ABSTRACT

Previously, the author asked forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of why Allah assigned angels to take human lives, whereas with Allah's energy, Allah's particles and Allah's spirit, Allah can easily take human lives, based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).)

There are several verses in the Qur'an that write about why Allah has assigned angels to take human life, whereas with Allah's energy, Allah's particles and Allah's spirit, Allah can easily take human life, namely the verses:

"By the one who takes life loudly, (An Naazi'aat: 79: 1)

"and who takes life gently, (An Naazi'aat: 79: 2)

"... if We made the apostle an angel, We would certainly have made him a man... (Al An'aam: 6: 9)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"So when I have perfected the event and I have breathed into it My spirit; then you should fall down prostrating to it." (Shaad: 38:72)

"When I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourselves (Al Hijr: 15:29)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"... We made the apostle an angel... a man... (Al An'aam: 6: 9)

"Say: "The angel of death entrusted to you will kill you, then only to your Lord you will be returned." (As Sajdah: 32:11)

"What if the angels took their lives while beating their faces and their backs? (Muhammad: 47: 27)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight, and heart; you are very little grateful." (As Sajdah: 32: 9)

"Indeed, those who were killed by the angels in a state of persecuting themselves, the angels asked: "What state are you in?" They replied: "We are the oppressed in the land." The angels said: "Isn't Allah's earth? wide, so that you can emigrate in that earth?" For those people the place of Hell is Hell, and Hell is the worst place to return to, (An Nisaa ': 4: 97)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"So he put a veil from them; then We sent our spirit to him, and he appeared before him a perfect human being. (Maryam: 19:17)

"The messengers (angels) said: "O Lut, indeed we are the messengers of your Lord..." (Huud: 11:81)

Where in an effort to open the veil that covers the secret of why Allah assigned angels to take human lives, even though with Allah's energy, Allah's particles and Allah's spirit, Allah can easily take a human's life, the author bases it on deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of acid nucleic acid.

HYPOTHESIS

Here the author proposes the hypothesis that angels can take lives by using Allah's particles with the speed of light **5475103664604.84** km per second, based on Deoxyribonucleic acid (DNA).

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

WHY ALLAH ASSIGNED ANGELS TO TAKE HUMAN LIFE, WHILE ALLAH HAS HOLD HUMAN LIFE THAT HAS DETERMINED DEATH

Now, we are still concentrating on uncovering the secrets contained behind the verse: *"By the one who takes life loudly, (An Naazi'aat: 79: 1)" and who takes life gently (An Naazi'aat: 79: 2)"The angel of death entrusted to you will take your life...(As Sajdah: 32:11)"...the angels took their lives... (Muhammad: 47:27)"...He holds the soul that He has appointed his death...(Az Zumar : 39: 42)*

Apparently, Allah has given the task of angels to take human lives *"The angel of death entrusted to you will take your life... (As Sajdah: 32:11)*

Now the question arises

Why does Allah assign angels to take human lives, even though *"... Allah holds back the soul that Allah has decreed for death... (Az Zumar: 39: 42) ?*

The answer is,

Hidden in the secret behind the verse: *"Angels and spirits ascend to God in a day whose levels are fifty thousand years (Al Ma'aarij: 70:4)*

Well, apparently angels have the ability through frequency waves to send information at the speed of light to Allah. Where the information conveyed to Allah uses Allah's particles, which have the speed of light **5475103664604.84** km per second

Because angels have the ability to use Allah's particles with the speed of light **5475103664604.84** km per second, then Allah assigned angels to take the lives of humans whose death has been determined.

Now, with the particle of Allah, the angel *"...takes life loudly, (An Naazi'aat: 79: 1)" and...takes life gently (An Naazi'aat: 79: 2)*

When angels are about to take human lives, *"...Our spirit...(Maryam: 19:17)* or *"...angel's spirit...(Maryam: 19:17)* doesn't need to *"...incarnate... become a perfect human being (Maryam: 19:17)*

Why is *"...angel's spirit...(Maryam: 19:17)* not necessary *"...incarnate...become a perfect human (Maryam: 19:17)* when it comes to taking human life?

The answer is

Hidden in the secret behind the verse: *"... I breathed into him my spirit... (Shaad: 38: 72)*

Now, because in the human body there is already *"...my spirit...(Shaad: 38:72)* or *"...Allah's spirit...(Shaad: 38:72)*, then *"...angel's spirit. ..(Maryam : 19:17)* make contact with *"...my spirit...(Shaad: 38:72)* or *"...Allah's spirit...(Shaad: 38:72)*. After the angels get information from *"...my spirit...(Shaad: 38:72)* or *"...Allah's spirit...(Shaad: 38:72)* which is in the body of the person who wants to take his life away, then angels send frequency waves at the speed of light **5475103664604.84** km per second to control the respiratory tract of the person who wants to take his life. By stopping oxygen atoms from entering the person's lungs, then in a few seconds, the person can no longer breathe and becomes paralyzed and eventually dies.

So, *"...angel's spirit. ..(Maryam : 19:17)* takes human life from a distance by using frequency waves with the speed of light **5475103664604.84** km per second.

Well, now it has been revealed, the secret hidden behind the verse: *"By the one who takes life loudly, (An Naazi'aat: 79: 1)" and who takes life gently (An Naazi'aat: 79: 2)*

It means, *"...angel's spirit. ..(Maryam : 19:17)* with his knowledge of Allah's particles which has the speed of light of **5475103664604.84** km per second can take human life, either in a gentle way or in a hard way.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: *"By the one who takes life loudly, (An Naazi'aat: 79: 1)" and who takes life gently (An Naazi'aat: 79: 2)"The angel of death entrusted to you will take your life...(As Sajdah: 32:11)"...the angels took their lives...(Muhammad: 47:27)"...He holds the soul that He has appointed his death...(Az Zumar : 39: 42)*
