ABSTRACT

First of all, by asking for forgiveness from Allah SWT, here I try to reveal the signs of the greatness of Allah SWT regarding the secret about, when the universe returns to energy, energy returns to Allah, what about Allah, himself, from the point of view of photons, quarks and the molecular structure of acids. nucleic acid or deoxyribonucleic acid (DNA)

Signs of the greatness of Allah SWT regarding, when the universe returns to energy, energy returns to Allah, what about Allah, himself, is found in several verses, namely:

"Allah, there is no god but He Who Lives eternally and continuously takes care of; neither sleeps nor sleeps. To Him belongs what is in the heavens and the earth. No one can intercede with Allah without His permission? Allah knows what is before them and behind them, and they know nothing of Allah's knowledge except what He wills. Allah's seat covers the heavens and the earth. And Allah does not find it difficult to maintain them, and Allah is Most High, Most Merciful. Great.(Al Baqarah: 2:255)

"He is Allah, Who created all that is on earth for you and He willed the heavens, then He made the seven heavens. And He is All-Knowing of all things. (Al Baqarah: 2:29)

"... Allah creates what He wills, indeed Allah has power over all things. (An Nuur: 24: 45)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"The angels and the spirit (Gabriel) ascend to God in a day whose level is fifty thousand years Al Ma'aarij (70:4)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"Indeed, the worst of animals in the sight of Allah are those who are deaf and deaf who do not understand anything. (Al Anfaal: 8: 22)

In an effort to unveil the greatness of Allah SWT regarding, when the universe returns to energy, energy returns to Allah, what about Allah, himself, I use the basis of photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

HYPOTHESIS

Here I propose a hypothesis, the universe returns to energy, energy returns to Allah, Allah created a new universe, seen from photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

THE UNIVERSE WILL END, BECOME ENERGY AGAIN, HOW ABOUT ALLAH

Now, we are still concentrating on trying to uncover the secrets that are stored in the verse: "*Allah, there is no God but He Who is eternally alive and continuously takes care of...* (Al Baqarah: 2:255)

It turns out that "*Allah... Life is eternal...* (Al Baqarah: 2:255)

So, now the question arises,

After the universe reaches the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years , the universe will return to energy, what about Allah "*...The Everlasting One...(Al Baqarah : 2: 255) ?*

The answer is

Hidden in the secret behind the verse: "*He is the One...the End...Knower of everything. (Al Hadiid: 57:3) "...continues to take care of...(Al Baqarah: 2:255)*

That is, Allah who "*...continues to take care of...(Al Baqarah: 2:255) "...who made all that exists...(Al Baqarah: 2:29) "...Allah created what He wills, verily Allah has power over all things (An Nuur: 24: 45)*

ALLAH WILL CREATE A NEW UNIVERSE WITH THE ENERGY THAT IS IN ALLAH

Now, if the universe will return to energy again, which is caused by the loss of nuclear power that holds the quarks in the atom, then "*... Allah creates what He wills... (An Nuur: 24: 45)* in the form of the new universe with all that is in it.

So, in fact, "...Allah has power over all things. (An Nuur: 24: 45) by creating a new universe, all of which is new.

Because the present universe with all its contents including humans and all living organisms on earth will be lost to energy again.

For Allah within 0.0000000000 0000000000 0000000000 0000000000 001 seconds,
This means that 1 second divided by the number 10000000000 0000000000 0000000000
0000000000 000 will give birth to a new type of quark, to give birth to a new atom, which in turn will become the universe with all its new contents.

Now, the secret hidden behind the verse has been revealed: "*Allah, there is no god but He Who Lives eternally and continuously takes care of...* (Al Baqarah: 2:255)

It means "...Allah has power over all things. (An Nuur: 24: 45) Allah will not be alone, "...creates what He wills...(An Nuur: 24: 45) "...continues to take care of... (Al Baqarah: 2: 255)

CONCLUSION

Based on the description above, we can conclude that the secrets that are stored in the verse: "*Allah, there is no God but He Who is eternally alive and continuously takes care of...* (Al Baqarah: 2:255)

It turns out that "*Allah... Life is eternal...* (Al Baqarah: 2:255)

So, now the question arises,

After the universe reaches the age of 10 000000000 0000000000 0000000000 0000000000 0000000000
0000000000 0000000000 0000000000 0000000000 0000000000 0000000000 years , the universe will return to energy, what about Allah "*...The Everlasting One...*(Al Baqarah : 2: 255) ?

The answer is

Hidden in the secret behind the verse: "*He is the One...the End...Knower of everything. (Al Hadiid: 57:3) "...continues to take care of...*(Al Baqarah: 2:255)

That is, Allah who "...continues to take care of...(Al Baqarah: 2:255)"...who made all that exists...(Al Baqarah: 2:29) "...Allah created what He wills, verily Allah has power over all things (An Nuur: 24: 45)

Now, if the universe will return to energy again, which is caused by the loss of nuclear power that holds the quarks in the atom, then "... Allah creates what He wills... (An Nuur: 24: 45) in the form of the new universe with all that is in it.

So, in fact, "...Allah has power over all things. (An Nuur: 24: 45) by creating a new universe, all of which is new.

Because the present universe with all its contents including humans and all living organisms on earth will be lost to energy again.

For Allah within 0.0000000000 0000000000 0000000000 0000000000 001 seconds,
This means that 1 second divided by the number 10000000000 0000000000 0000000000
0000000000 000 will give birth to a new type of quark, to give birth to a new atom, which in turn will become the universe with all its new contents.

Now, the secret hidden behind the verse has been revealed: *"Allah, there is no god but He Who Lives eternally and continuously takes care of... (Al Baqarah: 2:255)*

It means *"...Allah has power over all things. (An Nuur: 24: 45) Allah will not be alone, "...creates what He wills...(An Nuur: 24: 45) "...continues to take care of... (Al Baqarah: 2: 255)*
