowing (Al Baqarah: 2: 158)

"(But they did not want to eat), because of that Ibrahim was afraid of them. They said: "Do not be afraid", and they gave him good news with a pious son (Isaac). (Adz Dzaariyaat: 51: 28)

Ibrahim said: "Are you giving me glad tidings even though I am old, so in what way is this good news you proclaim?" (Al-Hijr: 15: 54)

"Then the answer of the people of Abraham, except to say: "Kill or burn him", ... (Al 'Ankabuut: 29: 24)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to open the veil of Allah's secret about what is the real reason for the commandment of Sa'i between Safaa and Marwah according to Allah: Siti Hajar and Ismail or my spirit and water, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes a hypothesis which is a strong reason to be ordered sa'i between Safaa and Marwah according to Allah is "... my spirit... (Shaad: 38: 72) which is on the hill of Safaa and the hill of Marwah and the water, seen from the angle of Deoxyribonucleic acid (DNA) view

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

SHAFAA HILL AND MARWAH HILL WAS BASED ON WHEN PROPHET IBRAHIM LEFT FROM UR GOING TO THE BORDER BETWEEN SYRIA AND TURKEY THEN GOING TO EGYPT

Now, we are still concentrating on uncovering the secret behind the verse: *"Then there is no answer for the people of Abraham, other than saying: "Kill or burn him",... (Al 'Ankabuut: 29: 24)*

The arson incident, about 3500 years ago, was when Prophet Ibrahim was about to be burned at a place called Ur which is located in the south of the Iraqi province of Dhi Qar, 17 km from the provincial capital of Nasiriyah. This is one of the places of the ancient Sumerian city.

After Prophet Ibrahim survived the burning, then Prophet Ibrahim with Terach, his father Prophet Ibrahim, went out of Ur.

Then Prophet Abraham and his wife Sarah went to Egypt, but Pharaoh took Sarah.

When disaster struck Egypt, Sara and Prophet Ibrahim were freed and were able to get out of Egypt and in Egypt Pharaoh gave Prophet Abraham the Egyptian woman

Then the family of Prophet Ibrahim came out of Egypt to Canaan, where in Canaan there were Canaanites and Palestinians. Here the Prophet Abraham was an immigrant from Ur who entered Canaan.

Well, when the prophet Abraham until the age of 85 years still did not have children, then Sara decided to marry Hajar to the prophet Ibrahim. Because Sara doesn't have children yet.

A year later, when Prophet Ibrahim was 86 years old, Ismail was born.

From Sara they did not have children, but 13 years later an angel came to Prophet Ibrahim *"...they gave him good news with (the birth of) a pious child (Isaac). (Adz Dzaariyaat: 51: 28)*

Now a year later, after Ismail was 14 years old, Ismail had a brother Isaac who was born to Sara when Prophet Ibrahim was 100 years old.

Hajar and Sarah who gave birth to the descendants of the Prophet Abraham, Ishmail and Isaac

Now what happened between Sara and Hajar.

It turned out that after Sara gave birth to Isaac and was followed by the birth of Jacob, Sara felt that the presence of Hajar in the family environment of Prophet Ibrahim was no longer needed because Prophet Ibrahim had received two male offspring from wives who had blood ties to Prophet Ibrahim from Jewish ancestors.

With a request from Sara to return Hajar to her family in Egypt, it turned out that Prophet Ibrahim accepted his wife's proposal and request. Hajar and Ishmael were returned to their families in Egypt.

SHAFAA HILL AND MARWAH HILL BASED ON MY SPIRIT AND WATER

Now, we reveal the secret contained behind the verse: *"Indeed, Safaa and Marwah are part of the symbols of Allah. So whoever performs the pilgrimage to the Baitullah or performs Umrah, then there is no sin for him to do sa'i between the two... (Al Baqarah: 2: 158)*

Here Allah has declared to humans that *"... Safaa and Marwah are part of the symbols of Allah ... (Al Baqarah: 2: 158)*

Now the question arises

What exactly is the secret hidden behind the hill *"... Safaa and Marwah are part of the symbols of Allah... (Al Baqarah: 2: 158)?*

The answer is

Hidden in the secret behind the verse: *"...you see the earth dry and arid, so when We send down water on it, surely it will move and fertile. Verily, the Lord Who gives life to it, surely can bring the dead to life... (Fushshilat: 41:39)*

Apparently, here Allah has explained to humans that because of the water that was sent down, the earth that was dry and arid became fertile.

Or in other words, because *"... my spirit... (Shaad: 38: 72)* the earth which was arid became fertile.

Why *"... my spirit... (Shaad: 38: 72)* makes the arid earth fertile?

The answer is

Because *"... my spirit... (Shaad : 38: 72)* is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

So, what actually forms the water that makes the arid earth fertile are hydrogen atoms and oxygen atoms.

Now, with the presence of hydrogen atoms and oxygen atoms that unite into water, Allah declared *"... Safaa and Marwah are part of Allah's syi'ar... (Al Baqarah: 2: 158)*

So, when people do sa'i or walk between the hills of Safaa and Marwah, then think that "...my spirit... (Shaad: 38:72) is on the hills of Safaa and Marwah. Without "... my spirit... (Shaad: 38: 72) which is on the hills of Shafaa and Marwah, then humans will not be able to live without hydrogen atoms and oxygen atoms.

THE STRONG REASON SA'I ORDERED BETWEEN SHAFAA AND MARWAH ACCORDING TO ALLAH IS BASED ON MY SPIRIT AND WATER

It turns out that now it has been revealed that "... whoever performs Hajj to the Baitullah or performs Umrah, then there is no sin for him to do sa'i between the two of them... (Al Baqarah: 2: 158) based on "... My spirit ... (Shaad: 38:72) which is on the hills of Safaa and Marwah. Where "... Safaa and Marwah are part of the symbols of Allah... (Al Baqarah: 2: 158)

Also revealed the secret behind the verse: "...you see the earth dry and arid, so when We send down water on it, surely it will move and fertile. Verily, it is Allah Who gives life to it, surely it can bring to life the dead... (Fushshilat: 41:39)

Apparently, here Allah has explained to humans that because of the water that was sent down, the earth that was dry and arid became fertile.

Because "... my spirit... (Shaad : 38: 72) is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms. So, what actually forms the water that makes the arid earth fertile are hydrogen atoms and oxygen atoms.

CONCLUSION

The conclusions that can be drawn from the explanation above are the secret behind the verse: "*Then there is no answer for the people of Abraham, other than saying: "Kill or burn him",... (Al Ankabuut: 29: 24)*

The arson incident, about 3500 years ago, was when Prophet Ibrahim was about to be burned at a place called Ur which is located in the south of the Iraqi province of Dhi Qar, 17 km from the provincial capital of Nasiriyah. This is one of the places of the ancient Sumerian city.

After Prophet Ibrahim survived the burning, then Prophet Ibrahim with Terach, his father Prophet Ibrahim, went out of Ur.

Then Prophet Abraham and his wife Sarah went to Egypt, but Pharaoh took Sarah.

When disaster struck Egypt, Sara and Prophet Ibrahim were freed and were able to get out of Egypt and in Egypt Pharaoh gave Prophet Abraham the Egyptian woman

Then the family of Prophet Ibrahim came out of Egypt to Canaan, where in Canaan there were Canaanites and Palestinians. Here the Prophet Abraham was an immigrant from Ur who entered Canaan.

Well, when the prophet Abraham until the age of 85 years still did not have children, then Sara decided to marry Hajar to the prophet Ibrahim. Because Sara doesn't have children yet.

A year later, when Prophet Ibrahim was 86 years old, Ismail was born.

From Sara they did not have children, but 13 years later an angel came to Prophet Ibrahim "...they gave him good news with (the birth of) a pious child (Isaac). (Adz Dzaariyaat: 51: 28)

Now a year later, after Ismail was 14 years old, Ismail had a brother Isaac who was born to Sara when Prophet Ibrahim was 100 years old.

Hajar and Sarah who gave birth to the descendants of the Prophet Abraham, Ishmail and Isaac

Now what happened between Sara and Hajar.

It turned out that after Sara gave birth to Isaac and was followed by the birth of Jacob, Sara felt that the presence of Hajar in the family environment of Prophet Ibrahim was no longer needed because Prophet Ibrahim had received two male offspring from wives who had blood ties to Prophet Ibrahim from Jewish ancestors.

With a request from Sara to return Hajar to her family in Egypt, it turned out that Prophet Ibrahim accepted his wife's proposal and request. Hajar and Ishmael were returned to their families in Egypt.

Now, we reveal the secret contained behind the verse: *"Indeed, Safaa and Marwah are part of the symbols of Allah. So whoever performs the pilgrimage to the Baitullah or performs Umrah, then there is no sin for him to do sa'i between the two..." (Al Baqarah: 2: 158)*

Here Allah has declared to humans that *"... Safaa and Marwah are part of the symbols of Allah ... (Al Baqarah: 2: 158)*

Now the question arises

What exactly is the secret hidden behind the hill *"... Safaa and Marwah are part of the symbols of Allah... (Al Baqarah: 2: 158)?*

The answer is

Hidden in the secret behind the verse: *"...you see the earth dry and arid, so when We send down water on it, surely it will move and fertile. Verily, the Lord Who gives life to it, surely can bring the dead to life..." (Fushshilat: 41:39)*

Apparently, here Allah has explained to humans that because of the water that was sent down, the earth that was dry and arid became fertile.

Or in other words, because *"... my spirit... (Shaad: 38: 72)* the earth which was arid became fertile.

Why *"... my spirit... (Shaad: 38: 72)* makes the arid earth fertile?

The answer is

Because *"... my spirit... (Shaad : 38: 72)* is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

So, what actually forms the water that makes the arid earth fertile are hydrogen atoms and oxygen atoms.

Now, with the presence of hydrogen atoms and oxygen atoms that unite into water, Allah declared *"... Safaa and Marwah are part of Allah's syi'ar... (Al Baqarah: 2: 158)*

So, when people do sa'i or walk between the hills of Safaa and Marwah, then think that *"...my spirit... (Shaad: 38:72)* is on the hills of Safaa and Marwah. Without *"... my spirit... (Shaad: 38: 72)*

which is on the hills of Shafaa and Marwah, then humans will not be able to live without hydrogen atoms and oxygen atoms.

It turns out that now it has been revealed that *"... whoever performs Hajj to the Baitullah or performs Umrah, then there is no sin for him to do sa'i between the two of them... (Al Baqarah: 2: 158)* based on *"... My spirit ... (Shaad: 38:72)* which is on the hills of Safaa and Marwah. Where *"... Safaa and Marwah are part of the symbols of Allah... (Al Baqarah: 2: 158)*

Also revealed the secret behind the verse: *"...you see the earth dry and arid, so when We send down water on it, surely it will move and fertile. Verily, it is Allah Who gives life to it, surely it can bring to life the dead... (Fushshilat: 41:39)*

Apparently, here Allah has explained to humans that because of the water that was sent down, the earth that was dry and arid became fertile.

Because *"... my spirit... (Shaad : 38: 72)* is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms. So, what actually forms the water that makes the arid earth fertile are hydrogen atoms and oxygen atoms.
