ABSTRACT

Before I write down the problem of why Allah has allowed the Covid-19 virus, due to the actions of our own hands, I first ask forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of why Allah allowed the Covid-19 RNA virus, due to the actions of our own hands from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that are Allah's secret unlocking tools about why Allah allowed the virus rna covid-19, due to the actions of our own hands, namely the verses:

"And whatever calamity befalls you, it is due to the deeds of your own hands, and Allah forgives most of it." (Ash Shuura: 42:30)

"No misfortune befalls a person except with Allah's permission; and whoever believes in Allah He will surely guide his heart. And Allah is Knowing of all things. (At Taghaabun: 64:11)

"And when We felt a mercy for people, they would be happy with it. And when a calamity befalls them because of a mistake that has been done by their own hands, suddenly they despair. (Ar Ruum: 30:36)

"Those who when disaster strikes, they say: "Inna lillahi wa innaa ilaihi raaji'uun" (Al Baqarah: 2: 156)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"There is nothing hidden from Him as big as an zarrah that is in the heavens and in the earth, and nothing is smaller than that or greater, except that it is in a clear Book (Lauh Mahfuzh)", (Saba ': 34: 3)

"And there is not a creeping animal on the earth except that it is Allah who provides for it, and He knows the place of the beast's dwelling and its place of storage. Everything is written in a real Book. (Hud: 11:6)

In an effort to open the veil of Allah's secret about why Allah allowed the covid-19 virus, due to the actions of our own hands, I used the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that Allah allows the virus rna covid-19 because the virus rna covid-19 is the result of the work of our own hands seen from the basic point of Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

ALLAH KNOWS WHERE THE RNA VIRUS IS AND WHERE ITS STORAGE

Well, now we are still focusing our minds to dig deeper into the secret behind the verse: *"And there is not a creeping animal on the earth but Allah who provides sustenance, and He knows the place of the animal's dwelling and the place of its storage... (Hud: 11:6)*

It turns out that whatever living creatures and organisms are in the sky and on the earth *"... Allah is the one who provides for it, and He knows the place where the animal lives and the place where it is stored... (Hud: 11: 6)*

Now, Allah *"...knows the place of dwelling (RNA virus) and where it is stored...(Hud: 11:6)*

What is this RNA virus?

The answer is

Ribonucleic acid (RNA) is a macromolecule found in all living organisms. In living cells, such as blood cells, there is Deoxyribonucleic acid (DNA) which is a more stable, long-lived genetic material, while ribonucleic acid (RNA) is found in shorter-lived molecules.

Well, revealed now, RNA viruses are macromolecules found in all living organisms.

Now, the covid-19 RNA virus is also a macromolecule that is found in living organisms, such as in the body of bats and now in our bodies, humans.

So, actually, the Covid-19 RNA virus is a living creature or organism in the form of a macromolecule belonging to Allah, *"... Allah... knows the place of residence (Covid-19 RNA virus) and where it is stored... (Hud: 11: 6)*

WHY RNA VIRUS COVID-19 BECOME A PANDEMIN NOW

Well, we continue to unravel the secret behind the verse: *"...whatever misfortune befalls you, it is caused by the deeds of your own hands, and Allah forgives most of it (Asy Shuura: 42: 30)*

It turns out, the disaster of the virus rna covid-19 is a disaster caused *"...by the deeds of your own hands... (Asy Syuura: 42: 30)* , not caused by Allah.

Why is the Covid-19 rna virus caused *"...by the deeds of your own hands...(Asy Syuura: 42:30)?*

The answer is

Ribonucleic acid (RNA) is a macromolecule found in all living organisms.

Meanwhile, the COVID-19 RNA virus is also found in living organisms, for example in the body of bats and in the human body today, due to infection.

So, the Covid-19 RNA virus is a living creature or organism that needs and must live.

From a human perspective, the Covid-19 virus is the number one enemy of humans.

Meanwhile, if you look at it from the perspective of a virus, the color of covid-19 is for viruses to live.

Seen from Allah's point of view *"... whatever misfortune befalls you, it is caused by the deeds of your own hands... (Asy Shuura: 42: 30)*

So, it has fallen punishment from Allah, that the disaster of the virus rna covid-19 which has now become a pandemic disaster is *"...caused by the actions of your own hands...(Asy Syuura: 42:30)*

Well, Allah's punishment has been handed down, which is our fault humans.

The covid-19 rna virus is innocent.

The COVID-19 RNA virus lives in living organisms, for example, such as in bats.

Whoever eats bat meat whose lungs have the Covid-19 RNA virus, then the person who eats the bat meat has unwittingly spread the Covid-19 RNA virus.

So, what's wrong, we are human. Allah has sentenced.

But even though Allah has sentenced, Allah still *"...forgives most of the (Asy Syuura: 42:30)* actions committed by humans by spreading the virus rna covid-19.

DISASTER BECOMES GUIDANCE

Now, we are still continuing to unravel the secret behind the verse: *"No misfortune befalls a person except with Allah's permission... (At Taghaabun: 64:11)*

This means that here, Allah has known the calamity made by humans, and Allah gave permission, okay, you have made a disaster, but next time it must be a lesson, where the calamity becomes *"...a guide to his heart... (At Taghaabun: 64 : 11)*

So, the clues came, because of the calamity.

Or in other words, calamity becomes a guide *"...He will guide his heart. And Allah is Knowing of all things. (At Taghaabun: 64:11)*

CONCLUSION

Based on the description above, we can conclude that the secret behind the verse: *"And there is not a creeping animal on the earth but Allah who provides sustenance, and He knows the place of the animal's dwelling and the place of its storage... (Hud: 11:6)*

It turns out that whatever living creatures and organisms are in the sky and on the earth **"... Allah is the one who provides for it, and He knows the place where the animal lives and the place where it is stored... (Huumd: 11: 6)**

Now, Allah **"...knows the place of dwelling (RNA virus) and where it is stored...(Huumd: 11:6)**
