## **ABSTRACT**

First, by asking Allah's forgiveness, here the author tries to reveal the signs of Allah's greatness regarding why Allah declared that government, politics, social, security and economy are important in one country, based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

Signs of the greatness of Allah SWT regarding why Allah declared that government, politics, social, security and economy are important in one country, as written in the verses:

*"Moses said to Khidhr: "May I follow you so that you teach me the true knowledge of the sciences that have been taught to you?" (Al Kahf: 18: 66)*

*"...when both of them boarded the boat then Khidhr punched it in the hole. Musa said: "Why did you perforate the boat as a result you drowned the passengers?... (Al Kahf: 18:71)*

*"...when the two of them came to the inhabitants of a land, they asked to be entertained by the inhabitants of that land, but the inhabitants of the land did not want to entertain them, then both of them found in that country a wall of a house that was about to collapse, so Khidhr erected the wall. Musa said: "If you wanted, you would certainly take a reward for it." (Al Kahf: 18: 77)*

*"As for the ark, it belongs to poor people who work at sea, and I intend to destroy the ark, because before them there is a king who robs every ark. (Al Kahf: 18: 79)*

*"When they met a child, Khidhr killed him. Musa said: "Why do you kill a pure soul, not because he kills other people?... (Al Kahf: 18: 74)*

*"And as for the young child, both of them are believers, and we fear that he will push his parents into misguidance and disbelief. (Al Kahf: 18: 80)*

*"As for the walls of the house belonged to two orphans in that city, and under it was a treasure for them both, while their father was a pious man, so your Lord wills that they should come to maturity and bring out their treasure, as a mercy from your Lord. ; and it was not that I did it of my own accord. Thus it is the aim of deeds which you cannot bear with." (Al Kahf: 18:81)*

In an effort to open the veil of the greatness of Allah SWT regarding the secret of why Allah declared that government, politics, social, security and economy are important in one country, the author uses the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

## **HYPOTHESIS**

Here the author proposes the hypothesis of Allah declaring that government, political, social, security and economic are important in a country, based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

## **DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that

form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

### **ALLAH DECLARES GOVERNMENT, POLITICAL, SOCIAL, SECURITY AND ECONOMIC IS IMPORTANT IN ONE COUNTRY, AS THE PROPHET MUHAMMAD SAW HAS DONE IN MADINA**

Now, we are still concentrating on uncovering the secret behind the verses: *"... both of them boarded a boat and then Khidhr punched it in the hole... (Al Kahf: 18: 71)"... both of them met a child, so Khidhr killed him ... (Al Kahf: 18: 74) "... both of them found in that country a wall of a house that was about to collapse, so Khidhr erected the wall ... (Al Kahf: 18: 77)*

Well, what exactly, behind the secret of Allah declared: *"...Khidhr punched it in the hole in the boat... (Al Kahf: 18:71)"...Khidhr killed a child...(Al Kahf: 18:74)".. .Khidhr erects the walls of the house ... (Al Kahf: 18: 77)*

Apparently, the secret behind Allah's declaration of *"...punched it in the hole in the boat(Al Kahf: 18:71)"...killing a child...(Al Kahf: 18:74)"...raising the wall house...(Al Kahf : 18: 77)* are government, political, social, security and economic secrets.

Now the question arises

Why did Allah declare the government, political, social, security and economic through what the Prophet Khidhr had done?

The answer is hidden in the secret behind the verse: *"...Thus is the purpose of deeds which you cannot be patient with." (Al Kahf: 18:81)*

Well, what it means here is that establishing a state which includes government, politics, social, security and economy is not an easy act but an act that requires knowledge, patience, cooperation and support from all parties.

So, in fact, what Allah declared by *"...the hole in the boat (Al Kahf: 18:71)* is as a symbol in a country whose leaders do not care about the needs and desires of the people. Finally, the people took an action of resistance, aimed at showing a sense of dissatisfaction with the government, which did not care about the wishes and needs of the people. The people are only seen as tools and objects or goods to satisfy the political desires of those in power.

Also what Allah declared about *"...killing a child...(Al Kahf: 18: 74)* is a picture of how the social and security conditions in a country. How is the state of social life of the people, from the social life of children, youth and adults, how is the state of security in people's lives. Is crime already rampant in society, so that young people are not channeled through work, but are allowed to live in an environment full of evil deeds that violate the law, both from the point of view of religion or from the standpoint of regulations that apply in one country.

Likewise with Allah's declaration *"...raising the wall house...(Al Kahf: 18: 77)* is a picture where economic guarantees and the welfare of people's lives need to be considered and carried out, so that people's lives are guaranteed, both while still young and after reach old age.

So, actually, what was declared by Allah which refers to the government, politics, social, security and economy, turned out to have been implemented by the Prophet Muhammad saw after the Prophet Muhammad saw migrated to Medina. In Medina the Prophet Muhammad saw had built the first Islamic state in the world, with the Medina Law as the basis of the state constitution.

Where the Prophet Muhammad saw built the first Islamic state with the Medina Law in the world most people do not know.

When in fact, the Prophet Muhammad saw to build the first Islamic state in the world with the Medina Law is by the declaration of Allah *"...the hole in the boat (Al Kahf: 18:71)"...killed a child... (Al Kahf: 18: 74)"... erecting the walls of the house... (Al Kahf : 18: 77)* Or in other words, the Prophet Muhammad saw built the government, politics, social, security and economy with the constitution of the Medina Law.

## CONCLUSION

Based on the description above, we can conclude that the secret behind the verses: *"... both of them boarded a boat and then Khidhr punched it in the hole... (Al Kahf: 18: 71)"... both of them met a child, so Khidhr killed him ... (Al Kahf: 18: 74) "... both of them found in that country a wall of a house that was about to collapse, so Khidhr erected the wall ... (Al Kahf: 18: 77)*
