ABSTRACT

Before I write down the problem, what is behind humans who make sacrifices by bleeding, I first asks forgiveness from Allah SWT. Here I try to open the veil that conceals the secret about what is behind human sacrifices by bleeding, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about what is behind humans who make sacrifices by bleeding, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Read in the name of your Lord Who created (Al 'Alaq: 96: 1) "He has created man from a clot of blood. (Al 'Alaq: 96: 2) "The one who teaches by means of kalam (Al 'Alaq: 96: 4)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And if We had willed, We would have given every soul guidance, but the word has remained from Me: "Indeed, I will fill the Hell with jinns and humans together." (As Sajdah: 32:13)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"It is He Who shows you His signs and sends down for you sustenance from the sky. And there is no lesson except those who return (Al Mu'min: 40:13)

"It is Allah Who created the heavens and the earth and sent down rain from the sky, then He brought forth with it various fruits as sustenance for you; and He has subjected the ark to you so that the ark may sail on the seas by His will, and He has subjected to you rivers (Ibrahim: 14:32)

"He brings out the living from the dead and brings out the dead from the living and gives life to the earth after its death. And in this way you will be brought out (Ar Ruum: 30: 19)

"Was not he a drop of semen that was shed, (Al Qiyaamah: 75: 37)

"And Mary, who has kept her honor, then We breathed into her a spirit from Us and We made her and her child a great sign for the worlds. (Al Anbiyaa ': 21: 91)

"And We ransomed the child with a large slaughter (Ash Shaaffaat: 37:107)

" When his Lord said to him: "Submit obediently!" Ibrahim replied: "I submit to the Lord of the worlds". (Al Baqarah: 2:131)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about what is behind human sacrifices by bleeding, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that humans sacrifice by bleeding blood, because blood is the source of life for the entire body, blood contains hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, in blood there is Deoxyribonucleic acid (DNA) and blood is a building material "*... my spirit...(Shaad : 38: 72)*, from the perspective of Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

HUMANS MAKE SACRIFICES BY GIVING OUT BLOOD, BECAUSE BLOOD SOURCES OF LIFE, CONTAINS DNA, HYDROGEN ATOM, CARBON ATOM, NITROGEN ATOM AND OXYGEN ATOM, ALSO BLOOD AS THE BUILDING OF MY SPIRIT

Now, we are still concentrating on uncovering the secrets that lie behind the verses: "*He has created man from a clot of blood. (Al 'Alaq: 96: 2)*"... *We have created man from an essence from the ground. (Al Mu'minuun: 23:12)*"...*a drop of semen that is shed, (Al Qiyaamah: 75:37)*"...*I breathed into him my spirit...(Shaad: 38:72)*"...*I is near...(Al Baqarah: 2:186)* "...*We are closer to him than his jugular vein."* (Qaf: 50:16)

Apparently, from the first time, Allah has reminded humans about the creation of man himself from blood "*He has created man from a clot of blood. (Al 'Alaq: 96: 2)*

Why does Allah remind man of his own creation?

Because, blood is the source of life for humans for life. In the blood contains DNA, hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms, as a building "... my spirit... (Shaad: 38: 72)

Blood contains "...the essence of the soil (Al Mu'minuun: 23: 12) meaning, the essence of the soil is hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms.

Where "...the essence of the soil (Al Mu'minuun: 23: 12) is stored in "...a drop of semen...(Al Qiyaamah: 75: 37) or sperm.

HUMANS WHO MAKE SACRIFICES BY GIVING UP BLOOD ARE HUMANS WHO SACRIFICE THEIR WHOLE LIFE

When humans are ordered to sacrifice, it is in order to test human patience and obedience. It means that man is commanded to sacrifice his whole life and surrender himself absolutely to Allah "...his Lord said to him: "Submit obey!" Ibrahim replied: "I submit to the Lord of the worlds". (Al Baqarah: 2:131)

BLOOD IS REFERENCE TO THE ENTIRE SACRIFICE OF HUMAN'S PATIENCE AND OBEDIENCE

Well, when humans carry out qurban by sacrificing "...a slaughter...(Ash Shaaffaat: 37:107), then the blood that comes out of "...a slaughter...(Ash Shaaffaat: 37:107) is a symbol the sacrifice of all human life only for Allah "I submit obediently to the Lord of the worlds". (Al Baqarah: 2:131)

So, when humans perform qurban with "...a slaughter...(Ash Shaaffaat: 37:107) describe how the blood that comes out of "...a slaughter...(Ash Shaaffaat: 37:107) as a symbol patience, obedience and sacrifice of all human life to Allah.

CONCLUSION

Based on the description above, we can conclude that the secrets that lie behind the verses: "He has created man from a clot of blood. (Al 'Alaq: 96: 2)"... We have created man from an essence from the ground. (Al Mu'minuun: 23:12)"...a drop of semen that is shed, (Al Qiyaamah: 75:37)"...I breathed into him my spirit...(Shaad: 38:72)"...I is near...(Al Baqarah: 2:186) "...We are closer to him than his jugular vein." (Qaf: 50:16)

Apparently, from the first time, Allah has reminded humans about the creation of man himself from blood "He has created man from a clot of blood. (Al 'Alaq: 96: 2)

Why does Allah remind man of his own creation?

Because, blood is the source of life for humans for life. In the blood contains DNA, hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms, as a building "... my spirit... (Shaad: 38: 72)

Blood contains "...the essence of the soil (Al Mu'minuun: 23: 12) meaning, the essence of the soil is hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms.

Where "...the essence of the soil (Al Mu'minuun: 23: 12) is stored in "...a drop of semen...(Al Qiyaamah: 75: 37) or sperm.

When humans are ordered to sacrifice, it is in order to test human patience and obedience. It means that man is commanded to sacrifice his whole life and surrender himself absolutely to Allah "...his Lord said to him: "Submit obey!" Ibrahim replied: "I submit to the Lord of the worlds". (Al Baqarah: 2:131)

2:131)

Well, when humans carry out qurban by sacrificing "...a slaughter...(Ash Shaaffaat: 37:107), then the blood that comes out of "...a slaughter...(Ash Shaaffaat: 37:107) is a symbol the sacrifice of all human life only for Allah "*I submit obediently to the Lord of the worlds*". (Al Baqarah: 2:131)

So, when humans perform qurban with "...a slaughter...(Ash Shaaffaat: 37:107) describe how the blood that comes out of "...a slaughter...(Ash Shaaffaat: 37:107) as a symbol patience, obedience and sacrifice of all human life to Allah.
