ABSTRACT

Before the author writes the problem of what is the relationship between Allah's Subtle and Allah's spirit, the writer first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of what is the relationship between Allah's Subtle and Allah's spirit, based on Deoxyribonucleic acid (DNA)

There are several verses that reveal Allah's secret about the relationship between Allah's Subtle and Allah's spirit, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"And verily We have created man from an essence of clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And Mary, who has kept her honor, then We breathed into her a spirit from Us and We made her and her child a great sign for the worlds. (Al Anbiyaa ': 21: 91)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then indeed I am near. I grant the supplication of the one who prays when he asks

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years (Al Ma'aarij: 70:4)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Wise, All-Knowing. (Al Baqarah: 2:115)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"So he put a veil from them; then We sent Our spirit to him, and he appeared before him a perfect human being. (Maryam: 19:17)

"Does Allah Who created not know; and He is Subtle, All-Knowing? (Al-Mulk: 67:14)

"Do you not see that Allah sends down water from the sky and the earth becomes green? Verily, Allah is Subtle, All-Knowing. (Al Hajj: 22: 63)

"(Luqman said): "O my son, if there is the weight of a mustard seed, and it is in a rock or in the sky or in the earth, Allah will surely bring it. Verily, Allah is Subtle, All-Knowing. (Luqman: 31:16)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about what is the relationship between Allah's Subtle and Allah's spirit, the author uses deoxyribonucleic acid as the basis.

HYPOTHESIS

Here the author proposes a hypothesis of the relationship between Allah's Subtle and Allah's spirit , due to the presence of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1

phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

BECAUSE ALLAH'S SPIRIT IS IN THE SEVEN SKYS AND EVERYTHING IN THEIR CONTENTS INCLUDING HUMANS, ALLAH KNOWS ANYTHING IN THE SEVEN SKYS

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: "*... Allah's Subtle, All-Knowing (Al Hajj: 22: 63) "...I breathed into him my spirit...(Shaad: 38:72)*

Apparently, Allah has declared Allah's secret "*... Allah's Subtle (Al Hajj: 22: 63) "... I breathed into him my spirit... (Shaad: 38: 72)*

Well, because of Allah "*...blow...Allah's spirit...(Shaad: 38:72)* into the seven skys and all that is in them, including humans, where "*...Allah's spirit...(Shaad: 38:72)* built from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then Allah knows what is in the seven skys and all that is in them.

Or in other words, Allah's Subtle, knowing the slightest thing that is in the seven skys and everything in it, including humans, because there is "*...Allah's spirit...(Shaad: 38:72)* in the seven skys and all that is in them.

So, with the presence of "*...Allah's spirit...(Shaad: 38:72)* in the seven skys and all that is in them, then Allah's Subtle through "*...Allah's spirit...(Shaad: 38:72)* knows whatever is in the seven skys and all that is in them.

CONCLUSION

From what is described above, it can be concluded that the secrets contained behind the verses: "*... Allah's Subtle, All-Knowing (Al Hajj: 22: 63) "...I breathed into him my spirit...(Shaad: 38:72)*

Apparently, Allah has declared Allah's secret "*... Allah's Subtle (Al Hajj: 22: 63) "... I breathed into him my spirit... (Shaad: 38: 72)*

Well, because of Allah "*...blow...Allah's spirit...(Shaad: 38:72)* into the seven skys and all that is in them, including humans, where "*...Allah's spirit...(Shaad: 38:72)* built from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then Allah knows what is in the seven skys and all that is in them.

Or in other words, Allah's Subtle, knowing the slightest thing that is in the seven skys and everything in it, including humans, because there is "*...Allah's spirit...(Shaad: 38:72)* in the seven skys and all that is in them.

So, with the presence of "*...Allah's spirit...(Shaad: 38:72)* in the seven skys and all that is in them, then Allah's Subtle through "*...Allah's spirit...(Shaad: 38:72)* knows whatever is in the seven skys and all that is in them.
